SLUMP IN TRACTION.

Chicago Speculators Lose Millions.

Decision of Supreme Court a Hard Blow and Railway Stock Goes Down.

Morgan-Hollins Syndicate and Other Financiers Affected Greatly.

Charles G. Gates and the Brokers Following Him Terrific Losers.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, March 13.—Prices of the Chicago Traction stocks suffered severely today on both the New York and Chicago stock exchanges. In New York the price of Union Traction common broke almost in half, dropping from 11 7-8 to 7 5-8. The preferred stock, which closed last night at 46, declined to 30. West Chicago showed a decline of 15 points from a close of 55 last night, and North Chicago was down 23 points. There were no sales of the stock of the Chicago City Railway yesterday, and the last quotation prior to the opening of the stock exchanges today was 193 1-2. It changed ownership at 179.

It is estimated by local financiers that the decision of the Supreme Court has wiped out franchises belonging to the United Traction Company, valued as anywhere from $30,000,000 to $35,000,000.

CHICAGO, March 13.—[Exclusive Dispatch.] Millions of dollars were lost today in the terrific slump in Traction stock which followed the announcement of the United States Supreme Court's decision, wiping out the 99-year claim of the Chicago street car corporations.

The heaviest loss was borne by the Morgan-Hollins syndicate, which recently took over the stock of the Chicago City Railway Company, numbering 190,000 shares. Many Chicago financiers, members of the syndicate, were affected.

In the crash in Chicago City Railway stock alone today, at the opening of the market, $2,945,000 was lost by the drop of 15 1-2 points, marking the wiping-out of actual values to that amount which the stockholders must bear.

GATES A HEAVY LOSER.

In addition to this grave reverse, Charles G. Gates and other brokers who follow him lost more millions because of their misguided plunge on Chicago Union Traction Company stock on reports from a Representative watching the case in Washington, who only waited to hear the preamble of the decision to wire that the Supreme Court had upheld the 99-year franchise claims instead of destroying them.

As soon as the telegram was received in Chicago and New York offices, a rush was made to buy Union Traction for a killing, and thousands of shares had been acquired by the Gates crowd before other buyers discovered what was going on.

The buying continued until just before the session closed, when it was suddenly discovered that the tip was wrong.

YERKES FORTUNE SUFFERS.

In the crash today the fortune of Charles T. Yerkes suffered heavily. The Consolidated Traction bonds held by the Yerkes estate as the purchase price for the Suburban Traction System were guaranteed by the Union Traction Company. Underlying these is another issue, guaranteed by the North and West Chicago companies. From an authoritative source it is learned that not a sufficient amount of tangible property and unexpired franchise remain to come anywhere near the bonded obligations of these two underlying corporations.

MARSHALL FIELD ESTATE.

Ninety-five per cent. of the City Railway Company shares are held by the Hollins syndicate. The estate of Marshall Field is said to be more largely represented in this syndicate than any other Chicago interest.

MILLIONS IN M'ADOO TUNNELS.

NEW YORK, March 13.—The Herald today says that Wall street learned yesterday that the bankers financing the two Hudson-river tunnels commonly known as the McAdoo tunnels, have crystallized their plans into a scheme calling for the issue of $150,000,000 of securities.

ANDY'S SPELLING REFORM.

British Writers Do Not Take Kindly to the Carnegie Idea of Remodeling English.

[BY DIRECT WIRE TO THE TIMES.]

LONDON, March 13.—[Exclusive Dispatch.] The Standard this morning prints interviews with English authors on the subject of Carnegie's subsidizing of the spelling reform movement in America. Algernon Charles Swinburne says: "It is a monstrous, barbarous absurdity."

H. Rider Haggard says: "The language written by the translators of the Bible and Shakespeare is quite good enough."

George Bernard Shaw declares: "It took the combined efforts of Peter the Great, Julius Caesar and Pope Gregory to revise the calendar. How can Mr. Carnegie, with all his millions, and even possibly the assistance of Sir Henry Campbell-Bannerman, hope to revise the English language. Our ideas of grammar are good; our spelling is damnable."

Robert Carr says: "Any attempt to alter the spelling system is rot."

According to Sir Arthur Conan Doyle, "an improved version might become universal, but it would cease to be the English language."

STATE SENATE PAYS RESPECTS.

RESOLUTIONS ON DEATH OF MISS ANTHONY ADOPTED.

Arrangements Completed for the Funeral Tomorrow—Rev. Dr. Anna Shaw and Carrie Chapman Catt to Deliver Eulogies—Young Women from the University of Rochester for Pallbearers.

[BY DIRECT WIRE TO THE TIMES.]

ROCHESTER (N. Y.) March 13.—[Exclusive Dispatch.] A Unitarian clergyman will officiate at the funeral services of Susan B. Anthony. He is Rev. Dr. William C. Gannett of this city, son of one of the most distinguished clergymen that his denomination has produced. He was Miss Anthony's pastor. He will be assisted by Rev. Dr. C. F. Alberton, a Methodist Episcopal clergyman, who recently accepted a pastorate in the Central Presbyterian Church, in which the services will be held at 2 o'clock Thursday afternoon.

Rev. Dr. Anna Shaw and Carrie Chapman Catt, lifelong friends of Miss Anthony, and perhaps William Lloyd Garrison of Boston, will pronounce eulogies. Prior to the services, the body will lie in state in the church. Young women from the University of Rochester will act as pallbearers.

Miss Anthony fought long and hard to have that institution made co-educational, even against the wishes of its president, Dr. Rush Rhees.

Miss Anthony's home was a Mecca for sorrowing visitors all day. They left cards or messages of condolence with Mary Anthony, her sister and constant companion, who is prostrated with grief.

It is said a death mask has been made of Miss Anthony's features.

The Senate at Albany notified the Anthony family today of the adoption of a resolution of condolence and respect.

DISPUTE FOR THE VATICAN.

ARCHBISHOP IRELAND ACCUSED OF TOO MUCH MEDDLING.

Father Harrison and a Prominent Catholic Layman of St. Paul the Complainants—Plans for a Proposed Cathedral Changed Too Often to Suit Them.

[BY DIRECT WIRE TO THE TIMES.]

ST. PAUL, March 13.—[Exclusive Dispatch.] Almost simultaneously with the departure for Rome of Archbishop John Ireland of this city, the announcement is made that a controversy involving him on one side and Father J. T. Harrison and Daniel W. Lawler, a prominent Catholic layman of St. Paul, on the other hand, has been referred to the Vatican for decision, and promises to result in sensational revelations.

According to the friends of Father Harrison, he was placed in an unbearable position by Archbishop Ireland, who, through frequent and arbitrary change of plans for the erection of a cathedral, embarrassed Father Harrison, who was raising the money.

Father Harrison is said to be staying at San Francisco at the expense of his friends.

OIL TRUST SHUTS OFF.

KANSAS CITY (Mo.) March 13.—The Standard Oil Company, through Alfred D. Eddy of Chicago, its general western attorney, has in effect notified Herbert S. Hadley, Attorney-General of Missouri, who was in Kansas City, today, that it will give him no more information in his suit to oust the Standard and its allied companies from the State of Missouri than it is compelled to. The Interstate Commerce Commission investigation of charges brought against the Kansas railroads by independent oil producers of the State was continued today.

NEW PRESIDENT OF TUFTS.

BOSTON, March 13.—The Trustees of Tufts College today elected Rev. Dr. Fred W. Hamilton president of the college to succeed the late Rev. Dr. Elmer H. Capen. The new president is pastor of the First Universalist Church of Roxbury.

PILING UP SUPPLIES.

Steel Trust Orders Coal Stored.

Every Pittsburgh Manufacturer Putting Away Three Months' Stock.

Philadelphia Best Prepared of Eastern Cities, Millions of Tons on Hand.

Leader Taylor of the Illinois Operators and Winder of Ohio Standing Pat.

[BY DIRECT WIRE TO THE TIMES.]

INDIANAPOLIS, March 13.—At the special national convention of the United Mine Workers of America, called by President John Mitchell in response to the request of President Roosevelt, to make efforts to avert a strike of all coal miners in the United States, the business of the first session, which will open Thursday morning in this city, will be a discussion of the plans for a joint conference with the bituminous operators in Indianapolis next week. Most of the officials are here and the remainder will arrive tomorrow.

While all of the locals in the union will be represented in the convention, the numerical strength in the gathering will not equal that in January, as many of the smaller locals are sending their proxies by representatives of other locals, instead of by special delegates.

There is a glimmer of satisfaction on the faces of the members of the miners' National Executive Board, which indicates that they believe there is yet hope for a settlement with their employers, and that at least that part of their demand which relates to a substantial increase in wages will be granted.

PITTSBURGH (Pa.) March 13.—[Exclusive Dispatch.] President Corey of the steel corporation has issued orders to the heads of all underlying companies to rush the storing of coal. As a result, the Pittsburgh Coal Company is not able to supply the requirements demanded by the contract it has with the steel corporation and several independent producers received orders from the corporation to rush shipments. This unexpected step has led to the conviction that Corey realizes the gravity of the situation and the inability to stem the tide.

All coal in the Pittsburgh district is being sold today at an advance of 25 cents a ton. Every manufacturer has begun to store fuel for three months' requirements.

TAYLOR WON'T YIELD.

H. M. Taylor, leader of the Illinois operators, who was generally believed to favor the proposed 55 per cent. advance, sent word to the local operators today that under no circumstances would he or his district grant an advance, as the operators of Illinois are a unit against the wage increase.

BITUMINOUS EMPHASIS.

J. H. Winder, chairman of the Ohio bituminous operators, also emphatically declared against any wage advance today. Winder is president of the Sunday Creek Coal Company, which is controlled by the Pennsylvania, the Baltimore and Ohio, the Lake Shore and Michigan, the Southern, the Erie, the Norfolk and Western, the Chesapeake and Ohio and J. P. Morgan & Co. and Thomas F. Ryan of New York. With these interests behind him, the declaration is highly significant.

ROBBINS'S PREDICTION.

Despite this stand of the independents, Chairman Robbins of the Pittsburgh Coal Company declares there will be no strike in the bituminous field. Said he: "I know positively that the differences between the miners and operators will be settled at Indianapolis. I cannot say whether the miners will be given the advance they ask, but they will be given an advance, and both sides will leave the conference satisfied."

MINERS' DELEGATION SPLIT.

The miners' delegates from the Pittsburgh district to Indianapolis leave this city tonight. It is a split delegation. Dolan and his adherents go over the Pennsylvania, while Mitchell's supporters go over the Wabash with a special committee from the national board.

With more than eight million tons of anthrocite banked mountain high in the big coal depots about the city, Philadelphia, of all Eastern cities, is best prepared for a coal strike. Local coal men say the supply will keep the Quaker City warm for a year. Today, more than five thousand four hundred orders were received by one big coal firm from small dealers for surplus or emergency supplies. Even the big office buildings have filled every available bin or inch of cellar space with reserve supply.

ORGANIZING MINERS.

At Altoona the United Mine Workers are preparing to strike a decisive blow by perfecting an organization of 10,000 miners employed by the Berwind-White Coal Company there. Fifteen union organizers are at work, and a strong branch already has been formed. Mine officials are working assiduously to frustrate the efforts. Spies are dogging the organizers, who are holding secret meetings nightly in the effort to unionize the entire district. Miners associated with the organizers are being discharged.

B. & O. EFFORTS.

In preparation for the miners' strike the Baltimore and Ohio Railroad Company began storing vast quantities of coal at Keyser, W. Va., and in its yards at Cumberland, Md.

GLOOMY OUTLOOK AHEAD.

MINERS WOFULLY UNPREPARED.

[BY DIRECT WIRE TO THE TIMES.]

INDIANAPOLIS, March 13.—[Exclusive Dispatch.] Though the leaders among the United Mine Workers of America affect to take a hopeful view of the situation in the anthracite and bituminous-coal fields and refuse to concede that a strike is inevitable, there is no question that they are taking gloomy look into the future, and that they feel with the crisis so near they are woefully unprepared to meet its attendant complications.

In the inner councils of the organization the feeling is apparent that a mistake was made when the convention adjourned in February and the executive board did not levy the assessment of $1 per week for a strike fund. With approximately three hundred thousand members in the "locals," such a levy would have brought into the national treasury $300,000 a week, or $1,800,000 in the six weeks intervening between the adjournment and March 31, when all contracts with the operators expire.

This sum, added to the money on hand, would have made a fund of something like $2,500,000. There is more than $2,000,000 in the treasury of the several district organizations and the locals, and with this sum at their command, the leaders believe they could have put up a fight that would have been worth while.

INDIANA OPERATORS OPPOSED TO ADVANCE.

[BY DIRECT WIRE TO THE TIMES.]

TERRE HAUTE (Ind.) March 13.—[Exclusive Dispatch.] When the Indiana operators send delegates to the Indianapolis conference, these delegates will oppose an advance in the price for mining.

The operators say Vice-President Lewis's statement was that an agreement had virtually been reached and that there would be no suspension of mining April 1. The operators say the Lewis statement was sent out to prevent consumers laying in supplies of coal, so that in the event of a strike the pressure for settlement would be strong.

Operators in Illinois, Ohio, Indiana, and the independents in Frank Robbins's own district will not be surprised to see Robbins standing with them at Indianapolis.

DEPEW'S REST CURE.

The Senator Will Be Unable to Resume His Duties for an Indefinite Period.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, March 13.—[Exclusive Dispatch.] In such a condition that his seclusion was decided upon by his physicians, Senator Chauncey M. Depew will be unable to resume his duties for an indefinite period. It is more than probable that the "rest cure" he now is taking will last well into the spring, after which he will go abroad, where his wife now is, without reappearing in the Senate or at his local business offices.

Senator Depew is at the home of a close New York friend, about a hundred miles from New York, where he is permitted to see only his older and most intimate friends.

Friends of the Senator who have seen him within the last few days say that he has wasted away in a startling manner, and seem to fear that his condition is not being treated with sufficient gravity.

HONORS FOR ANGELENO.

CAMBRIDGE (Mass.) March 13.—[Exclusive Dispatch.] Preliminary commencement part assignments were announced by the Harvard faculty today. The list includes H. L. Healy, of Los Angeles, a member of the senior class. Healy is awarded a part for brilliant academic work, having attained an honor grade in nine or more out of seventeen courses required for the bachelor of arts degree.

"WIVES" OF SMOOT.

NEW YORK, March 13.—[Exclusive Dispatch.] Rev. N. E. Clemenson of Logan, Utah, who is here, says that Rose Hamilton and Lottie Greenwood of Utah are the wives of Senator Smoot. He says Rev. L. J. Leblich, superintendent of Methodist missions in Utah, swore that Smoot had more than one wife, and that he would give names and dates if called on for them.

PAVING THEIR WAY.

EL PASO (Tex.) March 13.—[Exclusive Dispatch.] To inspect the paving in several cities of Mexico which are renowned for streets, members of the El Paso City Council will make a trip to Aguas Calientes, Guadalajara and the City of Mexico. Bids for paving are being secured, and the city authorities wish to determine the most satisfactory material.

PAN-AMERICAN CONFEREES.

Uncle Sam's Delegates Will Go to Brazil Prepared to Be Active, Despite Coalition.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, March 13.—[Exclusive Dispatch.] Regardless of any action or any coalition which other republics on this hemisphere may form against the United States, the delegates appointed by the President will proceed to Rio de Janeiro prepared to take an active part in the Pan-American conferences to be held next July.

It was authoritatively said that any such coalition would have no practical effect because the findings of the conference would not be binding on any of the participants, except, perhaps, in a moral manner.

The fact that there is a discussion among some of the Southern republics tending to opposition to the United States' ideas is known to the government, and the fact was acknowledged today.

LOBBYING BY POLICY HOLDERS.

MORTON LEAVES EQUITABLE'S NEEDS IN THEIR HANDS.

Says the Society Will Not Tolerate a Return to Old-time "Third House" Methods by Its Officers and Agents. Public Sentiment Must Effect the Reforms Desired.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, March 12.—[Exclusive Dispatch.] Paul Morton, as president of the Equitable Life, today began serving notice upon the society's $0,000 policy holders in New York State, that it is "up to" them to do whatever lobbying is needed in Albany to defeat the objectionable features of the Armstrong bills.

Morton has prepared a circular letter to policy holders which will probably be made public tomorrow. A large force of clerks is already busy copying and mailing it throughout the State. With each communication, he encloses a copy of the paper read by him at the recent public hearing in Albany, which, he says, defines the Equitable's attitude towards the various contemplated reforms.

Morton then emphasizes the statement that the Equitable's present management tolerates no lobbying to effect its purposes in the matter of legislation, and that it never can countenance a return to old-time methods of the "third house." In his letter, Morton calls upon the policy holders to rally in their own interest, and bring to bear upon their legislative representatives such personal pressure as they may think warranted by the facts.

The policy of the society henceforth, he has said, will be to eschew the employment of legislative agents, but it will seek to inform its policy holders fully of such dangers as may menace them, and will then depend upon the force of public sentiment to do the rest.

TAFT AND THE BENCH.

Secretary Consults His Brother Before Deciding in Regard to Acceptance of Appointment.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, March 13.—[Exclusive Dispatch.] Whether Secretary Taft will accept the Supreme Judgeship offered to him by the President will not be known until tomorrow afternoon. He has held a conference with his brother in New York. He fears if he accepts the offer, the public will think he was promoted because he was not a success in the Cabinet.

MADE ASHES OF FREIGHT.

American and Westcott Express Companies Burned Out in New York.

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, March 13.—Fire, which originated tonight in the basement of the five-story brick building at Nos. 15 to 19 East Fourth street, running for six numbers on Lafayette street, completely destroyed that building and spread to the adjoining five-story building, Nos. 11 to 13 East Fourth street. Six firms occupied the first building and five the latter. The main floor of the former was tenanted by the American and Westcott express companies.

The amount of freight stored there by the express companies was large, as this was one of their main shipping points in the city. The other firms occupying the building were C. H. Tenny, hat manufacturer; Fox, Lederer & Company, and Schwartz, Dobirner, Cohen & Company.

It is believed the loss will reach $300,000. The damage done in the second building amounted to $50,000.

SPECIAL DELIVERY

Mrs. Lindsay Had Eyes Opened.

Wife of an Earl's Son Tells in Divorce Court Story of Shame.

British Ex-Army Officer a Truant by His Own Confession to Her.

Divorcee a Member of a Socially-Prominent Family of Boston, Mass.

[BY DIRECT WIRE TO THE TIMES.]

BOSTON (Mass.) March 13.—[Exclusive Dispatch.] Probably never before in any court was the story of an international romance and marriage in high social life which came to an ignominious end told so concisely as it was related by Mrs. Ethel Tucker Lindsay before Judge Richardson today.

This beautiful and socially prominent Boston woman described the short-lived happiness of the girl who fell in love with a titled Englishman and whose hopes of happiness ended in the divorce court in testimony pitifully brief. The young wife on the witness stand said:

"I was married to Archibald J. Lindsay at Boston on January 21, 1900. We lived together in Boston, and had one child, a boy, who was born April 27, 1901. A year and a half ago, I had reason to suspect that my husband was not true to me. A special delivery letter addressed to him by a woman fell into my hands. The woman was making an appointment with him. I took steps to ascertain what the nature of the appointment was. Then I found him out.

"I had a conversation with him about it, and the result of the conversation was that I promised to live with him from that time, and have lived with him since."

SON OF AN EARL.

Judge Richardson promptly granted Mrs. Lindsay a divorce and the custody of her son. Mrs. Lindsay is the daughter of the senior member of the banking firm of Tucker, Anthony & Company, of this city. The young man who captured her heart and hand was Hon. Archibald Lionel Lindsay, second son of the Earl of Lindsay.

While traveling in Egypt, six years ago, Miss Tucker met dashing young Archibald Lindsay, who had the entrée to the best circles of English aristocracy and who was recuperating in Egypt after service in the Transvaal, where he had contracted fever. The time and place were favorable to a romance which quickly sprang up, and after a short acquaintance the two became engaged.

CAME TO AMERICA.

After his recovery from the fever, Lindsay made a visit to America, resigning his position in the army to do so, and on both sides of the Atlantic the marriage was considered ideal, for the young woman had all the eligibility that counts for so much in the eyes of titled foreigners and the young man's family connections were of the kind to arouse the envy of all rich American debutantes, as well as their ambitious parents.

They were married in Emanuel Church, in January, 1900, with much splendor. The ceremony was attended by prominent members of the "Four Hundred" from New York and Philadelphia.

PTOMAINES POISON BOYS.

Harry Vandalsem of San Jose Dies and Companion Is Ill from Eating Clam Chowder.

[BY THE ASSOCIATED PRESS—P.M.]

SAN JOSE, March 13.—Harry Vandalsem, aged 17, died this morning after an agonizing illness of three days due to ptomaine poisoning. The boy's mother is in a critical mental condition because of the shock. Cleg Fraser, chum of Harry, is recovering gradually from an attack of the same illness that proved fatal to his friend. The boys ate heartily of clam chowder Friday night in a local restaurant, and they ascribed their condition to this. The Coroner has started an investigation.

STARTLING BRIBERY CASE.

NEW YORK, March 13.—[Exclusive Dispatch.] Developments in the "jury-fixing" and witness-bribing investigations directed against officials and the legal staff of the Metropolitan Street Railway Company materialized with startling suddenness yesterday. The results of the day were the arrest of Ambrose B. McCabe, a lawyer for the Metropolitan, by City Judge Seabury, in connection with an accusation of jury bribing; the remanding of L. F. Julian, in the Tombs court, upon a charge of making libellous statements against the railway company to a newspaper; a complete change of front upon the part of the District Attorney, who assigned an assistant to help prosecute McCabe, and, lastly, an announcement of James L. Quackenbush, general counsel for the Metropolitan, that accused members of his staff must fight their own battles, and, if worsted, expect discharge and prosecution by the company.

ISSUES OF MOMENT QUICKEN THE BODIES.

Sacramento Valley Takes Water Very Much to Heart—Promoters of Irrigation Find Vigorous Opposition. Grand Army Offended.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, March 13.—[Exclusive Dispatch.] Representative Gillette has wired to commercial bodies and other interests in the Sacramento Valley which are making a vigorous protest against the diversion of Sacramento River in Glenn county for irrigation purposes, suggesting that proposed irrigation works be placed under the direction of army engineers, in order that nothing shall be done to impair navigability of the river.

He thinks a plan can be devised that will permit of the development of lands along the river without injury to navigation, and that if such a plan is found it should be carried into effect for the general good of the State. Mr. Gillette insists, however, that the navigability of the river must be maintained in any event.

It is understood the irrigation promoters are willing that the diversion works shall be supervised by Federal authorities as a guarantee that navigation shall be preserved. By construction of storage reservoirs, flood waters could be diverted for use during the low stages, thus removing the chief objection to those who fear navigability will be affected. Representatives Gillette, McKinlay and other Californians are working hard to devise a plan that will be acceptable to all interests concerned, and are asking the coöperation of both sides in securing development of the great valley.

M'KINLAY'S TELEGRAM.

[BY THE ASSOCIATED PRESS—P.M.]

SACRAMENTO, March 13.—The following telegram was received today from Congressman McKinley by the chairman of the local Board of Supervisors, in reply to the request of the board that no bill be passed that would permit private parties to take water from the river without the approval of the War Department:

WASHINGTON (D. C.) March 13.—H. K. Johnson, Chairman of Board of Supervisors, Sacramento: Have referred the Irrigation Bill to engineers of War Department. No bill will be favorably reported by the committee or receive my support unless War Department approves. The interest of navigation will be strictly guarded.

[Signed] D. E. M'KINLAY.

CORPORAL TURNER WRITES.

G.A.R. AND SALARIES.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, March 13.—Corporal Tanner, Commander-in-Chief of the G.A.R., has written a letter to James A. Tawney of Minnesota, chairman of the House Committee on Appropriations, protesting vigorously against the action of Mr. Tawney's committee in recommending the enactment of a law reducing the compensation of government clerks after they have attained the age of 65 years. Corporal Tanner writes particularly in behalf of his comrades of the Civil War, many of whom, now employed in the government service, would be affected seriously by the proposed reduction in compensation. The letter in part follows:

"The operation of the proposed penalty for loyal and faithful service would fall so heavily upon those who bore the burden of the battle in the Union Army that I must treat it as if they were the sole beneficiaries. It is for them, my comrades, I speak. They stood with me when the stand meant victory then that the Congress of the United States should meet ever since, and now in Washington, instead of Richmond; that the Stars and Stripes should float forever and a day over all, emblematic of a united, prosperous, happy country.

"I venture to say that you wont find a single Confederate soldier behind your bill. Only this moment I endorsed an earnest request to our soldier President to honor a Confederate brigadier, whom your proposed limitation would remove from the waiting list because, when having the power to remove or discharge a large number of my comrades, he placed his resignation in the hands of his superior, if a single one of them was to be disturbed. They are holding down the same desks today, with exceptional ability, too. You propose that the simshouse alone shall be the veteran's sole refuge in life, and perhaps after you have kicked him out 'to rattle his bones over the stones' will deny him burial in consecrated ground and close against him the gates of Arlington.

"You may pass the cruel, unjust, monstrous law, while the stars remain in the flag and the memories of men and women are not stricken with paresis, but before you do I hope you'll hear Whitcomb Riley recite 'Good-by, Jim; take keep of yourself.'

"Your comrades in the government service are, by the circumstances of their positions, powerless to defend themselves. I beg you to speak for, instead of against, if you cannot leave them alone."

NAVAL ACADEMY.

OFFICERS ARE CENSURED.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, March 13.—The subcommittee named by the House Committee on Military Affairs to investigate hazing at the Military Academy, made its report this morning through Representative Vreeland of New York, chairman of the investigating committee.

Rear-Admiral Brownson is censured in the report for exacting a pledge from midshipmen not to engage in hazing, and for allowing the boys to think the pledge was personal to him and did not hold after Rear-Admiral Sands became superintendent at the academy. Lieut. C. P. Snyder is also censured for having countenanced hazing.

Graduated punishment for hazing is recommended by the sub-committee, which is firmly of the opinion that the present system, expelling all midshipmen found guilty of hazing is vicious. Rear-Admiral Sands and other officers now at the academy are praised for the discipline they are maintaining, and the report shows that cadet officers have been chiefly responsible for hazing.

As a result of its examination of witnesses, the sub-committee found that 281 members of the three upper classes at the academy, including the class which was recently graduated, have been guilty of hazing and by trial could be expelled from the academy. This seems to be a great and unnecessary loss to the government, in the opinion of the members of the committee, who found that many of the offenses were trivial.

The report makes it clear that a failure of cadet officers to perform their duties makes it impossible for naval officers in charge to maintain discipline, and denounces the "code of honor," which permits cadet officers to shun their duties. The committee says the present system of maintaining order is correct, but urges that officers in charge shall be more active in reporting violations, and shall be careful to report all knowledge of violations which they do not actually see.

It is suggested that the surgeons should report more fully on injuries, even though slight, which seem to be caused by fighting.

With the exception of Lieut. Snyder disciplinary officers are exonerated from connivance at hazing. He is charged with having indicated to upper-class men that fourth-class men might be disciplined by upper-class men from laughing at an order. The present senior class is especially commended for its action against hazing.

Present hazing laws are frankly denounced as a hindrance to discipline, and Congressional interference is declared to be injurious to the Academy. Changes in the laws are suggested which will make it possible to punish each case as it deserves.

CUMMINS'S CHANCE TO SHOW BRIBERY.

[BY DIRECT WIRE TO THE TIMES.]

DES MOINES (Iowa) March 13.—[Exclusive Dispatch.] The Iowa Legislature has now given Gov. Albert B. Cummins an opportunity to explain what he meant when, a few weeks ago, in an address to the Republicans of Iowa, he charged that the railroads were doing "everything that money and organized influence could do to effect the passage of a primary law."

The House today passed the Gilliland resolution by a vote of 73 to 7. The resolution had previously passed the Senate by unanimous vote. It calls on the Governor to state specifically all information in his possession which will go to support the statements which the Legislature interprets as charges of bribery.

Gov. Cummins is making a very bitter fight against railway domination, and promises now to make sensational disclosures, which he claims to have regarding the work of the lobbyists in the State.

GORE CANYON CLOSED TO DENVER RAILROAD.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, March 13.—[Exclusive Dispatch.] The Department of Justice has informed Senator Flint that it has decided not to reopen the proceedings against the Denver, Salt Lake and Northwestern Railroad to prevent it from occupying Gore Cañon, Colo. This cañon is absolutely necessary as a site for reservoir site as part of the project for the reclamation of the Colorado Desert in California and Arizona.

It now appears probable that the railroad will not go through Gore Cañon, but will follow a new route via Steamboat Springs, leaving Gore Cañon available for reclamation service.

ENTRY INTO MEXICO.

ROCK ISLAND'S BIG COUP.

[BY DIRECT WIRE TO THE TIMES.]

EL PASO (Tex.) March 13.—[Exclusive Dispatch.] One of the features of the recent Rock Island-Chicago and Alton merger, accomplished by the clever manipulation of stocks in the New York market, is that the Rock Island is thereby given another valuable railroad connection with a port of entry into Mexico.

At St. Louis, connection will be made with the St. Louis, Brownsville and Mexico line, which is pushing the construction of its line, which, when completed, will connect for through business with the National at Matamoras. This will place the Rock Island on a firm competitive basis with the Gould lines at all points, avoiding the necessity in some cases of making unsatisfactory traffic connections with the Gould lines by way of Laredo.

MEXICAN CENTRAL STRIKE.

PIECE WORK RESPONSIBLE.

[BY DIRECT WIRE TO THE TIMES.]

EL PASO (Tex.) March 13.—[Exclusive Dispatch.] As the result of the threatened introduction of piece work into the Mexican Central shops at Aguas Calientes, Monterey, San Luis Potosi and Chihuahua, a general strike of workmen is feared. Union men are inciting dissatisfaction, and within the next week a decisive turn is expected in one direction or the other.

CONTROL OF TRACTION LINE.

FISHER OUSTED BY DENMAN.

[BY DIRECT WIRE TO THE TIMES.]

SAN BERNARDINO, March 13.—[Exclusive Dispatch.] The annual meeting of the stockholders of the San Bernardino Valley Traction Company was held this afternoon and resulted in the unhorsing of the Fisher interests from the control of the road. A. C. Denman, Jr., and interests which he represents, were placed in the saddle. J. H. Fisher loses his position as general manager, which office, incorporated with that of president, is held by A. C. Denman. The election of directors resulted in the Fisher interests electing Henry Fisher, J. H. Fisher, O. D. Collins, A. S. Graham, while the Denman interests elected A. C. Denman, G. M. Cooley, W. D. Brookings, J. S. Wood and E. D. Roberts.

HE PREFERS THE VETERAN.

The President Again Shows His Sympathy With Soldiers of the Civil War.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, March 13.—[Exclusive Dispatch.] The President has again conveyed information that in a contest between a veteran of the Civil War and a citizen who is not, for postmaster of a city, he prefers the veteran, everything else being equal.

The question came up again this morning, in the visit to the White House of Representative Needham of California, who has a postoffice appointment at Pacific Grove. The local "organization" Republicans indorsed J. A. Pell for the position, but another applicant is R. Stansbury, a veteran of the Civil War. As between the two, the President prefers the veteran, who will probably be nominated.

FRENCH MINISTERS NAMED.

President Fallieres Signs Decree for New Officials to Be Submitted.

[BY THE ASSOCIATED PRESS—P.M.]

PARIS, March 13.—President Fallieres today signed decrees nominating the new ministers, which will appear in the official journal tomorrow morning. A general statement of the ministerial policy will be made in the Chamber of Deputies in the afternoon. The Cabinet at that time will express its determination to continue in M. Rouvier's line of action relative to foreign affairs which had been repeatedly approved by the chamber.

It is understood that one of M. Bourgeois' first acts after taking over the Foreign Office will be a reiteration of the instructions hitherto sent to M. Revoil, the senior delegate to the conference of Algeciras, on Moroccan reforms. These instructions provided for the acceptance of the proposal for an inspector of Moroccan police, but categorically reject the claim that the inspector shall hold command at any port.

The ministerial statement will allude to the maintenance of the Franco-Russian alliance and highly valued friendly agreements with other powers. Internal policies also will be treated of in detail. The ministers will take the view that the church and state separation law clearly established the mode of procedure concerning inventories, and will announce that measures will be taken against the originators of resistance.

With reference to the Franco-German controversy over Moroccan reforms, the Temps this morning says:

"Should Germany maintain her claim for an inspector of police commanding at Casabianca, France can only offer her veto to the humiliating proposition. Germany's insistence on the exclusion of Casablanca from Franco-Spanish mandate is only attributable to a desire to obtain a part of Morocco. To the trap thus laid, France prefers the status quo which would be better than such an abdication. With accord with Great Britain and Spain at Fez, France has a thousand means of defending the status quo against German aims. France has already conceded much, and now is only struggling for the minimum of her rights and the preservation of her dignity.

WIFE MAY LEAVE DOWIE.

She Claims Real Conditions of the Church and Finances Were Kept from Her.

[BY THE ASSOCIATED PRESS—A.M.]

CHICAGO, March 13.—John Alexander Dowie, head of the Zion Church, and his wife have parted, according to a story printed in the Daily News. It is declared that the last message of Dowie to his home was ignored, and that Mrs. Dowie has thrown her lot with the ordinary followers of Zion.

It is claimed that Mrs. Dowie has said to her friends that she has been deceived as to the real conditions in the church, and believed that millions of money was available, when there was no such condition existing.

HUNGARY'S PATRIOTIC LADIES.

VIENNA (Austria) March 13.—[Exclusive Dispatch.] The ladies of Hungary are uniting against the government. At Countess Balthany's soiree, Countess Dessewsky unclasped a pearl necklace she was wearing and threw it on the table, saying that until her husband bought it back for her at cost price it would be sold for good of the cause. This was the signal. Every lady present stripped her neck, ears or wrists of some of her jewels and there was soon a pile valued at $40,000. This example was followed at a tea party given by Baroness Veczy, Countess Balthany offering a $28,000 diadem and others diamond brooches and tiaras. All this jewelry will be sold by auction in Paris.

ZELAYA'S OFFICIAL TOUR.

MANAGUA (Nicaragua) March 13.—[Exclusive Dispatch.] President Zelaya has visited the principal towns in North Nicaragua, and has been everywhere splendidly received with banquets and receptions tendered by both foreigners and natives. It is probable the President's visit will result in building the Matagapa Railroad. The President is very popular in Nicaragua.

GAS WELL STILL AFLAME.

CANEY (Kan.) March 13.—The great gas well, six miles from here, which was capped yesterday with a huge iron hood after it had burned without restraint for seventeen days, consuming millions of feet of gas, burst forth again today. After having confined the fire for twelve hours, the hood was perforated today by the tremendous force of sand and flame beneath it, and soon became a heap of scrap iron.

CALIFORNIA WINE CELLARS.

NEW YORK, March 13.—[Exclusive Dispatch.] In Jersey City today Robert F. Maffitt, Florence Maffitt and Louis C. Lepage incorporated the California Wine Cellars, with a capital of $300,000. The company will raise grapes and manufacture wines, liquors and brandies.

CHINAMAN CALLED HOME.

PANAMA, March 13.—[Exclusive Dispatch.] Chang Hwey, Chargé d'Affaires of the Chinese legation at Lima, Peru, is going home. He sailed from here for San Francisco today. His secretary said he was called home to discuss relations of China with the South American republics.

MAD WHIRL FOR BROKERS.

Every New York Dealer in Stocks Guilty.

Grand Upheaval in Records and Pro-Rating.

State Comptroller Demands Enormous Sums.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, March 13.—[Exclusive Dispatch.] Every stock broker doing business in New York was more or less upset today on receiving from the State Comptroller a ruling on the stock-transfer law which showed that he was a delinquent under the law, and at least technically guilty of a misdemeanor, subject to punishment by a fine of not less than $500 and imprisonment for not more than six months.

Whatever may be the final outcome of the Comptroller's ruling, it means at the very least a grand upheaval of the records of New York brokerage houses and untold inconveniences, to say nothing of the fact that it calls for the payment of hundreds of thousand of dollars additional taxes.

TAX ON TRANSFERS.

The law provides that the tax on stock transfers shall be 2 cents on each $100 of face value or fraction thereof. Since the law went into effect June 1, 1905, brokers have assumed that it was proper to pro-rate the tax on shares of a par value less than $100, paying 1 cent per share tax on sales of the $50 Reading and Pennsylvania shares and one-half cent on the $25 Anaconda shares. Today the Comptroller rules that every share of the face value of $100 or less is taxable in the sum of 2 cents.

MOST ACTIVE STOCKS.

It happens that since the law has been in effect, Reading, Anaconda and Pennsylvania stock, all having par value under $100, have been among the most active stocks in the trading. Just during the first ten weeks of this year 2,700,000 shares of Anaconda, 2,255,000 shares of Reading and 2,223,000 shares of Pennsylvania were traded in.

The tax delinquency has been 1½ cents per share on Anaconda and 1 cent per share each on Reading and Pennsylvania. The delinquency indicated by the above figures alone is $146,000. It must be remembered that the violations of the law have extended over a period of more than nine months, and that numberless stocks dealt in on the curb, having a par value under $100 and all the way down to $1 per share, have been transferred under tax payment according to the pro-rating custom adopted.

WILL TAKE MANY CLERKS.

In the event, thousands of clerks will have to be employed to straighten out the tangle which exists. Some authorities go so far as to bring into question the validity of the transfer of practically every share of stock having a par value under $100 which has changed hands in New York during the past nine months, on the grounds that the transfer was not conducted according to law.

THE TROUBLE OF IT.

A leading member of the New York Stock Exchange said tonight: "The Comptroller's ruling seems justified under the law. The question is whether a law which calls for such a construction can be constitutional. By contesting this ruling, we may kill the law, in which event, instead of our having to pay additional taxes as delinquents, the State may have to refund to us all the stock-transfer taxes paid in. The situation is both interesting and vexatious. Whether we pay the State or the State rebates to us, we will be put to no end of trouble to arrive at the amounts due."

ASKS ABSOLUTE DIVORCE.

Countess Castellane Amends Her Former Application in Suit for Separation.

[BY THE ASSOCIATED PRESS—A.M.]

PARIS, March 13.—Countess Boni de Castellane accompanied by Edmond Kelly, her lawyer, today appeared before Judge Ditte, president of the civil tribunal of the Seine, and asked for permission to amend the proceedings in her application for a separation from her husband so that the decree will give her an absolute divorce. The application asked for a separate domicile and custody of the children, pending a legal procedure.

Judge Ditte, before finally deciding, complied with the usual formality of requesting the husband and wife to appear together for the purpose of interrogating them concerning the possibility of a reconciliation. The latter will fulfill the legal requirements, but it is not expected to yield favorable results, as the parties are fully determined to terminate their union.

Their joint appearance before the court will occur in four or five days, and immediately thereafter an amended bill will be filed and a writ will be served on the same grounds as previously, the only change being a petition that the bonds of matrimony be dissolved.

RUSSIA TO HURRY TRIALS.

Order Issued to Bring Charges Against Prisoners Within Twenty-four Hours.

[BY THE ASSOCIATED PRESS—A.M.]

ST. PETERSBURG, March 13.—The government has sent a circular letter to the governor-general and the governors of the provinces, instructing them that persons taken into custody for political offenses must within twenty-four hours of their arrest be confronted with the charges and be allowed to make explanation.

The circular also generally insists upon expediting the trial of political prisoners.

Over 70,000 persons have been arrested in European Russia since the government entered upon its active campaign against the revolutionists.

FISHERMEN UNIONS MEET.

ASTORIA (Or.) March 13.—Representatives of all the fishermen unions of Oregon, Washington, California and Alaska met in special session in this city yesterday, to consider a means to better unite the fishing interests of the entire western coast. The sessions will last all this week. Some of the addresses show the principal theories of the speakers to be the protection of fish and for fishermen, the one from natural enemies, the other from the encroachments of the heavy corporate packers and operators.

PALACES OPEN TO LONGWORTHS.

LONDON, March 13.—[Exclusive Dispatch.] The Chronicle says that Mr. and Mrs. Nicholas Longworth, when they visit London in June, will make a stay at Buckingham Palace as guests of King Edward. They will also visit the Duke and Duchess of Marlborough and the Duke and Duchess of Roxburghe and Ambassador and Mrs. Reid.

KILLED IN RUNAWAY.

SAN RAFAEL, March 13.—Fritz Goert, an aged, retired brewer, was killed yesterday by being thrown from his buggy in a runaway. His wife was seriously injured.

PITH OF THE NEWS FROM MIDDLE WEST.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, March 13.—[Exclusive Dispatch.] The most remarkable storm conditions for many years prevailed today throughout the Northeast and Northwest. Snow is general from the Pacific Coast to the Atlantic, extending as far south as Washington. The snowfall began in Chicago at noon, and continued steadily throughout the remainder of the day. The weather office predicts the heaviest snow of the winter. Temperatures ranged from 24 to 27 degs. Middle West temperatures, the dash indicating below zero:

MRS. YERKES'S HUSBAND.

The prolonged stay of Mrs. Wilson Yerkes-Mizner has given rise to the rumor that the widow of Millionaire Yerkes has again fallen out with her young husband. "Oh, I do not know where he is or where he might be going," she responded impetuously, today, to an inquiry if Mizner was expected to visit Chicago soon.

DOWIE SOUGHT CARNEGIE.

How John Dowie planned to have Andrew Carnegie come to the rescue of the "Holy City of Zion" became known today with the publication of Dowie's proposition to the steel magnate.

"Oh, noble countryman," wrote the First Apostle, "consider well my proposition. The salvation of Scotland; think of it! How good the Lord is. He gives your oppressed people a land overflowing with milk and honey. Seven million dollars bearing interest at 7 per cent. will give our homeland the freedom she deserves. You can arrange the colonization scheme. Shiloh Park shall be open to you alone for the summer residence. Think of the millions of poor people in the Scotch cities who will be lifted from the depths of poverty. You shall be the power to save Scotland."

NEW ZEALAND'S DREAM.

New Zealand dominating the commerce of the South Pacific is the vision to be realized with completion of the Panama Canal, according to W. J. Napier, president of the Harbor Board of Auckland, who is en route to Washington to confer with the President in regard to the removal by this country of the duty on New Zealand wool.

"The city of Auckland has made wonderful commercial progress during the past five years," said Napier. "The Panama Canal will benefit Auckland more than any other South Pacific port and assure commercial domination of that region."

TWENTY-THREE CHARGES.

Edward Lafferty, sixteen years of age, stood before Judge Mack, this afternoon, and answered to twenty-three charges of burglary. The youth was smiling and unconcerned. He will be sent to a reformatory.

JUDGE THOMAS DEAD.

[BY DIRECT WIRE TO THE TIMES.]

ST. LOUIS, March 13.—[Exclusive Dispatch.] Judge Charles W. Thomas of Belleville, Ill., died here tonight, following an unsuccessful operation for blood clot on the brain. Judge Thomas was, March 1, nominated by the Republican First Judicial Convention at Cairo, Ill., as candidate for the Illinois Supreme Court. Judge Thomas won after a spectacular contest, which lasted through 108 ballots.

RAISED SALOON TAX.

[BY DIRECT WIRE TO THE TIMES.]

COLUMBUS (O.) March 13.—[Exclusive Dispatch.] The House, this evening, by a vote of 66 to 46, passed the Aiken bill increasing the tax imposed upon saloons from $350 to $1000. The passage of the bill is attributed largely to the recent riots in Springfield.

DEBTOR'S SHORT SHIFT.

[BY DIRECT WIRE TO THE TIMES.]

DES MOINES (Iowa) March 13.—[Exclusive Dispatch.] In deciding an action brought to collect a bill here, today, Judge Roe held that an unmarried man allowing debts is entitled to keep but one nightshirt.

Dist.-Atty. Bonner, Sheriff Street and Deputy Sheriff Fleming.

On January 4 Juhasz was sentenced to three months' imprisonment at Folsom for assault with a deadly weapon, having shot twice at Deputy Fleming, who had gone to Juhasz's ranch to serve a civil process upon him.

No action has been taken on the application.

SNOWSTORM IN MOUNTAINS.

RAGING NEAR SACRAMENTO.

[BY THE ASSOCIATED PRESS—A.M.]

SACRAMENTO, March 13.—During the past twenty-four hours ending this morning at 7 o'clock, a heavy snowstorm has been raging in the mountains. In the valley the rainstorm was not severe, many points not even getting a trace of train. Auburn and Rocklin each received a fall of .50 inch, while Placerville drew .92 inch.

Crop conditions throughout the Sacramento Valley have not been so good in many years. Buds on the fruit trees are well set, and if the frost holds off, this section of the State will have a record-breaking fruit crop.

WRECK IS SIGHTED.

MAY BE THE DRUMCRAIG.

[BY THE ASSOCIATED PRESS—A.M.]

SAN FRANCISCO, March 13.—Capt. Rees of the British ship Morven reported that on March 9, while seventy-five miles southwest of the Farallones, he saw what he states was a submerged wreck. Marine men say that it possibly was the hull of the missing Drumcraig. In its present position the wreck is a menace to navigation.

FIGURES FOR FAIR BUILDINGS.

William T. Veitch of Oakland Submits Charges for California Structures at Portland.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, March 13.—[Exclusive Dispatch.] William T. Veitch of Oakland has submitted to Gov. Pardee a voluminous report on general charges and charges for extras made by the Burrell Construction Company, for work done on California buildings at the Portland fair.

The recapitulation of the account as it now stands is as follows: Amount due on contract, $8050.05; amount due for extras, $3689.87; total, $11,739.82. Deduct for items specified but not done, $4472.12; balance due, $7267.80.

Veitch says that the estimate was a close one, the builder would have no money to waste at these figures, and that unless he had been in business in Portland at the time of the fair he would not want to work at such figures.

DID NOT DIE OF VIOLENCE.

Autopsy Held on Body of Dr. E. L. Irvine Shows He Expired from Natural Causes.

[BY THE ASSOCIATED PRESS—A.M.]

SAN FRANCISCO, March 13.—An autopsy held today showed that Dr. E. L. Irvine of Portland, Or., who was found dead in a room at the Lick House yesterday, died from natural causes. The inquest has not been held. The Christian Scientist Publication Committee authorize the statement that Dr. Irvine was not a Christian Science practitioner, as has been reported.

FEAR BOY IS KIDNAPED.

Two Italians Suspected of Having Spirited Child Away from Ranch Near Colma.

[BY THE ASSOCIATED PRESS—A.M.]

SAN FRANCISCO, March 13.—Sheriff Mansfield of San Mateo county is searching for two unknown Italians who are supposed to have kidnaped the two-year-old son of Peter Toso, a wealthy rancher living near Colma.

According to the statement made by Mrs. Toso to the officers, two strange Italians appeared at her home and asked how much her child was worth. She replied that she would not take any price. Shortly after the episode she missed the boy, who has not been seen since.

The parents of the lost child believe that he is being held for ransom.

PEASE ALSO BRINGS SUIT.

Beemer's Embezzlement Charge Failing He Is Now Asked to Pay Big Claim.

[BY THE ASSOCIATED PRESS—P.M.]

PHOENIX (Ariz.) March 13.—As a sequel to the suit begun some time ago by H. J. Beemer of New York against O. A. Pease, to cancel a mining contract for the purchase by Beemer of Pease's interest in the Amalgamated Gold Mines Company at Quartzite, Ariz., for $2,500,000, and which is pending in the district court of Yuma county, and the alleged charge of embezzlement of $3000 of the Amalgamated company's funds preferred by Beemer against Pease, which was dismissed recently, Pease today brought suit in Yuma against Beemer by cross-complaint for $2,450,000 balance claimed by Pease to be still due from Beemer on the purchase of Pease's interest in the Amalgamated company.

SLOPE BRIEFS.

Freight Train Partly Wrecked.

REDDING (Cal.) March 13.—Four cars of a south-bound Southern Pacific freight train were partly wrecked last night near Gregory. Three tramps who were riding on the brake rods escaped injury. The track has been cleared and traffic resumed.

Senator Simpson Indicted.

OAKLAND, March 13.—After an investigation of the charges made against him by Miss Isabella Davis, the grand jury of Alameda county today returned an indictment against Senator M. W. Simpson, the City Attorney of Alameda. It is charged that Senator Simpson mislead Miss Davis under a promise of marriage.

Accounts Were Short.

OAKLAND, March 13.—The accounts of the late County Treasurer Arthur W. Feidler were examined today and a shortage of $16,000 was discovered. Feidler died at Colfax yesterday. The money was taken from a special fund.

Burglar Gets Five Years.

SAN JOSE, March 13.—John Armanaque, charged with burglarizing the Southern Pacific station at San Martin, entered a plea of guilty yesterday and was ssentenced to five years in Folsom.

Frank Charles Convicted.

REDDING, March 13.—[Exclusive Dispatch.] Frank Charles was convicted today for assault with attempt to commit murder. The complainant is his wife, whom he beat almost to death at their home on McCloud River about two months ago. He is an old offender. Over two years he was tried for having murdered his first wife, but was acquitted.

Cossman to Be Extradited.

SACRAMENTO, March 13.—Gov. Pardee today issued a warrant of extradition upon the Governor of Louisiana for the return to this State of John Cossman, who is wanted in San Francisco on a charge of obtaining money by false pretenses and is in custody in New Orleans.

BEECHAM'S Cold Cure, guaranteed cure in twenty-four hours. Sun Drug Co. (3 stores.)

"SOUTH OF THE TEHACHEPI."

NEWS SUMMARY OF THE SOUTHERN COUNTIES.

It was announced at Pasadena yesterday that Gen. Wentworth of Hotel Raymond had purchased twenty-eight acres adjoining the Billke place in South Pasadena, for a stated consideration of $17,000. Rumor has it that a fine hotel is to be erected on the land.

Tourists and winter guests at Riverside were yesterday made glad by the giving of an opinion by Dist.-Atty. Evans to the County Assessor, W. F. Montague, in which he declares that according to the laws of California, all personal property, automobiles belonging to tourists, etc., are exempt from taxation. The Assessor declares, however, that this opinion is not binding upon him, and that he will continue to assess the personal effects of all tourists and non-resident sojourners. The matter may go to court for a test case.

The City Trustees of Santa Monica have repealed the ordinance making a reduction of from 25 to 50 per cent. in water rates. The several water companies presented a protest in which they stated that the proposed rates would amount to a confiscation of their property.

The Business Men's Association of Riverside last night guaranteed the remaining $1000 required for right of way for the proposed trolley line from San Bernardino. A. C. Denman, Jr., president of the company, was present and accepted the offer. He promised that, as soon as the money required for the right of way is put in escrow, he will begin construction of the road.

A big dredger lies blockaded in the Cerritos slough west of Long Beach It is just back of the Salt Lake trestle near Obispo. The Salt Lake Company declines to permit the removal of the trestle in order that the dredger may pass.

Three small burglaries were reported to the police in Long Beach yesterday.

Additions to cost $15,000 or $20,000 are to be begun soon on the Globe Mills at Colton.

City Trustee Jones of Ocean Park has reported that poor asphalt work has been done on Speedway there. The Board of City Trustees has appointed a committee to investigate.

Engineers are said to be laying lines for the addition of two tracks to the Los Angeles-Pacific Railroad between Venice and Vineyard so as to make a four-track road of it.

TAFT ADVISES WISE BOLTING.

DISCRETION IN LOCAL POLITICS EFFECTIVE.

Upon Tender of Honorary Membership to Himself and the President by the Roosevelt Republican Club of Cincinnati, He Gives Opinion, Discriminating Between Municipal and National Affairs.

[BY THE ASSOCIATED PRESS—P.M.]

CINCINNATI, March 13.—President Roosevelt and Secretary of War Taft were today unanimously elected honorary members of the Roosevelt Republican Club of this city. The club is a new organization formed after the recent election as an instrument for the maintenance of a Republican organization "opposed to bossism and machine politics."

In a long letter of acknowledgment and acceptance of the honor for himself and President Roosevelt, Secretary Taft makes some striking statements. Referring to the recent defeat of George B. Cox as a political leader in this city, the Secretary says that this is a great step toward good municipal government, and adds: "But its benefit may be largely lost if the people pat themselves on the back with the pleasant idea that the machine is broken up and that the future will take care of itself. The truth is that the victory will be worse than fruitless unless some means are devised to make its effects permanent. It is idle to hope that people may be aroused at every political contest to defeat machine slates, unless there are counter-organizations made up of young patriotic men to select only good candidates."

He advises against the club becoming a "better than thou" association, which he says would defeat its own object by its exclusiveness and lack of practical sense. Continuing, he says: "The assistance of men of honesty and character who were associated more or less with the machine when it seemed all-powerful, but really rejoice now at what seems its downfall, ought not to be rejected if you find it offered in good faith.

"In the meaning of such a club as the Roosevelt Club, although an orthodox Republican organization, it may very well decline to support the candidates of its own party if such candidates are plainly lacking in qualifications according to the standard which they properly set for public officers. Still, it is well to use a wise discretion in bolting. The important question will always be in where you can secure and exercise the greatest influence for good, and you cannot afford in practical politics (and there are no other politics) to ignore the strength which adheres to regularity given you as a club in working reforms within the party.

"In the conduct of municipal affairs, it has no natural relation to the conduct of national affairs, and while it does not seem possible to eliminate from municipal elections the system of nominating party tickets, there ought certainly be cultivated a much wider spirit of independence at municipal elections in the scratching of improper candidates selected by either party than is likely to be ever exercised with reference to State or national elections."

CREW OF TWELVE LOST.

British Steamer Coine Foundered Off the Coast of Holland Yesterday.

[BY THE ASSOCIATED PRESS—A.M.]

LONDON, March 13.—The British steamer Coine, foundered off the Dutch coast today. Twelve of her crew were drowned, and seven were saved.

"The greatest danger in 'raw water' is not germs—but the mineral matter which is not needed in the human body and which gradually clogs the system."—E. L. Carey, in Suggestion.

Avoid this danger by drinking PURITAS distilled water.

BRITISH UNIONISTS DIVIDE.

Protectionist Policy Causes a Break from Straight Vote in Parliament Session.

[BY THE ASSOCIATED PRESS—P.M.]

LONDON, March 13.—The fiscal debate in the House of Commons ended early this evening, by the Premier, Sir Henry Campbell-Bannerman, moving the closure.

The afternoon's discussion was devoid of interest. The motion of Sir James Kitson, ministerialist, declaring it to be the determination of Parliament to resist any attempt to institute protective duties, was carried by 474 to 98 votes.

The division displayed a cleavage in the Unionist ranks on the protectionist policy. Eight Unionists, including Lord Robert Cecil, voted with the government for Sir James Kitson's motion and twenty-five other free food Unionists abstained from voting.

CATHOLICS FEAR OUTCOME.

Affairs of the Church in France Seem to Bode Disaster to Its Freedom.

[BY THE ASSOCIATED PRESS—P.M.]

ROME, March 13.—The Vatican has been following the French Cabinet crisis with the keenest interest, but its solution is considered to complete the disaster of the Catholic church in France. A prominent prelate exclaimed today:

"We have fallen from the frying pan into the fire."

The Vatican authorities received a dispatch today giving the names of the members of the new Cabinet, with the additional statement that its composition will not be officially announced until tomorrow, because today, being the thirteenth day of the month, it is considered to be unlucky. The Pontiff smiled sadly when this information was conveyed to him, saying:

"Evidently being a free thinker does not exclude superstition. Bad days are preparing for the dear, dear Catholics in France."

CHILD LABOR LAW SURE.

DES MOINES, March 13.—With the passage by the Senate today of the Child Labor Bill, the measure will become a law, as Gov. Cummins will sign it. The new law prohibits the employment of children under 18 years of age in any occupation injurious to health.

OLD MINISTRY CONTINUES.

BELGRADE, March 13.—In consequence of the failure of all attempts to form a new Cabinet, the old Ministry, slightly altered, will return to power.

AT THE NATIONAL CAPITAL.

"INSURGENTS" FACE CANNON.

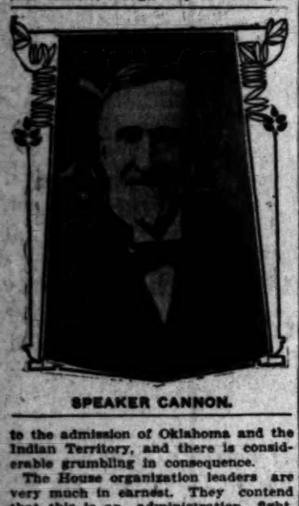
War Clouds Lowering in the Lower House.

Statehood Bill Likely to Split Republicans.

Caucus for Shutdown—Reference to Committee.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, March 13.—[Exclusive Dispatch.] A very ugly situation exists in the House over the Statehood Bill. The announced intention of the House leaders to call a caucus for the purpose of securing a "showdown" of administration hands has vexed that faction of Republicans who are opposed to joint Statehood for Arizona and New Mexico, though they do not object



SPEAKER CANNON.

to the admission of Oklahoma and the Indian Territory, and there is considerable grumbling in consequence.

The House organization leaders are very much in earnest. They contend that this is an administration fight, forced upon the House by the hostile attitude of the Senate toward all administration measures, and that it must be fought to a finish. They point out that the Senate "hamstrung" the Philippines Bill, "mutilated" the Statehood Bill and is "going after" the Railroad Rate Bill with "butcher knife and cleaver," and they think it is time that the administration's friends in the House should make a stand.

ON THE OTHER HAND.

On the other hand, Republicans who are opposed to joint Statehood for New Mexico and Arizona contend that they are entirely within their rights in interposing their judgment against the administration's, and say that the fact that the Senate concurs with them is an indorsement of their position, and that the House leaders should not attempt to cram this bill down their throats.

They say that it is absolutely certain that the Senate will not provide joint Statehood for New Mexico and Arizona, and that it would be much better, with that certainty before them, to take half a loaf in preference to no bread, and bring in Oklahoma and Indian Territory for whose admission all parties and all factions are unanimous. The "insurgent" Republicans still insist that their absence will create a very grave situation in the Republican party in the House and be conducive to discord which may result seriously before the session is over.

REFERENCE TO COMMITTEE.

There are indications that the Statehood Bill may be referred by Speaker Cannon to the Committee on Territories. This action, the friends of Statehood for Indian Territory and Oklahoma fear will entirely defeat the measure. The committee can retain the bill indefinitely, and should it appear that there were "insurgent" votes enough to concur with the Senate, the bill would not, they say, be brought into the House. Under the rules of the House, a Senate amendment to a House bill which changes the charge on the Treasury sends the bill to committee automatically. The amendment in question is one granting lieu lands to the new State for school purposes in case sections 13 and 33 reserved in each township prove to be mineral land.

AWAITS OTHER MEMBERS.

Although the bill goes to committee without a motion in the House, it is still on the Speaker's table. Unless some member insists that the reference be made at once, the plan is to defer the reference until the return of members who have gone south on river and harbor inspection tour. This delegation will return Saturday. An agreement was made before they left whereby nothing was to be done on the Statehood Bill until their return.

The news that the bill was to go to committee was somewhat disconcerting to the "insurgents," who have been bending their energies to strengthening their numbers, in the expectation of a direct vote on the motion to concur in the Senate amendments to the bill. If some way had not been discovered to send the bill to committee, this motion to concur would have been in order, and would have been taken in precedence over a motion to disagree and go into conference.

Just how the "insurgents" are to meet the new situation has not been decided upon, so far as can be ascertained.

FIFTY-NINTH CONGRESS.

REGULAR SESSION.

[BY THE ASSOCIATED PRESS—A.M.]

WASHINGTON, March 13.—SENATE—When the Senate convened today, Mr. Scott presented an amendment to the Railroad Rate Bill requiring railroads to make connection with intersecting lines with proper facilities for transfer of business and exchange of cars.

BILLS PASSED.

The following bills were passed: Authorizing the erection of a public building at Denver, Colo., at a cost of $2,300,000; regulating the use of reservoir sites on the public lands; authorizing the Secretary of War to donate to the State of Idaho two Krupp guns captured by Idaho troops in the Philippines; providing for the disposal of isolated tracts of public lands; providing for the establishment of townsites on the Kiowa, Comanche and Apache Indian reservations in Oklahoma; authorizing the erection of a monument at Washington to the memory of John Paul Jones, at a cost of $50,000; prescribing general regulations for the construction of bridges over navigable rivers; authorizing the erection of a public building at Eureka, Cal., at a cost of $175,000; amending the law relative to the bonds of shipping commissioners; providing for the punishment of officers or employés of the United States who prematurely divulge information secured by reason of such employment, and prohibiting such officials from speculating in articles with which their respective offices deal especially. This House bill is intended to cover such cases as that which arose last summer in the Bureau of Statistics of the Agricultural Department.

TILLMAN GIVES NOTICE.

Mr. Tillman, in charge of the Railroad Rate Bill, took the floor to give notice that after tomorrow he will ask the Senate to proceed with the consideration of that bill immediately after the disposition of routine morning business and without waiting until 12 p.m., as has been done the two days that the bill has been before the Senate.

Mr. Simmons, who made the speech of the day, concluded his remarks at 3:50 p.m., and the Senate immediately went into executive session and adjourned ten minutes later.

HOUSE PROCEEDINGS.

[BY THE ASSOCIATED PRESS—A.M.]

WASHINGTON, March 13.—HOUSE—The House at once began the consideration of the Legislative, Executive and Judicial Appropriation Bill on meeting today. The bill carries a total appropriation of $29,134,181. In explaining the bills, Mr. Littauer of New York said it provided the salaries for 14,406 public servants, embracing the entire service. He at once proceeded with an elaborate critical explanation of the increasing power of the government bureau chiefs and the helpless condition of commissions in controlling the expenditure of appropriations.

A classification of salaries of government clerk was, he said, a crying necessity. Men doing exactly the same work now receive some $1800, some $1600, some $1400 and others $1000. All this tended to demoralize the service. He suggested a commission to go into the question. If something was not done he predicted the condition would grow worse.

WOULD CUT THE NUMBER.

The service of the government, if business methods were applied, Mr. Littauer maintained, could be conducted with three-fourths the number of clerks. The door of the entrance to this service was wide open, but once in, it opened only wide enough to let a coffin out. It was a life tenure.

Mr. Grosvenor asked if there was no way to get rid of an incompetent clerk. "There is, but it is not lived up to," answered Mr. Littauer, who continued by declaring that this government should not be made a charitable institution and its service a home for the aged and infirm.

HAYES ON EXCLUSION.

Mr. Hayes of California spoke at length in favor of extending the Chinese exclusion act to the Japanese and Koreans.

EULOGIZES NEW YORK.

A eulogy of New York City by Mr. Bennett of that city entertained the House during the last half hour of the session. Some time ago, in a carefully-prepared speech on the immigration question, Mr. Hopkins of Kentucky made the statement that two-thirds of the Italians coming to this country were Anarchists. Taking this for his text and the further statement by Mr. Hopkins that he would not go to New York for his ideals, Mr. Bennett compared the illiteracy of the county of New York with that of Floyd county, Ky., of which Mr. Hopkins was once school commissioner, greatly to the advantage of New York, and the amusement of members of the House.

The House adjourned at 5 o'clock.

SAN DIEGO QUARANTINE.

TRANSFER OF THE STATION.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, March 13.—[Exclusive Dispatch.] The Senate has passed the bill providing for the transfer of the San Diego quarantine station to Point Loma to enable the Navy Department to establish a coaling station on the present quarantine station site. The appropriation of $200,000 was stricken from the bill with the consent of Senator Perkins, who has obtained assurances that it will be inserted in one of the regular appropriation bills. This sum is required to defray the cost of the new quarantine buildings, wharf, etc.

The House Committee on Interstate Commerce today decided to report favorably the bill, as passed by the Senate, and the prospects are good for speedy passage of the bill by the House.

WASHINGTON BRIEFS.

National Reform Convention.

WASHINGTON, March 13.—The National Reform Convention met here today.

Favors Naval Militia.

WASHINGTON, March 13.—The House Committee on Naval Affairs decided today to make a favorable report on the Foss bill for the establishment of naval militia by the various States.

Amending Copyright Laws.

WASHINGTON, March 13.—The third of a series of conferences in which practically every branch of the publishing interests of the country are represented, began at the Library of Congress today for the purpose of completion for the action of Congress a modification of the amendments to the copyright laws.

For Government Powder Factory.

WASHINGTON, March 13.—The Senate Committee on Appropriations had added an amendment to the Fortifications Appropriation Bill providing for a government powder factory.

Funds for Monopoly Inquiry.

WASHINGTON, March 13.—The House Committee on Interstate and Foreign Commerce today decided to make a favorable report on the Townsend joint resolution providing for an appropriation of $50,000 to enable the Interstate Commerce Commission to investigate railways and monopolies and the Tillman-Gillespie joint resolution. The Townsend resolution also corrects defects in the Tillman-Gillespie resolution pointed out by the President.

Statehood Caucus Postponed.

WASHINGTON, March 13.—On account of the reception here tomorrow night to Gov. Pennypacker of Pennsylvania, the Republican Statehood caucus has been postponed until Thursday afternoon at 2 o'clock. The call for the caucus will be issued today.

Sweet Wine Tax Hearing.

WASHINGTON, March 13.—The House Committee on Ways and Means heard P. T. Morgan, president of the California Wine Growers' Association, and Commissioner of Internal Revenue Yerkes, both favoring amendments to the Sweet Wine Law of 1894. Under that act, free alcohol was allowed for the fortification of sweet wines. The proposed modification taxes this alcohol 3 cents per gallon to pay the expense of government supervision. Mr. Morgan said that the annual consumption of wines in the United States was 43,000,000 gallons or 1⅓ gallon per capita. Of this amount, 85 per cent. was produced in the United States, of which California produces 90 per cent. Mr. Yerkes stated that by granting free alcohol to fortify sweet wines the government had relinquished revenue to the extent of $4,500,000 annually. Under the 2-cent tax, the return will amount to $100,000, which is calculated to pay the expense of government supervision.

Griggs Will Give the Names.

WASHINGTON, March 13.—Perry Belmont, president of the National Publicity Bill Association, in addressing the House Committee on Elections of President, Vice-President and Representatives in Congress, on the purification of political campaigns by preventing secret contributions, said Mr. Griggs, who has just been elected chairman of the Democratic Congressional Committee, is willing to publish all contributions he may receive in the approaching campaign.

Federal Courts at Eureka.

WASHINGTON, March 13.—[Exclusive Dispatch.] Senator Dillingham today reported from the Judiciary Committee the bill for holding the term of the Federal, District and Circuit courts at Eureka, the second Mondays in January and August annually, quarters to be supplied by Humboldt county without expense to the government.

Talk on the Foster Bill.

WASHINGTON, March 13.—[Exclusive Dispatch.] John Foord of New York, president of the American Asiatic Society, and Samuel Gompers, president of the American Federation of Labor, are expected to appear tomorrow before the subcommittee of the Committee on Foreign Affairs in connection with the Foster bill modifying Chinese exclusion law. It is understood the committee will postpone the hearing of other witnesses until after the return of Representative Kahn.

National Banks and Campaigns.

WASHINGTON, March 13.—The Senate Committee on Privileges and Elections today instructed a sub-committee, consisting of Senators Foraker, Knox and Bailey to examine the several bills to prohibit national banks from contributing money for campaign purposes and report whether, in their opinion, any of these measures, if enacted into a law, would prevent such evils in the future. The committee was instructed to draft a bill, if the pending measures are insufficient.

Treasury Disbursing Clerk.

WASHINGTON, March 13.—William S. Richards of Iowa, a clerk in the office of the Auditor of the State Department, has been selected as disbursing clerk of the Treasury Department. He is a personal friend of Secretary Shaw.

Interstate Commerce Penal Clause.

WASHINGTON, March 13.—Senator Lodge expects to draft an amendment to the House Railroad Bill to restore the penal clause of the Interstate Commerce Act, which was repealed by the Elkins anti-rebate law.

Los Angeles Banks' Reserves.

WASHINGTON, March 13.—[Exclusive Dispatch.] The Commercial National Bank of Chicago was today approved as reserve agent for the First National Bank of Los Angeles, and the National Bank of Commerce, New York, and the Bankers National Bank of Chicago as reserve agents for the National Bank of Commerce of Los Angeles.

FUNERALS OF DEAD MINERS.

Hundreds Buried Near Courriere, Many Caskets Being Carried by Mourners.

[BY THE ASSOCIATED PRESS—A.M.]

PARIS, March 13.—Hundreds of funerals are being held today at the towns surrounding Courriere, where the mine disaster Saturday resulted in the loss of over a thousand lives. Snow has fallen, but lines of mourners fill every road, many of them carrying caskets where hearses were not obtainable.

At Billin-Montagy, a rough altar was erected in the open air and funeral services were conducted over sixty bodies. Another and similar ceremony occurred at Mercourt over the unidentified dead.

The company's latest figures show that there were 1212 victims of the explosion.

Mining Director Meyer of Herne, Prussia, with his rescue corps of Westphalians, recovered twenty-six more bodies this morning. The heroic efforts of the Germans are exciting admiration and praise.

EXPECT AGRARIAN TROUBLES.

ROSTOFF (On the Don, Russia,) March 13.—With the advance of spring there are symptoms of a reappearance of agrarian troubles in a number of places in St. Vrapol province. The peasants are refusing to plow the land for the proprietors and indefinite reports from other provinces show that the peasants are bodily seizing and sowing the estates of the land owners. This too early, however, to determine how serious it will become.

TORTURED BY FIVE FIENDS.

Horrible Inquisition Methods Practiced on Suspected Thief by Koreans.

[BY THE ASSOCIATED PRESS—P.M.]

HONOLULU, March 7.—Via San Francisco, March 13.—Five Koreans on the Island of Hawaii have been accused of a murder of unusual atrocity. Their alleged victim was a fellow countryman suspected of stealing $56. They are said to have seized him in a cane field and then held an inquisition.

It is charged that he was beaten and cut and when he fainted his captors revived him with wine, of which they partook themselves, resuming the tortures when he was strong enough to bear the ordeal.

To add to his sufferings, salt is said to have been placed in his opened wounds. He died when fire was kindled under a portion of his body.

Besides the five men indicted, four others are in custody in connection with the affair.

IS LOST IN CLOUDBURST.

Searching Party Fails to Find Man Washed Away in Plunge Creek.

[BY THE ASSOCIATED PRESS—P.M.]

SAN BERNARDINO, March 13—The man lost in the storm last night near East Highland proves to be C. W. Bennet of Los Angeles. The searching party sent out last night returned at noon today from the hunt in Plunge Creek Cañon, and give it as their opinion that Bennet was killed when his house was washed away and that the body is covered by tons of débris.

His partner, W. Mattison, who still is at Fredalba, where he fled yesterday, sent down particulars today of the catastrophe. He said he was several yards from the house when a cloudburst occurred and, realizing the danger, he made for high ground.

Bennet was in the house, which, with all the surrounding trees, was wiped off the slope.

Another searching party was sent out this afternoon but no word has been heard from it. The lost man Bennet was aged about 55 years and has a daughter and an invalid wife in Los Angeles. The men were engaged in laying pipe line in Plunge Creek Cañon for the East Highlands Orange Company.

SOUTH SEA HURRICANE.

Heavy Damage Done in Tahiti and Loss of Lives Among Island Groups Alarming.

[BY THE ASSOCIATED PRESS—P.M.]

AUCKLAND (N. Z.) March 13.—The steamer Tavinui, from the Somoan Islands, has arrived here, bringing additional details of the storm which swept over the Society, Tuamotu and Cook's Islands, February 7 and 8. The first indications of the tempest discerned at Papeete were the falling of the barometer, February 6, and the increasing sea, February 7. The breaking of the waves on the foreshore caused the natives to evacuate their houses. The morning of February 8, the seas increased, and many houses were shattered to pieces. At 8 o'clock, the trees were leveled by the tornado. At noon, the worst of the storm had passed. The only white person who is known to have perished was a man named Lebolach, a caretaker who was drowned.

The damage to the harbor at Papeete is estimated at $600,000, and on the whole Island of Tahiti, $900,000. It is said several schooners were lost at sea.

The warship Selee reports that Tuamatu, a low archipelago, suffered severely. The small islands of Vlaro and Hukueru are said to have disappeared. Heavy seas swept over many islands, the natives seeking refuge by climbing cocoa palms.

Six lives were lost on the Island of Tahiti, including that of Father Pau, a Catholic missionary, who, after having sought safety in a tree for several hours, fell into the waves.

Twenty-five persons were drowned on Anae Island, on which the once beautiful district of Tuirare was reduced to a bare coral strand.

There were six deaths on the Island of Motutonga, where native divers saved the lives of many people who had been in the water twelve hours.

It will probably be some time before the damage to the Tuamotu Islands is known.

SUGAR AND STARCH

Please the Palate, but Sometimes Play Hob With Digestion.

Sugar and starch, as found in ordinary food are intended to supply energy and strength, keep up steam to drive the human machine, and this they do if properly digested.

But when the digestive apparatus has had too much work crowded upon it, or when it becomes weakened from any cause, the food decays (there is no other word so expressive) in the stomach and intestines, and not only produces gas to distend the stomach and crowd and weaken the heart, but promotes other disease conditions which develop into serious liver, stomach and sometimes heart trouble.

It is important that the food present the sugar and starch to the stomach in such form that they may be readily digested and pass to the nerves and blood to energize the machine without overtaxing the organs.

Grape-Nuts food does this perfectly. It is prepared by mechanical (not chemical) processes, similar to those through which food passes in the healthy human digestive machinery, and is, when taken into the system, pre-digested, soluble and easily assimilated. It is made of wheat and barley, and as it comes from the package, is adapted and grateful to even the weakest stomach of adult or babe.

A lady writes from Woonsocket, R. I.:

"Grape-Nuts," she says, "is truly a wonderful food. I have been practically living upon it for the last four months, and I am stronger today, both physically and mentally, than I have been before for years.

"For some 12 or 15 years I had lived on sweet and starchy foods until my digestive organs were almost worn out, and I had been troubled for a long time with nervous dyspepsia or indigestion in its worst form. Everything I ate fermented and I belched gas from my stomach most of the time.

"My doctor advised me to try Grape-Nuts and so I began using it 3 times a day, and it has done wonders for me. It has strengthened my muscles, toned up my nerves and rested my brain. The headaches that used to punish me have disappeared.

"I have gained strength to work and power to think. Grape-Nuts is worth more to me than all the medicine in the world.

"When my baby was cutting his teeth this summer I cured him of his bowel trouble by feeding him Grape-Nuts soaked in milk." Name given by Postum Co., Battle Creek, Mich.

There's a reason. Read the little book, "The Road to Wellville," in pkgs

BLIZZARD HITS SALT LAKE CITY.

FIERCE GALE AND SNOW FOLLOW RAIN STORM.

Wind Attains Velocity of Sixty Miles an Hour and Many Buildings in Course of Construction Are Unroofed and Wires Leveled—Traffic Tied Up During Day.

[BY THE ASSOCIATED PRESS—A.M.]

SALT LAKE CITY, March 13.—From midnight until daylight today Salt Lake was in the grasp of the worst storm of years. Beginning with a drizzling rain, a wind which attained at one time a velocity of sixty miles an hour followed. Signs were wrenched from their fastenings, chimneys were in many places shattered, and in some instances roofs carried away. New buildings throughout the city were rendered wrecks, and the loss to uncompleted structures will be heavy.

The Warm Springs bath-house just northwest of the city was damaged to the extent of thousands of dollars. The telegraph wires were paralyzed, but one in Salt Lake being workable. The wind was followed by one of the fiercest blizzards ever seen here. Street car traffic is delayed and street travel this morning is almost impossible.

YOUNG ROCKEFELLER OUT.

ST. LOUIS (Mo.) March 13.—[Exclusive Dispatch.] At the annual meeting of the stockholders of the Missouri Pacific Railway Company and of the St. Louis, Iron Mountain and Southern Railway Company, which were held here today, John D. Rockefeller, Jr., was retired from the Missouri Pacific board. James Henry Smith was elected in his place.

SILVERWOOD'S

FOR SUITS

If ever a city needed anything, Los Angeles surely needed the right sort of men's clothing. Then came the new Silverwood suits.

We're sorry now our clothing department wasn't started years ago.

No more "rough and ready" suits for Southern California.

Silverwood clothing has that same emphatic tone of quality you find in Silverwood scarfs or shirts.

We sell the suits "ready and right"—they're a little better and a great deal different than any other clothing you can find.
Prices $15 to $40.

An Even Six Thousand
New Summer Wrappers and Petticoats

Clean, New, Fresh Stock at Less Than Cost of Material

Several delayed shipments from a leading manufacturer of wrappers and petticoats were canceled and thrown back on his hands. Our buyer was on the ground with a spot cash offer, and the whole consignment came our way at a price that enables us to place them on sale at less than cost of material. Wrappers that you usually pay $1.25 for will be priced at 69c, and there are still better ones at 98c, $1.25, $1.48 and $1.75. Every conceivable kind and color. As for the petticoats, the ones we offer at 45c are fully worth 75c and $1.00, and there are several other lots at various prices. They will all be on sale in the Annex, main floor, today. It's a sale of great importance—one that you can't afford to miss. Read every item. Be here early.

75c Petticoats 45c
Women's petticoats, one style just like picture above; made of black percaline, with deep accordion plaited flounces, edged with ruffles, cut generously full, all lengths. These in black only. Good 75c values; also a line of wash petticoats made of seersucker, full flounce, with two 2½-inch ruffles, all lengths. These are in oxblood and lavender. Good $1.00 values. Today, in the Annex, each, 45c.

The Broadway Department Store

$1.25 Wrappers 69c
Women's wrappers, made of fine lawn in light colors only; exactly like cut above; trimmed with fancy braids—ruffle over shoulder; deep flounces at the bottom; small sizes only; the material alone worth more than you pay for the wrapper complete; cheap at $1.25. On sale today, in the Annex, main floor, come as early as you can, each, 69c.

$1.25 Petticoats 69c
Women's petticoats, made of fine sateen; cut full; 74 inches at top of flounce, which is 14 inches deep and has 3-inch ruffle and extra dust ruffle. Black only; all sizes. Regular $1.25 value and good ones at that. In the Annex, today, each, 69c.

Moire Petticoats 75c
Women's black petticoats, made of cotton moire, deep gathered flounce, good flare; have two 3-inch ruffles with under-flounce; looks as well as most $2.00 values; this is a snap. Sale price, today, in the Annex, each, 75c.

$1.89 Petticoats $1.25
Women's sateen petticoats in a variety of styles; of excellent material; well made; all have 16-inch flounce with extra underpiece; flounces have 1, 2 and 3 ruffles; all lengths; values up to $1.89; black only. Today, in the Annex, each, $1.25.

$1.50 Petticoats 98c
Women's sateen petticoats; 3 different styles to choose from; all cut good and wide with very deep flounce; trimmed with one and two ruffles; edged with hemstitching; extra good values at $1.50. On sale today, in the Annex, each, 98c.

Good Wrappers 98c
A splendid assortment of women's wrappers; made of percale, calicoes and lawn; light and dark colors; various styles; some trimmed with ruffles; deep flounces, and are cut very full and wide; all sizes from 32 to 44; no better $1.25 value to be had. On sale today, each, 98c.

98c Wrappers 75c
Women's wrappers of percale and calico; white and black and blue and white combinations; made with large sailor collar; some with small collar and berthas; many trimmed with fancy braid; flounces at the bottom; regular 98c values. For this sale, today, in the Annex, each, 75c.

Percale Wrappers $1.48
A splendid assortment of women's percale wrappers in light and dark colors; also wrappers of lawn, in light colors; all neatly made and trimmed with ruffle and braids; sizes 32 to 44. For this sale, today, in the Annex, each, $1.48.

High-Grade Wrappers $1.75
An extra fine lot of women's wrappers; made from best quality percale, lawn and gingham; all neatly trimmed in fancy braids; some with tucked yoke; these have ruffles with deep flounce at the bottom; cut very full and wide; high grade wrappers. Specially priced for this sale, in the Annex, each, $1.75.

Women's $2.25 Petticoats
$1.48
Women's petticoats, made from extra quality black sateen and cotton moire; six different styles to select from, including the 20-inch accordion pleated flounce effects; in the lot are attractive skirts with deep tucked flounce; trimmed with hemstitching; original patterns; values up to $2.25. For this sale, in the Annex, today, each, $1.48.

Women's $2.50 Petticoats $1.75
Women's sateen petticoats; made from extra quality material; light weight; deep flounce, trimmed with three accordion pleated ruffles edged with rows of hemstitching; five distinct styles in this lot; exceptional values up to $2.50. On sale today, in the annex, main floor, each, $1.75. This lot is particularly fine, both as to style and workmanship. Come early.

Women's Fine Wrappers
$1.25
A complete assortment of women's fine wrappers, made from best quality percale and lawn; newest patterns and styles to select from; both light and dark colors; all are prettily trimmed with tucks and ruffles and fancy braids; have deep flounces at the bottom and are cut very full and wide; sizes 32 to 44; the product of the best makers; would be cheap at $1.75. For this sale, today, in the Annex, each, $1.25.

Kodak Developing at Cut Prices
Today, Thursday and Friday, we continue the cut price offer on kodak developing; Brownie No. 1 and 2 films for 5c the roll; other sizes 10c the roll; 6 or 12 exposures. This department on the third floor.

Bargains in Dress Goods and Silks

MINISTERS QUIT.

President of Republic Leaves
Crisis in Complicated
State.

WIRE TO THE TIMES.]
ARES, March 13.—[Ex-
March.] The President was
at 9 o'clock, and
situation is very com-
owing to the constitu-
Alcorta remains
the government probably
under the support of the
coalition party, which triumphed at the elections Sunday.
All the ministers have resigned, and Señor Figueroa Alcorta replied that he would not act on the matter until after the funeral, but it is probable that the resignations will be accepted, perhaps with the exception of Dr. Gonzales, Minister of Justice.
There is no fear of disturbances. Perfect calm reigns throughout the country. The Mayor has addressed a circular letter to all the theaters requesting a suspension of performances.

WAITING AT ALGECIRAS.

ALGECIRAS, March 13.—The French and German delegates to the Moroccan conference are awaiting further instructions. In the meantime no progress is being made toward an adjustment of the details of the police and the bank.

CARNEGIE ENLARGES OFFER.

RICHMOND (Va.) March 13.—Andrew Carnegie today gave $10,000 to the railroad Y.M.C.A. here, and increased his library offer to the city by $100,000, making it $200,000.

GAS FOR FUEL.

Some men and women are content with wood or coal for fuel, but the up-to-date woman who has ever used a gas range will have no other.

RANTING "REDS" TALK MURDER.

ANARCHISTS HOLD THE WORST MEETING EVER HERE.

Revolutionary Speakers Make Shocking and Menacing Threats, Sparing Not Even the Pulpit and Howl for Blood — Anything but Treason Expressed Explicitly.

Yelling the menacing song to which the bloody deeds of the French revolution were attuned, the anarchists who gathered at Simpson's Auditorium last night, made the "Marseillaise" their hymn, too.

It was the most vicious, terrible meeting ever held in this city. It is astounding that the owners of the auditorium would rent the hall for such a purpose.

The stated purpose of the gathering was to "protest" against the imprisonmnet of Hayward and Moyer, the murderers of Ex-Gov. Steunenberg.

The meeting degenerated—if such a meeting could degenerate—into a shocking and menacing series of foul tirades, in which even the pulpit was not spared.

Open threats of revolution were made by walking delegates and organisers; such threat to be greeted with yells and howls of applause.

It is significant that no American flag decorated the hall in which these Soctrines were promulgated.

The usual threats and intimations of murdering the editor of The Times were thrown for good measure into the long-drawn howl of anarchy.

One of the worst was Arthur Lewis, an English anarchist who talks with a broad cockney. He is a shabby little bearded man with a voice trained to public speaking.

The following are extracts verbatim and absolutely accurate from the fiery speech he made:

"A man said to me today that he felt sorry for Haywood and Moyer.

"But I told him not to waste his sympathy. I told him there was not a man among us who would not be proud to be in their places."

The creature's voice rose almost to an insane scream as he added: "These men may be hanged. If they are, their blood shall be paid for in full by the capitalist class of this country.

"This is a fight of class against class," he said wildly, "and we Socialists of Los Angeles must be in the fight to the bitter end.

"It may be that our bones shall be broken in the fight, but it is better to die that way than by old age."

Another choice selection:

"We have shed our blood at the behest of these capitalists too many times. See how we did it in Cuba.

"Brothers, we should resolve that the next time our blood flows it shall be in a cause out of which we are to reap the benefits.

"It is a long time since the Haymarket affair of Chicago, but wonderful progress has been made by us since that time."

This fellow scraped just as near the danger point as he dared short of actual treason against the government expressed in explicit words. His ingenious insinuations were received with loud applause, showing they were perfectly understood.

B. H. Williams, the "organizer" of the "Independent Workers of the World," spoke just before Lewis; he was as bad as he could be, but he could not think of nasty enough things to be interesting. His audience was bored.

The last speaker was one "Rev." J. Stitt Wilson, who has tried a whack at being about everything. He tried to draw a pathetic picture of the martyr Hayward lying in jail in Denver, but it was not a success.

He then got to biting the air and letting out strange threats and yowlings like the rest—and made a hit.

He said that "we" will fight the capitalist class with our money and our brains (?) and "if necessary with our bodies."

During the earlier part of the evening, a collection had been taken, which excited Stitt's indignation.

Why," he hollered, "there wasn't money enough in that collection plate to pay postage from here to Idaho."

If Haywood and Moyer depend on getting their necks free of a noose on the funds raised last night, they must have a poor lawyer in mind.

Resolutions were passed by "the revolutionary working classes of Los Angeles"—frankly so designated—saying that they are not in favor of doing things to Hayward and Moyer.

Not an argument was given to show they were innocent of the crime—merely bald statements and threats against the government that presumes to punish them.

LAD DRIVES OFF THREE BURGLARS.

IT IS ALMOST LIKE STORY OF SAMSON AND GOLIATH.

When Boy Hears Outlaws Attempting to Break Into House He Rushes Out and Attacks Them—Hurls Bricks and Knocks One of Them Temporarily Senseless.

After a desperate fight with three burglars, a boy about 12, drove them away from his home on Berkeley avenue early this morning. For a time he fought the trio in a hand-to-hand combat, and when a brick hurled by him knocked down one of them they took to flight.

When the family of George Self of No. 2128 Berkeley avenue, heard some one attempting to unlock the front door shortly before midnight, they believed it to be Mr. Self, who had been detained downtown on business, and paid no further attention until they heard more than one man enter the house through the door.

This aroused the family, and the noise the various members of the household made frightened the burglars away, but not out of the neighborhood.

The trio of robbers walked almost directly across the street, and while one attempted to effect an entrance by means of the front door, the lock of which he attempted to work by means of a pass key, another placed a ladder to the side of the house with the idea of breaking in a window on the second floor.

The boy of the family slept downstairs. When he heard the outlaws endeavoring to break in he rushed out the back door and attacked the man on the ladder. This brought the would-be robber down, and, just as he reached the ground ,the boy struck him on the head with a brick.

The blow felled the burglar and rendered him almost unconscious for a few moments. His companions rushed to his assistance, but the boy had picked up several rocks of fair size, and these he hurled at them with such telling effect that the three were glad to retreat. The police were notified, and officers hurried to the scene, and found that nothing had been stolen. The officers neglected to learn the name of the heroic boy who had so valiantly fought off the burglars, but a further investigation will be made today, and for his bravery the lad will be complimented by the Chief of Police.

JUSTICE FINDS "BLACK HAND."

JURY RETURNS VERDICT AGAINST THREE ASSASSINS.

Gerardi, Peitro and Frucci, Who Murdered Contractor Farenio Three Weeks Ago at Warren, Pa., Must Pay the Penalty Unless Ex-Senator Allen Secures Them New Trial.

[BY DIRECT WIRE TO THE TIMES.]

WARREN (Pa.) March 13.—[Exclusive Dispatch.] Justice is at last being meted out to members of the murderous "Black Hand" society that has been terrorizing Western Pennsylvania. A jury today returned a verdict of guilty in the first degree against Frank Gerardi, Dominico Pietro and Antonio Frucci, who murdered Raphael Farenio, an Italian contractor, three weeks ago.

Farenio, whose life had been threatened by letters sent by the "Black Hand," was pursued through the streets by the men who were convicted today, and shot to death.

A motion for a new trial has been made by ex-Senator O. W. Allen, who defended the Italians. If this is refused, Warren county will witness a triple hanging.

SCUFFLE MAY SHOW MURDER.

DE LANGE'S DEATH IN NEW YORK RAISES DOUBT.

Sister-in-Law Hears Quarreling in Room Occupied by the Author, Later Sees a Young Man Leave Hurriedly, and Body Then Is Found With Throat Cut.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, March 13.—Louis De Lange, author of the "Globe Trotter," and other plays, was found dead today, and murder is suspected. The body was found in bed with the throat cut.

The suspicions of the police that De Lange was murdered are based on a statement made by the dead man's sister-in-law, Mrs. Alexander C. De Lange. About 4 o'clock this morning she heard the playwright, who lived in the same apartment house, come home and go to his room. Some one accompanied him.

Shortly after they entered the room Mrs. De Lange heard sounds of quarreling, and thinks that she also heard a scuffle. Then she heard her brother-in-law's voice exclaim: "Oh, God, don't do that."

Going to the hallway she saw a young man leave the playwright's room and go out of the house. This man, Mrs. De Lange said, walked as if intoxicated. She listened and hearing nothing more, from her brother-in-law's room, went back to bed. On arising this morning she told her husband what she had seen and an investigation revealed De Lange's body with the throat cut.

SCION OF WEALTH.
ARRESTED FOR FORGERY.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, March 13.—[Exclusive Dispatch.] J. N. McFarland, of a wealthy Boston family, is under arrest for forgery. He came here four months ago as Coast manager of the Fidelity Trustees and Receivers' Company of New York, at a salary of $10,000 a year. He began at once spending money lavishly in the local "tenderloin," and when coin ran out he forged checks.

These have been coming in for several days, and a warrant finally was secured for McFarland's arrest by J. A. Cochran, Chicago representative of the firm, who came out here when he learned of the irregularities. McFarland has wired to his family in Boston for help. One cause of his undoing was that he acquired the opium habit in Chinatown.

BAD CHINAMAN KILLED.
GAMBLER AND GUN FIGHTER.

[BY THE ASSOCIATED PRESS—P.M.]

SAN JOSE, March 13.—Jew Yuck, a Chinese gambler and gun fighter, known all over the State as "Charlie Joe," was tonight shot down and killed by an unknown assassin, on the streets of the local Chinatown. No witnesses to the murder have been found. Three shots were heard, and half an hour later the night watchman came across the body of Jew Yuck lying face downward, with two bullet wounds in his back.

"Charlie Joe" was a prominent member of the Hop Sing Tong, and the police hold him responsible for crimes committed all over the State. He has ruled Chinatown here for years, and was greatly feared.

JAPAN FAMINE RELIEVED.

Secretary of Legation Says American Contribution Helped Alleviate Suffering.

[BY THE ASSOCIATED PRESS—P.M.]

CHICAGO, March 13.—N. Satow, first secretary of the Japanese legation at St. Petersburg, stopped at Chicago yesterday on his way to Russia, where he will assume his official duties. Mr. Satow said that the famine conditions in Japan are being rapidly relieved with the help received from other nations.

"We wish to express to the American people our gratitude for the generous contributions of money and supplies which have been so liberally contributed by them for the purpose of relieving the awful conditions which have prevailed in Japan owing to the famine," said Mr. Satow. "The cause of the famine was the enormous quantity of rain which fell last season in the islands of Japan. The resulting floods ruined the rice crop and the people in many parts of the empire have died in large numbers for the lack of food. An unusual snowfall has been recorded this winter and we therefore expect a good crop of rice next year, for the water will be stored in the mountains to be ultimately used for the irrigation of the rice fields. We are hopeful that the great snowfall will be followed by a dry season."

CHIHUAHUA ZINC DEAL.

EL PASO (Tex.) March 12.—[Exclusive Dispatch.] W. K. Ryan has just consummated the largest zinc deal in the history of Chihuahua mining operations, having acquired 250 pertenencias at Los Piamos. It is believed that this deal was made in behalf of the zinc trust. Other properties in the same district are being taken up.

NEEDLESS ALARM.

Here's a poor man coughing away his lungs—at least, so his relatives think.

It's cough, cough hack, hack, hack; all day and sometimes all night.

"Must be consumption," think the alarmed ones.

And of course, there is always a possibility that they may be right.

But in most cases they're wrong; because Dyspepsia is so much more common than Consumption.

And Dyspepsia causes chronic Cough, just like Consumption.

The dyspeptic cough, it is well to remember, can be quickly cured by Stuart's Dyspepsia Tablets.

No need to be alarmed about it, unless you make up your mind to neglect it.

Then, indeed, you must look out for danger; for the Dyspeptic Cough often grows into a Consumptive Cough if neglected, by the constant lung irritation which it causes.

So the best way is to waste no time, but begin at once the use of these famous little tablets, the timely use of which has saved many a sick person from ending in a consumptive's grave.

Remember, however, if you please, that Stuart's Dyspepsia Tablets will positively NOT cure Consumption, but prevent it.

Of course, they can always be depended on to cure all the other symptoms of indigestion.

They are a universal cure, for one universal disease.

They cure nothing else; but what they do, they do thoroughly and well.

Stuart's Dyspepsia Tablets are the result of the most thorough investigation into the inside causes and the cure of Indigestion, that has ever been attempted.

They have solved a problem, the answer to which a hundred thousand physicians in America are today groping for in vain.

They cure the most severe, long-continued chronic, complicated cases of Indigestion that can be found. They are far ahead of the most modern medical practice, because the most successful physicians of the day, in the cure of diseases of the digestive organs, are using Stuart's Dyspepsia Tablets as a basis for their success.

They stoop to Stuart's to conquer.

And Stuart's lift them up, out of the rut.

If, therefore, you are a victim of this dread disease, which counts its victims by the million, brace up and take new heart, for you cannot fail to cure your trouble if you will only put your faith in this great remedy, Stuart's Dyspepsia Tablets.

They are positively, frankly, truly, a sure and permanent relief.

Try them.

Book on Dyspepsia free. Address F. A. Stuart Co., Marshall, Mich.

Ballard Pulmonary Sanatorium

WHERE CONSUMPTION IS CURED

The invalid who allows skepticism or prejudice to defer him from acquainting himself with the Ballard treatments is surely culpable. The Ballard system cures consumption by a combination of the most effectual and scientifically recognized treatments. The efficacy of the Ballard system has been clearly demonstrated hundreds of times within the last six years. The fullest investigation of this system and communication with cured people will substantiate our strongest claims.

RESENTS ARMY CRITICISM.

Nephew of the Spanish General, Primo-Rivera Knocks Down Deputy Sogiano.

[BY THE ASSOCIATED PRESS—A.M.]

MADRID, March 13.—As the royal cortege was passing the Chamber of Deputies, a nephew of Gen. Primo-Rivera, the former commander of the Spanish troops in the Philippines, savagely assaulted Deputy Sogiano for criticising the action of Spanish generals in Cuba and the Philippines. Señor Sogiano was knocked down and lost two of his teeth.

The assault followed united declarations on the part of Gens. Rivera, Weyler, Blanco, Polavieja and Linares, denying the charge of irregularity in Cuba and the Philippines. Gen. Rivera announced that he would resign from the army unless the government defended the generals against the charge, and Gen. Weyler declared that he intended to take their defense into his own hands.

Rivera's nephew thereupon determined to publicly assault Deputy Sogiano, who was chiefly responsible for the criticisms.

BLIZZARD CAUSES FLOOD.

Hamburg Visited by Severe Storm. Emperor William Gives Up Trip.

[BY THE ASSOCIATED PRESS—A.M.]

HAMBURG, March 13.—A blizzard is blowing the water into the harbor, flooding houses and driving vessels ashore. The country down the river is flooded and land batteries are continuously firing alarm guns as the landmarks are invisible, owing to the snowstorm.

Several minor shipping disasters have been reported.

Emperor William has given up his proposed trip to Heligoland on board the battleship Kaiser Wilhelm II.

TODAY AND THURSDAY

Until 9:30 P. M. and Then the

BIG MERGER PIANO SALE

with all its opportunities for frugal piano buyers will be a thing of the past. By acting at once you can save from

25% to 60% on Your Piano

That means $100 to $200 cash in your pocket; or on the easy-payment plan you can make the piano yours and PAID FOR in about ONE-HALF THE TIME you can if you let the chance get by you.

Remember that the pianos being sold at THESE UNHEARD-OF PRICES during THIS SALE ONLY are from the factories of the best makers. Names world-renowned are represented by the pianos we offer. Then every piano is new—no shop-worn or used goods. Some instruments, which were in transit when the merger was consummated, have been on the ware-room floor but a few days.

Come and select your piano. If your home is not ready to receive it now we will hold it without storage charge until you are ready for it.

Remember, we make terms to suit the purchaser.

New Draperies
For Spring and Summer

In our Drapery Department the new materials for Spring and Summer hangings are receiving much attention just now—bright, fresh Cretonnes, English and Scotch Crete Madras, Old English Linen Taffetas, etc.—fabrics of cotton and flax which rival in texture and colorings the most handsome silks.

In design these new arrivals run the gamut from accurate reproductions of old XV Century hand-woven materials, up through the Colonial stripes and conventional Craftsman creations to the dainty new floral patterns of the present season.

Our drapery stock is composed of high-grade materials, selected for their artistic merit, and we carry many patterns and weaves which are exclusive.

practically decided on a process, but we want to try one or two more processes before we fully decide. In the meantime, we are preparing plans for the big mill which will be delivered at the mine soon after the completion or the railroad. The mill will be large enough to treat all of our ores and all custom ores that we can get. We will leave one end of the mill open so that we can add to the batteries whenever it becomes necessary.

J. T. Stevens manager of the Harris Mining Company has wired to the eastern office a cash offer of $50,000 for the property of that corporation and the offer was turned down.

MEXICO RELENTS.

Fred C. Hagen of the firm of Pritchard, Hagen & Co., returning from Cananea, brought the announcement to Phoenix of the issuance by President Diaz of a general proclamation rescinding in its entirety the order set forth some time ago prohibiting foreigners to the republic of Mexico from acquiring property either by denouncement or purchase.

This proclamation just issued by President Diaz removes the restrictions placed on foreigners by the former order and places Americans and American interests in the country on the same station as existed before the proclamation of January. The proclamation was received yesterday at Cananea by Mexican officials.

Its receipt was the cause of general elation and satisfaction to all Americans, as well as the citizens of Mexico, as the latter thoroughly recognize and appreciate what American capital, enterprise and push have meant in the past, and will mean in the future for the development of their country.

The setting aside of the restrictions which were placed on foreigners some time ago will doubtless be followed by a revival of activity in the republic, as large numbers of Americans hold vast mineral territories. President Diaz's last proclamation referred to will doubtless place matters so that all denouncements that have been held up on account of the previous orders restricting foreigners will be properly cared for and titles given to the parties having made the denouncements.

Mr. Hagen says a certification of the general proclamation rescinding the previous order is now in the hands of President H. M. Whitney, of the San Francisco Mining Company, the certification being given him by the proper authority at Cananea. The San Francisco company is one of many American organizations which made denouncements shortly before the issuance of the restricting order, and those interested are highly pleased over the last decision.

CZAR TAKES PRECAUTIONS.

Troops Held in Readiness in Case General Railroad Strike Materializes.

[BY THE ASSOCIATED PRESS—P.M.]

ST. PETERSBURG, March 13.—It is rumored that the officers of a guard's regiment, upon receiving orders to go to the Baltic provinces to participate in the "pacification" of the country, met and resigned in a body. The name of the regiment is not given and the rumor cannot be confirmed tonight.

Ugly reports of another general railroad strike in Moscow are current. The government is taking exceptional precautions and battalions are being massed at Moscow to take the places of strikers, and military trains are held in readiness at the various stations to proceed in any direction.

Emperor Nicholas in receiving a deputation of Tula peasants who presented him today with a loyalist address, and an ikon, made the following significant remarks:

"Do not allow yourselves to be influenced by the enemies of public order who are going throughout the villages exciting the peasants. Do not take the law into your own hands, but deliver the agitators to the authorities by whom they will be judged with all severity."

"AMERICAN" WITH "SIR."

Wealthy Titled Englishman Held Up by Immigration Inspector on Fine Point.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, March 13.—[Exclusive Dispatch.] Sir Arthur Stepney, a wealthy Englishman, who owns 10,000 acres of land in California, was held up for a few minutes today, by an immigration inspector on the Red Star steamship Kroonland, as that vessel came up the bay.

Sir Arthur's ticket said he was an American, and the inspector wanted to know how he could be an American and own the title of "Sir." The baronet said he did not know how it got on the ticket, but he "would be hanged if he wouldn't just as soon be called an American as anything else."

However, the inspector changed the word American to "Englishman," and passed him.

FAMINE FUND INCREASED.

WASHINGTON, March 13.—The American Red Cross yesterday sent to the Japanese Red Cross an additional contribution of $5000. This makes a total of $45,000 which has been contributed for the famine stricken provinces of Japan.

PILES 14 YEARS

Terrible Case Cured Painlessly with Only One Treatment of Pyramid Pile Cure.

Free Package in Plain Wrapper Mailed to Everyone Who Writes.

"I have been a terrible sufferer of piles for fourteen (14) years and during all this time you can have an idea of how many kinds of medicine I tried. But I found no relief whatever. I felt there must be something that could cure me without having to undergo an operation which might kill me.

"Now, after trying but one treatment of your 'Pyramids,' I am free, free to tell all sufferers of this dreadful disease to try this medicine—Pyramid Pile Cure. It will cure when all others fail. Sincerely yours, George Branleigh, Schellburg, Pa."

Any one suffering from the terrible torture, burning and itching of piles, will get instant relief from the treatment we send out free, at our own expense, in plain sealed package, to every one sending name and address.

Surgical operation for piles is suicide, cruel, unnecessary and rarely a permanent success. Here you can get a treatment that is quick, easy to apply and inexpensive, and free from the publicity and humiliation you suffer by doctor's examination.

Pyramid Pile cure is made in the form of "easy to use" suppositories. The coming of a cure is felt the moment you begin to use it, and your suffering ends.

Send your name and address at once to Pyramid Drug Co., 11892 Pyramid Building, Marshall, Mich., and get, by return mail, the treatment we will send you free, in plain, sealed wrapper.

After seeing for yourself what it can do, you can get a regular, full-size package of Pyramid Pile Cure from any druggist at 50 cents each or, on receipt of price, we will mail you same ourselves if he should not have it.

It is Easy

To brand a beer "Pure," but actual purity means to double the cost of the brewing. That is how we attain it.

Schlitz beer is brewed in absolute cleanliness, and cooled in filtered air. Then it is aged for months to avoid causing biliousness, then filtered through white wood pulp. Then every bottle is sterilized.

That is why Schlitz is unique for its purity.

Ask for the Brewery Bottling.
Common beer is sometimes substituted for Schlitz.
To avoid being imposed upon, see that the cork or crown is branded

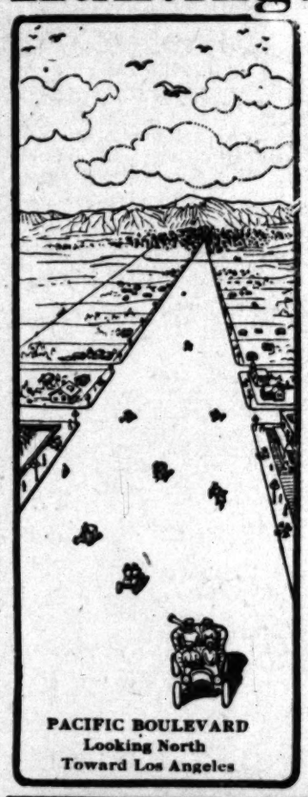
216 No. Main St., Los Angeles

On Pacific Boulevard—Through the Heart of Huntington Park Extension.

Huntington is building Pacific Boulevard right through the heart of Huntington Park Extension—twenty miles straight to Long Beach from Los Angeles—a grand, wide electric lighted highway, just like the papers have been talking about so much lately. (See editorial page Sunday Herald, March 11th, or come up to our office and we will show it to you. Or better yet, take you down and show you the actual boulevard being built.)



PACIFIC BOULEVARD
Looking North
Toward Los Angeles

Remember the building and improvement oceanward are confined to a few narrow strips of only a few blocks or a mile in width, and along Pacific Boulevard is the main line of activity, paralleling, as it does, those other two great arteries—the Southern Pacific new motor car line, and the Pacific Electric railway.

And we are only now just barely outside the city limits of Los Angeles, and have 5c fare with book. Come up to our office for free ticket, or just take Whittier car at Huntington Depot, Sixth and Main, and be sure and get off at Huntington Park Station, right on Pacific Boulevard. Walk north two blocks, if our carriage is not there to meet you. Office closed Sunday. Do business today.

ELEGANT HOME AT BELOW-VALUE PRICE.

This is a brand-new eight-room, east and south-front home, situated on a northwest corner among other desirable homes. Everything about this property is first-class. The hall, library and den have imported French hangings, Cory seals; paneled walls; wooden friese; handsome pressed-brick mantel; art-glass windows; oak floors; anitque oak finish. The ceiling of the dining-room is heavily beamed; dining-room has handsome friese and plate rail entirely around the room. Also a number of French windows, and very fine old-gold mantel with massive shelves and paneled back. The house contains a modern pass pantry in white, and an up-to-date kitchen. Four beautiful bedrooms upstairs; large and sunny; are beautifully colored and have abundance of closets. The bathroom is a dream of beauty. The walls and ceiling artistically executed in oil by an Italian artist of note. The floors of bedrooms are of maple and highly polished. We present the owner of this property, and if you are looking for a desirable home at a very desirable price, you will make a mistake if you don't investigate this property.

FOR SALE—

SCARCITY OF HOMES.

There is no portion of the city where so few homes are offered for sale as the section CLOSE IN on the hill between W. Third and Sixth st. If you resided there you would appreciate the reasons; first, it's within 10 to 15 minutes' walk of Broadway and the business center; second IT'S THE most delightful climate within the city limits; NO FROST; NO HARSH WINDS; NO STANDING WATER; in fact, perfect health cannot be found, and with all these favorable conditions property is VERY CHEAP when offered.

WE HAVE A CLIENT
WHO IS CALLED TO ALASKA.

He owns the finest corner on the hill, 150x116, improved with a beautiful NEW 9-STORY BUNGALOW which cost $2850 to build. We are instructed in order to effect a QUICK SALE to sell at just what the ground is worth. If you are looking for a home it will pay you to come in and talk this over.

FOR SALE—
MUST BE SOLD BY MARCH 15TH.

The most artistic and complete 7-room house in the West Adams section; in fact, we do not hesitate to call it perfect, in construction, equipment and location. Has large living room with handsome fireplace, and built-in bookcases; very pretty music or reception room, attractive dining-room, most convenient cabinet kitchen, three large bedrooms and bath, all beautifully finished, hardwood floors, artistic lighting fixtures, specially designed doors. Monarch water heater, supplying boiling water at every faucet, day and night; everything of the most expensive order even to the stationary tubs which were made especially for this house. The lot is 50x150 to an alley; east front, close to West Adams, on a beautiful street. Price $6500, on terms.

"IT PAYS TO SEE US."

MINING—

"AN UNEQUALED OPPORTUNITY."

You can get in with a syndicate of the best representative business and mining men in the city, on ground-floor terms. THIS DESERVES YOUR ATTENTION, whoever you may be, a banker, lawyer, doctor or merchant, or the man with a few hundred dollars. Here is the best chance to make your dollars grow, and do it in a very short time. You can buy a small interest in a business that we believe will make every man in it a comfortable income for life. We can give you facts and explain this to you by causing you very little trouble in calling at our offices. You will only have this privilege until the 24th of March, then it will cost you just 100 per cent. more. We explain the reasons why nothing was ever offered in this city at such reasonable figures that has the merit and the great profitable future and sure of success as this. We furnish the best of reference as to our ability, integrity, etc. Call at 327-28 PACIFIC ELECTRIC BLDG.

FOR SALE—11 QUARTZ MINING CLAIMS, covering one of the largest bodies of gold-bearing rock in the world; one reef measuring 100 feet in width, and showing a continuity of 2000 feet in length; situate about 18 miles from Colorado River and 26 miles from Yuma, Ariz.; cheap for cash or will bond pending development. For further particulars address JAMES MILTON, Yuma, Ariz. 15

SIERRA SYNDICATE,
713 H. W. Hellman Bldg.

What they wanted was that Phoenix should be favored with an extension to this city of what is known as the "Tucson jobbers' rate," a discrimination that gives the wholesalers of Tucson an advantage deemed unjust. Though Phoenix is sixty miles nearer Los Angeles than is Tucson, it pays more for freight from the coast. The reason in the past has been that Phoenix has been reached only through independent branch lines from the main trunk lines. Now the braches have been absorbed by the trunk systems and it is hoped that the excess charge will be wiped from the tariff sheets.

OHIO SOCIETY.

At the Ohio Society meeting last night in the Woman's Club House, A. L. Ross was elected to represent the society at the Arbor Day exercises Friday in Elysian Park. Over 400 ex-Buckeyes and visitors were present, and after a pleasant programme of music and short talks, dancing was enjoyed until midnight. Rev. Hanna, who has been in California for fifty-four years, was the principal speaker.

A PUBLIC CALAMITY

[By Editor Wood of "Wine and Spirit Review."]

Editor Bohanna of the "Town and Country Magazine" in a recent editorial on the discovery in this city of a specific for chronic Bright's disease declares from personal knowledge that the curability of this hitherto deadly disease is now an established fact. He closes a strong article thus:

"Many broad physicians are using the new diuretic, but in view of the terrible annual death list from this disease the fact that medical ethics prevent them from proclaiming the discovery to the world because the formula is the personal property of individuals, in this instance practically amounts to a public calamity."

Well said. It is a public calamity. Here is a disease that is supposed to be fatal that is carrying off 60,000 to 70,000 people annually, according to the census, and yet actual tests in this city show that nearly nine-tenths of the cases can and do recover under the new treatment. And if the question of the curability of chronic Bright's disease was on trial before the Superior Court, hundreds of citizens of this city, including capitalists, professional and business men, could go into the witness box to swear to their recoveries, and among them would be the editor of this publication. Five years ago I was believed to be beyond further help—a clear case of Bright's disease in the chronic stage. I was sent South to prolong life. Recovery seemed as impossible as a bolt of lightning from a cloudless sky. The new diureticwas brought into the case. In six months I was as well as I ever was in my life. I told several others. They got the same results.

It is greatly to be regretted that unscrupulous medical advertisers have brought almost universal discredit upon their announcements, for with the usual channels of publicity distrusted and the hands of the medical profession tied by ethics, there appears to be no open channel through which the people of the whole country can be at once apprised in a convincing way of the profound results of Fulton's memorable struggle with this disease.

There is one way, and that would be for Congress to make an appropriation and procure the formula and give it to the Associated Press to be telegraphed all over the United States. It would in this way be at once universally available and would save tens of thousands of lives that would otherwise be sacrificed before it is generally known. With over 60,000 deaths a year from Bright's disease in the United States alone, is it possible that the saving of a majority of this vast army can be measured by any reasonable consideration?

I understand that a relative of Senator Perkins by marriage, a 32-degree Mason and a prominent citizen of Philadelphia, was saved by the new diuretic, and am also advised that a relative of one of Senator Flint's valued friends has likewise recovered—in both cases after the finest professional services to be had had been exhausted. This should carry it directly home to them. As one of the survivors of chronic Bright's disease and representing many more whom I know personally, I respectfully present the matter to United States Senators Perkins and Flint for their serious consideration.—[San Francisco Wine and Spirit Review.

If any one having knowledge of a case of Bright's Disease or Diabetes will send us the name and address, we will see that they are sent full literature concerning this remarkable discovery.

Owl Drug Co., Los Angeles.

We Cure Men for $12.50

Until March 25th, We will Treat any Single Ailment Except Rupture and Blood Poison for $12.50

Our Guarantee is **Not a Dollar Need Be Paid** Until Cured

Our Special Offer: In view of there being so many afflicted with private chronic and pelvic diseases who are treating with quack specialists and inexperienced physicians without receiving any benefit, we have decided to make a special offer to charge only one-half our regular fee for curing those who are now undergoing treatment elsewhere and are dissatisfied, provided they come to us before March 25th, 1906. For instance, if you are afflicted with either Piles, Rupture, Varicocele, Hydrocele, Stricture or Nervous Decline, our charge for curing either of which without any complications, is $25.00, we will cure you for $12.50, and accept the money in any way you may wish to pay. We will also cure contagious Blood Poison for $25.00, which is just half our regular fee. This liberal offer is made to enable those to be cured who have spent their money in doctoring without relief and to show the many who have treated with dozens of physicians without benefit that we have the only methods that produce a lifelong cure.

CONSULTATION FREE AND INVITED—Our reputation and work is not of a mushroom growth, nor is it the experience of one man. In complicated cases the entire staff consult without extra charge, thus getting the knowledge of five instead of one. We are incorporated and chartered by the State of California, and our reliability cannot be questioned.

Write if you cannot call. All correspondence strictly confidential, and all replies sent in plain envelopes. Inclose 2-cent stamp to insure reply. Office hours—9 a. m. to 5 p. m. Evenings, 6:30 to 8. Sundays 9 a. m. to 12 noon.

Blood and Skin Diseases a Specialty

Rupture, Piles, Varicocele and Strictures Cured Without Cutting.
MELVIN B. SYKES, M.D.
423½ South Spring Street, Grand Pacific Hotel.

Men Be Strong

We want to impress it upon every Weak man that we can make him strong. Vigorous, Healthy, Alert and free from every taint of disease and weakness. We have limited our specialty in practice to only a few of the more important disorders so we could KNOW these thoroughly. Experience along this one path for 17 years qualifies us in stating that such troubles as Lost Vigor, Varicocele, Hydrocele, Contracted Disorders, Contagious Blood Poison, Stricture and "Weakness" can be cured perfectly—as to stay cured. Of course we use different methods than the ordinary physician. Most of them are original with us, and were devised for just such cases as the ordinary course of treatment fail to reach. We have such confidence in our abilities that we are willing to PROVE our claims first; then you can

Pay When Cured

By these terms you have nothing to risk, as the failure would be our loss. BUT WE WILL NOT FAIL. Our acceptance of a case is equivalent to a cure, as we will not undertake the treatment of any one beyond help. However, there are very few incurable cases. A disease is not incurable simply because it has been treated by other physicians—no matter how many. The RIGHT treatment will cure when all others fail. Don't experiment and delay while your case is growing worse. Consult us about it at once and get advice FREE. You have nothing to lose by calling and having our methods explained to you. We make no charge for consultation either in the office or by mail.

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Flag Half-masted.

The City Hall flag was placed at half mast yesterday on account of the death of Susan B. Anthony.

Free Lecture on "Egypt."

Garvanza's Big Rain.

Robert H. Lindsay, weather observer for Garvanza, reports that the rainfall for the storm just past amounted to 3.56 inches, making the total for the season at Garvanza, 13.56 inches.

This evening at Bethlehem Hotel, No. 510 Vignes street, Walter L. Stanford will deliver a free illustrated lecture on "Egypt," opening at 7:30 o'clock. The lecturer has spent many years in the land of which he will talk.

Will Dedicate Wesley Chapel.

Trustees of Wesley Chapel Methodist Church have set April 22 as the date for the dedication of their handsome new church on East Eighth street. Dr. Robert McIntyre, Dr. A. W. Adkinson and other prominent Methodists will make addresses.

Hanford's "Othello."

Special interest attaches to Charles B. Hanford's local theatrical appearances by his presentation of "Othello," a Shakespearean master-work seldom seen on the stage today. Mr. Hanford will open his brief season at the Mason Operahouse tomorrow evening.

Turnverein Germania Social.

The Turneverein Germania will give a social Sunday evening in Turner Hall, Main street near Third, to which all the German societies of the city have been invited. The Gothenburg system of controlling the liquor traffic will be discussed by several speakers. There will be a programme of instrumental and vocal music.

Arrested With Ivory.

Max McKay, a young man employed by the Brunswicke-Balke-Collender Company, was arrested yesterday afternoon on Ruth avenue, with about $75 worth of unturned ivory in his possession. The company has been missing ivory. The police believe they have caught the man who has been taking the valuable material from the company.

Event for the Maccabees.

D. P. Markey, supreme commander of the Knights of the Maccabees, from Port Huron, Mich., will be the guest of the local membership today and tonight. He is accompanied on a tour of California by S. W. Hall of Oakland, great commander of the State. This evening at 8 o'clock Mr. Hall will speak at Tent No. 2 ,No. 129½ West First street, to all members of the order who can attend. There are 3500 Knights of the Maccabees in Los Angeles.

"Oppenheim Pictures."

Dr. A. S. Isaacs, professor at the University of New York, has accepted an invitation from the Congregation B'nai B'rith and its rabbi, Dr. Hecht, to deliver one of his illustrated lectures here. The subject will be the celebrated "Oppenheim Pictures," illustrating Jewish home life, and incidentally the doctor will show some pictures of ancient synagogue architecture. Dr. Isaacs will speak at Temple B'nai B'rith tomorrow at 8 p.m. and the public is invited.

Funeral of Miss Orr.

The funeral of Miss Rose Orr, sister of Rev. William Orr of Cambridge, Mass., took place at Redlands yesterday morning at 8 o'clock. There was a solemn requiem mass in the Church of the Sacred Heart, with Rev. Thomas J. Fitzgerald as celebrant; Rev. D. W. J. Murphy, of the Church of the Blessed Sacrament, Hollywood, as deacon, and Rev. J. F. Hefferman of Framington, Mass., as subdeacon. The body will be taken East today by Father Orr, accompanied by several eastern friends, and the interment will take place at Cambridge next Tuesday.

Suit Against Western Union.

H. H. Heiner has commenced an action for damages against the Western Union Telegraph Company in the United States Circuit Court, the original suit having been started in the Superior Court. Heiner who states that he is qualified as a newspaper editor, alleges that during the fall he endeavored to obtain employment with Hildreth Brothers, a Corona firm, and that on November 23 wired an acceptance of their terms. The complaint states that the wire was not delivered to the parties intended and that the Hildreths gave the position to another person in consequence of Heiner's apparent delay. The complaint asks $3000 damage and costs.

Edendale Wants Music.

The Edendale Improvement Association met last night in the Edendale Hall on Alessandro street and a large number listened to the reports of committees on neighborhood improvement. Through the activities of the association ten new electric lights have been secured for the neighborhood. The most interesting matter taken up was the plan for regular Sunday afternoon band concerts at Echo Park. It is expected that the various improvement associations of the Second Ward will join with the railway companies in supporting the band, and that the weekly concerts will be begun within this month. After the business session there was a literary and musical programme. Tuesday evening the after-business entertainment will be a "hard times" social.

For Mine Disaster Sufferers.

The executive committee of the Society of Charity of French Women in Los Angeles is forming plans for a large benefit concert, the proceeds to go to the families of the victims of the horrible mining disaster near Lens, France, Saturday morning. It is purposed to give an entertainment in about fifteen days, intended to appeal not only to French people, but to every nationality, the programme to be composed of vocal and instrumental music, and dramatic pieces, the talent of the city to be drawn on for service. Lists are being prepared for subscriptions, and will be placed in the leading business houses. The money to be forwarded to the President of France for distribution. Mmes. A. Fusenot, president; M. Durand, secretary; Mr. Naud, treasurer of the society; Mme. J. Auclair of the Alliance Francaise, and A. Fusenot, at the Ville de Paris, are interesting themselves in the proposition.

Fire and Excitement.

A good deal of excitement was caused on Adams street near Hoover yesterday morning at 9:30 o'clock by a fire in the residence of Miss Mary Clark, No. 1124 West Adams street. The blaze was caused by a defective flue, starting from an air-tight stove in a room on the second floor, where Mr. Randall, an uncle of Miss Clark, was lying ill. The fire began in the ceiling and had made considerable headway before it was discovered. Two engines responded to an alarm. Meanwhile the sick man had been carried downstairs to a room on the first floor and neighbors assisted in removing the furniture from the house. Bedding, rugs, curtains, pictures, chairs and tables were tumbled out onto the lawn. An elegant baby grand piano was hauled out on the piazza and a pianola deposited in the yard. Five hundred dollars will cover the damage, mostly from smoke and water. The University line street cars were held up half an hour by hose.

Choice Cut Flowers.

A large variety of floral designs can be secured from J. W. Wolfskill, No. 238 West Second street.

BREVITIES.

The Mesa Grande Tourmaline & Gem Co. is producing thousands of dollars' worth of tourmalines and other semi-precious stones. Machines are now being made for the lapidary which this company will establish in Los Angeles. By March 15 this lapidary will be running and hundreds of dollars' worth of gems will be cut and polished every day. The company is being financed by the Southwestern Securities Co., No. 502 H. W. Hellman Bdlg., where a beautiful display of cut and rough gems may be seen.

We have no right to ask for your business if we cannot either furnish you better paints at the same prices, or paints of equal quality for less money, than you can get elsewhere. We know we can do both, and we only ask you to investigate our claims by comparison with what you find elsewhere. P. H. Mathew's Paint House, 260 South Los Angeles st., just one square east of the old location, 240 South Main st.

There's a World of Satisfaction

in knowing that your clothing is absolutely correct, down to the smallest detail. There's a sense of comfort about that knowledge and a feeling of confidence that is worth every penny it costs.

It doesn't cost much if you're a Brauer-Krohn customer.

We've had all our tailors and all our cutters busily working and practising on the 1906 styles in Suits and Spring Overcoats. We've got them to the point where we know that no garment turned out by Brauer & Krohn will be one single point out of the way.

Just to prove our words, don't you think you had better allow us to make your 1906 Spring and Summer clothes? We will be glad to show you through the line, even if you are not quite ready to order.

New Spring goods all in. See the new "King's cloth" shepherd checks and gun club checks, etc.

BETTER ROADS COUNTY HOPE.

Boulevard Plan Considered by the Supervisors.

New Law May Be Tried to Improve Conditions.

Chamber of Commerce Takes Hold of the Idea.

The absolute necessity for steps to extend and improve the highways of this county has prompted the Supervisors to consider the advisability of taking advantage of a special enactment by the last Legislature, having for its purport the construction of a system of boulevards throughout California.

All kinds of difficulties have confronted the Supervisors whenever extraordinary measures have been proposed to extend the road system of Los Angeles county, other than by the routine method of payment from the road funds of the different districts. Not a ranchman but knows that the tax of any one district is wholly insufficient to do more than keep the existing roads in order, and make occasional extensions. Repeatedly the suggestion has been made by the Supervisors to their constituents to change the plan, and instead of frittering the limited amount of money received from the tax upon repairs, and the making of earth roads, to expend for repairs only such amount as might be absolutely necessary, and appropriate the main bulk of the tax to making each year a certain length of permanent roadway. By such method, in a series of years, the highways of the county might be transformed into good, permanent and sightly boulevards.

But to this plan a chorus of dissent has arisen every time. The ranchmen demand that such roads as they have be maintained, and to do that the road money in each district is applied with a very indifferent return upon the investment. But throughout the country there has scattered a class of growers and ranchmen who are good business men, and these, to a man, are dissatisfied with existing conditions. They realize to the full what the older settlers fail to grasp—that good roads have an actual money value in the working of the orchard or ranch, and as business men they are seeking to make money in every legitimate way they can. The old rule-by-thumb ranchman is being shoved to the wall, and farming or fruit growing is now carried on, not by a man following the plow from morning until night, but by the man of executive ability, the man of brains.

THEY SEEK IMPROVEMENT.

These are the men who are crying out that something shall be done in their interest by improving road facilities. For in Southern California, besides having a very direct bearing upon the profitable working of the ranch, good roads have an aesthetic value. While the sense of the beautiful may not be widely diffused, the tourist crop returns are large, and may be made much larger by the same careful nurture bestowed upon any other crop. Good roads take the tourist far afield in automobiles, and with readier communication land values steadily advance.

Under the so-called "boulevard law," twenty-five freeholders may petition the Board of Supervisors to establish a boulevard district, setting out the proposed boundaries, the number of acres embraced, a description of the boulevard projected, and the route it will take. Thereupon the Supervisors are empowered to call an election to pass upon it, and issue bonds to pay the expenses sought to be incurred. Any boulevard constructed under this law must be at least 100 feet wide, and no franchises for electric light, telephone or telegraph wires or poles can ever be granted. It is also provided that upon such a boulevard no heavy teaming wagon with less than four-inch tires shall be permitted.

Such boulevards as these would open up the county, and when lined with trees, would afford access to points of beauty not at present readily accessible. It is believed that they would be splendid investments, and when other counties joined in the movement there would be a recrudescence of the old-fashioned country inn, where travelers might be regaled, either in passing, or might remain overnight.

But the Supervisors are confronted by a complex situation. To carve out a boulevard district and condemn right of way would mean an expense that the voters in no district would be likely to undertake, though merely as an investment it might be profitable. But country residents cannot afford investments, willing as they are to be taxed for such improvements as may increase the returns from their ranches and orchards. The alternative mode of procedure would be to select some of the main highways at present existing, and convert them into boulevards. But the ordinary highway is sometimes less than half a hundred feet wide. It is believed that the larger percentage of land owners would be perfectly willing to deed to the county a strip of land for road purposes, knowing that they would get a return that would very much more than compensate them for its value; but it is also thought that along any boulevard route there might be a sufficient number of owners belonging to the old stagnation school who would refuse to cooperate, and their land would have to be condemned. And if these were in any number, the cost would run up so as to make the scheme prohibitive.

COMING UP TODAY.

Under the general road law, the Supervisors have authority upon petition being presented, to declare a new road division in any district not included in any existing one, and the people in such new division may vote for a special tax to be levied for road making in the usual way. But the difficulty in working under this section of the code is that better, wider, more substantial and more beautiful roads are needed in the well-settled places, which are already included in road districts.

Some time ago the Chamber of Commerce, through a committee, took the subject up, and today that committee will meet to compare notes and try to evolve a workable plan by which road-making throughout the county may be carried on in a systematic way, and with the element of permanence as a prime factor. This committee consists of Lee McConnell, Robert McGarvin, R. D. Wade, Mr. Blanchard and George Alexander.

Whatever scheme may be evolved, it is realized that it must be on a co-operative basis—that is, that the working plan must be such that every ranchman and land owner will, or ought to give ready countenance and support, realizing that individually he is going to reap the benefit in dollars and cents.

Y.M.C.A. FOR NEGROES.

Steps Taken to Establish Colored Branch of the Work Soon in Los Angeles.

It is probable that a branch of the Los Angeles Young Men's Christian Association, to supply the especial needs of the negro young men, will be established here within a few weeks. Steps in this direction were taken yesterday, at the weekly meeting of the colored pastors.

Next Tuesday morning Secretary Luther of the Y.M.C.A. will formally present the details to this same body, and it is believed that the new institution can soon be opened in temporary quarters.

Some time ago the Y.M.C.A. executive board voted to establish such a branch, if the colored people of the city would agree to become responsible for its financial support. The only satisfactory manner in which the project could be brought before the colored people is through their churches, and this indorsement of the ministers, yesterday, practically assures success.

It is expected that temporary quarters can be secured in either the African Methodist Church or the Wesley Chapel Methodist Church. Both have commodious new buildings, with basement suitable for the special work of the Y.M.C.A.

There is a negro population of more than 10,000 in Los Angeles, and it is the belief of the promoters of the branch Y.M.C.A. plans that this institution will find a great field.

Rev. G. A. Bryant, pastor of the Wesley Chapel Church, said yesterday that twenty-five bright, intelligent young negroes had applied to him to bring about for them the advantages which the white youths have laid before them in the Y.M.C.A., and he believes this is but a beginning, and that the colored youths would gladly avail themselves of the opportunity to attend night classes, receive manual training and have the privilege of systematic gymnasium work.

It is the belief of the colored preachers that while temporary quarters may be supplied by one of the churches, a permanent home for the branch Y.M.C.A. can soon be secured through the contributions of the negroes of the city and vicinity.

NOISY BOYS' SHRED NERVES.

WOMEN TELL TROUBLES TO THE POLICE COMMISSION.

But They Get Little Sympathy, as the Spirit of the Day Seems to Be With the Youngsters—Residents of the Hill District Complainants of Unceasing Racket.

The rights of children: when do they conflict with the pleasures and privileges of grown-ups?

This question is agitating the Police Commission and certain sensitive lady residents of the hilltop west of the town's heart. Mrs. J. Kiefer, acting for a number of Grand avenue folk as well as for herself, put in a complaint before the Police Commission yesterday morning. The children are the several score who live in the district, bounded by Court and First streets, Bunker Hill and Grand. It is alleged that they play all too riotously over the vacant lots there, running wild from out-of-school hours to bed-time, making noise and commotion without let or hindrance. As stated, Mrs. Kiefer presented the matter to the Police Commission, and then she was sat upon by the Mayor, and finally bowed out.

Mrs. Kiefer and her friends are very wrathy, and say that something should be done to preserve the peace of the town. The Police Commission believes that well enough is better let alone, and that kids howling joyously on a vacant lot are far better off than quiet kids who plot devilry and surreptitiously smoke cigarettes.

Mrs. Kiefer said to a Times reporter: "The houses on the hill are full of children who don't get any care at home at all. I love children, but the way some of these apartment-house families bring up their youngsters is a disgrace on civilization. They do everything but eat and sleep out-of-doors, and more than half the time their mothers couldn't account for them to save their lives.

"One woman on the hill is particularly fond of letting her whole family run wild in that way. A friend of mine suggested that it might be more profitable for her to devote some attention to her children instead of all her time to outside things. To this she replied: 'Well, I have so much to do that it seems to me you might volunteer to look after my children a little bit.' This is the sort of spirit, this shirking of motherhood, that seems so disgraceful to me.

"The little boys run wild not only on vacant lots, but tramp over people's private property, yelling and carousing like a typical band of hoodlums. I am not in favor of suppressing their fun, but I do think police warnings should be given them to keep within the bounds of law and order.

"With several of my friends, I am thinking of sacrificing my property on the hill, merely to get away from the unceasing racket that these poor, uncared-for little creatures constantly set up. The apartment is no place for the child. I think those parents should get out where each one of their brood could have a little playground of its own, with plenty of fresh air and sunshine and green grass."

Frank James, member of the Police Commission to whom Mrs. Kiefer first went with her appeal, does not regard the matter as very serious. "I don't know what we can do with the little folks," he said yesterday. "If they want to go out and have a child's good time, with a lot of romping and noise, it doesn't seem to me that they are doing anything very harmful on vacant lots. The poor little city children get little enough of earth and air and sunshine as it is, and I can't see my way clear to deprive them of that."

Miss Berke, Mrs. Louisa Mohr, Mr. Harrison and Mrs. Mansfield, all residents and taxpayers in the vicinity, join Mrs. Kiefer in her petition.

DEATH OF MRS. M'PHERRON.

Mrs. Lilian-Otis McPherron, wife of Alfred Monroe McPherron, Clerk of Department Four of the Superior Court, died at her home in Hollywood yesterday afternoon, after a long illness. Mrs. McPherron was the eldest daughter of Gen. Harrison Gray Otis and his late wife, Eliza A. Otis. She had been in failing health for a year, and it had been known for several weeks that there was slight chance of her recovery. Funeral services will be held at her late residence at "The Outpost," Hollywood, Thursday forenoon at 10:30 o'clock.

GREAT APPLE DESERT IDEA.

Proofs Today on the Largest Southern Orchard.

Four Hundred Acres to Be Thus Transformed.

Trees Well Started on the Mohave River.

In the local United States Land Office today final proofs will be made on claims taken in San Bernardino county under the Desert Land Act which will have the distinction of being the largest apple orchard in Southern California.

Less than two years ago this tract, which is located about a half mile from the Mojave River, five miles northeast of Hesperia and four miles southeast of Victorville, was a waste of barren foothills. Today it is a thrifty young orchard; while around it are tracts of barley and alfalfa, maturing for the harvest.

When the plans for this great orchard are carried out there will be 400 acres of apple trees there. At the present time there is sixty acres of apple trees, and plans are being made for the setting of an eighty-acre tract next fall.

The place is known as the Gilmore and Wilton property. It is not far from the extensive rock quarries of the Fairchild, Gilmore & Wilton Company, well-known Los Angeles contractors.

G. R. Wilton, E. S. Gilmore and E. W. Gilmore acquired these lands a year ago last October. Since that time they have expended more than $30,000 on the 400 acres, and this is but a beginning, say the managers. They declare that the improvement is to be a continuous proposition, and that each year will show greatly increased development. They believe they have the nucleus of one of the famous apple orchards of the world.

WHERE APPLES GROW.

The Mojave Valley has been well tried as an apple-growing country. In the vicinity of Victorville are small orchards which have been standing for thirty acres, and they are still strong and fruitful. They were planted by the Mormons, and it is said there never has been a failure of the crop there.

A great advantage of the locality, it is claimed, is the entire absence of tree diseases, or the havoc wrought by the codlin moth. Apple growers there claim that never have the trees on the east side of the range been troubled by the moth. Some of them attribute this to the extreme heat of the summer; others think the sand storms have proved a protection to the trees.

A year ago the Gilmore-Wilton apple-tree setting began. One thousand trees were sent out from the nurseries of E. P. Dismukes of Downey, and they made a remarkable growth. The next shipment from this nursery was 3000 trees, and these are also flourishing. There will now be a let-up in the tree planting until next fall, when it will be taken up on an eighty-acre section now being cleared for the purpose.

Winter varieties have been used mostly. They include the Winter Permains, Jonathans, Arkansaw Beauties, Snow, and other well-known and tried varieties. The owners of the land have also set out in various localities pear and peach trees, and experiments in grape culture are to be taken up this season.

All this work is in charge of a practical orchardist, D. W. McPherson, who laid out the extensive Chase orchards at Riverside.

SIX-WELL WATER SYSTEM.

A fine water system has been installed, and there has been found an abundance for all purposes. There are six wells, and one of these has a supply of 150 inches. The water is raised by a thirty-five horsepower gasoline engine, and flows directly into cement conduits, whence it is carried to all parts of the land. There is 12,000 feet of cement flume, with a capacity of 125 inches; and there is 14,000 feet of earth ditches, which will carry 100 inches of water.

The land has an elevation of 3500 feet. There have been several good snow-falls there during the present winter; but last summer the workmen sizzled under a temperature of 110 in the shade.

The soil is a sandy loam, ranging from one to five feet in depth, and rests on clay. It has proved very productive where there has been ample water; and in addition to the apple orchards, the Gilmore-Wilton lands are producing enough alfalfa and barley to supply all the needs of the large force of teams.

E. S. Gilmore has decided to make his permanent home at the orchard site, and during the months he has spent there he has been greatly improved in health. There has been erected on the land a substantial residence, and there has also been an outlay for bunk houses, pump and machinery houses, barns, etc., in fact, everything needed to carry on the plans for the greatest apple orchard in the Southwest.

ART LOCATION UNDECIDED.

The meeting of the Fine Arts Building Association scheduled for yesterday morning resulted in a large attendance of women, but no ultimate decision was reached in regard to the location of the art gallery. There was a long discussion, but no definite conclusion arrived at except that a committee was appointed to meet a committee from the Archeological Society Friday afternoon at 4 o'clock in the Ruskin Art rooms in the Blanchard building. The committee is made up of the following-named ladies: Mmes. S. P. Hunt, Hancock, G. H. Wadleigh, J. W. Hendricks, C. N. Flint and W. H. Housh. There will also be present the head of the counsel for the association, Albert M. Stephens, and Henry O'Melveney will represent in the same capacity the Archeological Society.

LENTEN SERVICES.

Mid-day Lenten services are conducted regularly at the Chamber of Commerce under the auspices of the Brotherhood of St. Andrew. Rev. Dr. J. J. Wilkins, rector of St. Paul's Pro-Cathedral, will have charge of the services on Thursday, Friday and Saturday of this week. His subjects will be, "A Call to Battle," "The Coronation," "Not Servants, But Friends."

VETERAN'S DEATH.

Lee Mason Fitzhugh, Former Member of Gen. Nelson's Staff, Passed Away Monday Evening.

Lee Mason Fitzhugh, second cousin to the late Gen. Fitzhugh Lee, died on Monday evening at the family residence, No. 402 East Twenty-third street. He was in his sixty-eighth year.

He leaves a widow and three children, Thornton Fitzhugh, a well-known architect of this city; Lee Mason Fitzhugh, Jr., of San Luis Obispo, and Miss Anna H. Fitzhugh, who is with her mother in this city.

The funeral will be at 2 o'clock tomorrow afternoon at the residence, and the interment will be in Evergreen Cemetery.

Lee Mason Fitzhugh was born in Madison, Ind., and his early life was spent there. When a young man he went to Cincinnati, and remained there until the breaking out of the Civil War, when he enlisted in the Guthrie Grays, and later was attached to the Thirty-sixth Ohio Volunteer Infantry. He served on the staff of Gen. Nelson until the latter's death.

After the war Fitzhugh returned to Cincinnati, and there conducted a wholesale and retail tobacco business for several years, and also for a long period was engaged in the wholesale dry-goods business.

Nine years ago he came with his family to Los Angeles, and was engaged in the tobacco business here with R. G. Hammond.

HIS PACE CHANGES.

Feigning Cripple Who Calls on Church Folk for Alms Spry When Out of Sight.

A man who uses the charity of church folk to gain his idle ends has been making the rounds of the members of the First and Second United Brethren congregations and soliciting alms.

That the man is an imposter is the belief of Rev. M. R. Gallaher, pastor of the Second Church, whose house he visited yesterday. The fellow feigned being a victim of consumption and suffering from frightful attacks of rheumatism.

He gave the name of Roberts, and is thought to be the same who has secured funds from members of the Lutheran congregation.

Rev. Mr. Gallaher gave the man alms, and he left. A youngster watched him start. As he descended the steps leading to the house he could hardly walk. He was bowed with pain and shambled on at a slow pace.

But a different pace was struck as he turned the next corner. He looked furtively about, and seeing no one, straightened up and walked away upright and fast.

The man had also visited the home of Rev. J. O. Parks of the First United Brethren Church. He said that he had been in Pasadena and claimed to be the cousin of a pastor of a church in Reedley, Fresno county. A warning has been sent out to the other members of the congregation to fight shy of the fellow, as he is thought to be a faker of the lowest stamp.

INSTANTLY KILLED.

Mrs. Louisa Sumner Steps on the Track Directly in Front of a Long Beach Car.

Mrs. Louisa Sumner, aged 53 was instantly killed by a Long Beach car early yesterday morning near the Twenty-eighth street crossing. She was walking down the track, evidently in order to get to a crossing where she could stop a car. A Slauson avenue car went whizzing by. She stepped from the track to avoid it, but stepped back into the track again after it had passed, not noticing that a Long Beach car was following. Her back and left arm were broken. Death must have been instantaneous. Her body was put on a Newport car and brought to the city.

Mrs. Sumner was the wife of W. Sumner, a contractor. She was the mother of Mrs. F. L. Larkin, with whom she lived; J. W. Sumner of Carlton & Sumner, architects; A. D. Sumner, foreman for the Los Angeles Can factory, and L. D. Sumner and J. L. Sumner of Seattle, Wash. The family removed from the latter place to Los Angeles about ten years ago.

ELOPING GIRL FOUND.

Father Says Wedding Bells Will Ring if He Finds the Young Man Is Worth While.

Zella Marshall, who eloped in a red buggy with a lovelorn teamster, was found by the police yesterday in a rooming house on East Sixth street. She was living with the mother of Ora Moore, her lover.

Detectives took her to jail and locked her up. During the day she was visited by her father. The girl, who is only 17, was obstinately in favor of marrying Moore who she said was only waiting for her to become of age.

Her father finally decided to make the best of a bad matter and marched off with a friend to hunt up his prospective son-in-law. He said if young Moore turned out to be a decent sort of a fellow the wedding bells will proceed to ring out.

"I want to see if he means to earn a living for her," he said. "The fact is, I have money enough to take care of them, but I don't mean to let him find that out until I find out if he is willing to work."

BEFRIENDED THIEF?

Man Who Was Helped Along Said to Have Reciprocated by Turning Around and Stealing.

According to the story told to the police last night by H. Hugo of No. 423 California street, John Sellmar, whom he had befriended, given a place in which to sleep, and money to procure food, returned his kindness by stealing from him. Sellmar was arrested.

In Sellmar's room the police found a bicycle, which had evidently been stolen from someone, as Hugo said Sellmar did not own a wheel to his knowledge. If it is found that Sellmar did steal the bicycle he will be charged with grand larceny, otherwise with petty larceny. Hugo says that some time ago Sellmar came to him "dead broke," and he furnished him shelter and money from time to time with which to buy meals while he was supposed to be looking for work. Yesterday, he says, he discovered that Sellmar had been stealing from him. On Sellmar's person were found spoons belonging to the Angelus grill and the Palace café.

"GOOD TIDINGS."

O. R. Miller of Washington, D. C., field superintendent of the National Temperance Society, will give an address this evening on "Good Tidings From the National Capital," in the Olivet Congregational Church, Washington street and Magnolia avenue. The admission will be free, and several churches will join in the meeting.

WILD OUTRAGE ON "JAG CAR."

Drunken Hoodlums Attack a Midnight Trolley.

Passengers' Narrow Escape from Missiles.

Bullet and Rocks Fly on the Garvanza Line.

Four young ruffians who assaulted the "jag car" of the Garvanza line early yesterday morning are pursued by a force of railroad detectives.

The sight of the mal-treated car, its windows smashed in by rocks, a bullet hole through the rear end, has roused in the Pacific Electric officials a natural thirst for vengeance.

Respectable passengers who were on the car went through a wild and exciting ride.

The car leaves the city at 12:30 a.m., and frequently carries a load of those who are well loaded.

On this occasion there were four young men with one exception gloriously-happily drunk; the one exception was about 18 years old, and he was fighting drunk.

On one of the rear outside seats was a meek, inoffensive Japanese. It percolated through the fuddled brain of the drunken young ruffian that here was a grand chance to put down yellow peril. He began by stepping across the aisle and striking the astonished Jap full in the face.

THREE FIGHTS AT ONCE.

It takes very little to "start something" on the jag car. In about five seconds three entertaining fights were going on all at once.

Some of the folks were fighting in a quiet and unostentatious manner; but the ruffian woh hit the Jap was yowling like an Apache, and his hitting was too promiscuous.

From the middle of the car uprose an extensive and powerful party—about the proportions of a heavyweight prize-fighter. As he trundled down the middle of the car into the fray, with a tread like a herd of elephants, the rioters began to feel a premonition that trouble was on the way.

The conductor was trying to pull their pugnacious young friend off the car, and the pugnacious friend was inattentive to the conductor by reason of the fact that he still wished to lick the Jap.

His friends grabbed him and tried to help the conductor put him off. As they got him to the car steps, and half way out into the rain, he fumblingly drew a revolver. Someone grabbed his arm just as the revolver went off with a roar.

It is not certain where the bullet went. The conductor claims that the shot broke one of the windows. Some of the passengers believe it went through the car.

The pistol was knocked out of the young man's hand, and he was hustled out into the night. On account of the pistol shot, knowing there would be serious trouble, his friends slipped off after him, and the car started onward.

TROLLEY OFF, ROCKS THROUGH.

It had not gone ten feet before one in the darkness jerked the trolley off, leaving the car in utter gloom.

Suddenly there was a loud crash of breaking glass, and a rock came through one of the windows, scattering glass fragments among the passengers.

Everybody in the car ducked in the darkness, just as another rock crashed through. It so happened that the heavy curtains of the car were down to keep the rain from the outside seats, else the outside passengers would have been seriously hurt. The curtains were torn and punched nearly through by rocks.

In the face of a perfect fusillade of rocks, the conductor pluckily climbed out on top of the car and fixed the trolley pole. The car at last got into motion and across the river, leaving the hoodlums firing rocks into the dismal night and yelling defiance.

The youngest man, who had the pistol, has made trouble before, and it is believed that the company's detectives will locate him.

INTERESTING PINES.

Growing Specimens from Hawaiian Islands Here Lead to Idea of Experimental Transplanting.

The sight of growing pines thriving in their native earth and exhibited in the Chamber of Commerce, the offices of the Southern Pacific Railway and of the Hawaii Promotion Committee has interested a number of Angelenos in the idea of making experiments with the transplanting of this highly-prized fruit.

The plants exhibited are some of the finest specimens from the Hawaiian Islands, and the shoots which are already developing about the ripening fruit are to be set out in Southern California soil in the hope that they may thrive here as well as they do in their Island home.

Walter Raymond of the Raymond Hotel at Pasadena proposes to set out a number and to give them the benefit of his personal attention. He believes that although the first attempts may not be successful, there is little reason why carefully-selected varieties of pines might not be grown to advantage in Southern California.

The idea of making a shipment of growing pines to California originated with H. P. Wood, secretary of the Hawaii Promotion Committee, and for years secretary of the Chamber of Commerce at San Diego. The problem of transporting the delicate tropical plants with their heavy burden of developing fruit was a serious one, but it was accomplished most successfully. The plants with their fruit arrived in Los Angeles after their journey of more than 2500 miles, in perfect condition, and without so much as the breaking of a single leaf.

L. L. Whitlock, Pacific Coast agent of the Hawaii Promotion Committee, has received numerous applications for the shoots of these growing plants for transplanting, and from R. P. Probasco, treasurer and manager of the Sinaloa Land Company, an order for 25,000 of the finest variety to introduce into Mexico to improve the quality of the fruit grown in that country.

FIGUEROA FLATS SOLD.

Charles O. Goodwin has sold to Walter Holst for Lillie Lawrence, a lot 52 x120 feet on the south side of West Second street between Figueroa and Flower, improved with two flats and seven-room house. Consideration, $13,500.

THE PUBLIC SERVICE—OFFICIAL DOINGS.

SUMMARY OF THE DAY.

Building Inspector Backus has prepared a list of hotels and lodging-houses which are not equipped with fire escapes; it will go to the Board of Public Works and arrests of owners will probably follow.

Police Commissioner James yesterday roasted E. T. Earl, owner of the Express, to a brown turn at the Police Board session; "looter," "coward" and "hypocrite" are a few of the choice terms used.

Fearing that the big embankment at the lower end of Echo Park lake would give way the street department yesterday opened the sluice gates, turning about 1,000,000 gallons of water into the streets.

The prosecution has closed in the murder trial of Morris Buck and the defense opened its case late yesterday afternoon. It is expected that the defendant will go upon the stand and tell his own story today.

Robert R. Cheatham has been fortunate enough to win a larger verdict on the second trial than on the first, a jury yesterday giving him a verdict of $5000 as damages against the Southern Pacific Company.

The man-boss of a female barber shop was before Justice Chambers yesterday on a charge of battery preferred by one of his "lady" employés, but what with allegations of kissing and other close attentions paid customers the court could not convict the man.

AT THE CITY HALL.

FINDS TOO FEW FIRE ESCAPES.

MANY LODGING-HOUSES WHOLLY UNPROTECTED.

Fine and Jail Sentence for Offenders, Says Building Inspector Backus. Fire Traps in Hill District the Worst Offenders—New Deputy Reports Wholesale Violations of Law.

Fines and imprisonment are lying in wait for the violators of the fire escape section of the building ordinance.

"I have completed all arrangements," said Building Inspector Backus yesterday. "I have a list of all buildings which are not properly equipped with fire escapes. I expect to present it to the Board of Public Works. What then? Well, the building ordinance provides a penalty of six months imprisonment, and $500 fine."

Mr. Backus said that the report of George Keller, fire inspector, shows that there are a number of lodging-houses in the hill district totally devoid of fire escapes. The building ordinance requires that every building in the city more than two stories high shall be equipped with fire escapes.

"Later we expect to take up the buildings on which the escapes are inadequate. At the present there is enough to do corralling the buildings on which there are no escapes at all.

"Keller has been working on this list for more than a month. It is now complete; and I may say it has been a revelation to me. I had no idea that there were so many lodging-houses in the hill district without fire escapes."

Chief of the reforms attempted by Mr. Backus while building superintendent was the enforcement of the ordinances affecting the placing of fire escapes on all buildings more than two stories in height. For years the fire escape ordinance has been a dead letter in Los Angeles. In fact Backus is the first building superintendent who appears to have made an honest effort for its enforcement.

Backed by the Board of Public Works, Mr. Backus hopes to continue his campaign until every building more than two stories in height shall be equipped with proper fire escapes.

During the last twelve months most of the business blocks in the immediate business district have been equipped with some kind of fire ladders; not all of them, however, come even close to the requirements of the building ordinance.

In the district west of Hill street and north of Fifth street only about half the lodging-houses have fire escapes of any kind. The construction is of wood and the roomers are practically at the mercy of the flames in case of a conflagration.

A committee of business men filed with the Council Monday a proposed amendment to the building ordinance including this hill territory east of Figueroa street in the fire limits. If this ordinance is adopted by the Council, it will put a stop to the erection of wooden fire traps in that district.

What short-sighted property owners are already in the field opposing the ordinance. They allege that it was drafted by the brick companies and that it is presented in the interest of the brick men. They are trying to line the big lumber dealers up to oppose the extension of the fire limits.

And present prospects are that an effort for reform in which the whole city is interested will sink into a tug of war between the lumber and the brick men.

JAMES FIGHTS BACK.

CALLS EDDIE EARL "COWARD."

Incensed at the innuendo of certain editorials in the Evening Express commenting on his actions as a police commissioner, Frank James simply boiled over at yesterday morning's session of the Board. Eddie Earl was severely scalded by the escaping steam.

"Looter," "hypocrite," and "coward" are a few of the choice names flung at the owner of the Express by the irate Police Commissioner.

The presence of Earl's name on a petition protesting against the transfer of the saloon license held at 601 South Broadway to No. 620, same street, was the occasion of the outburst.

As the transfer is in the same block and on the same street, the applicants are not required by the license ordinance to secure property frontage in order to make the change. But a number of South Broadway property owners, Earl among others, protested against moving the saloon.

In moving for the grant of the application, James said: "It is about time that the public should know that E. T. Earl, is not running the Police Commission; as far as I am concerned it is not necessary for me to read the Express in order to know how to conduct the business before this commission."

Commissioners Johnson and Mason opposed the transfer. But the Mayor and Commissioners James and Hagan voted in the affirmative.

But the more James thought of that protest signed by Earl the hotter he grew. Finally he exploded and on a question of personal privilege, sent a few hot ones in the direction of the owner of the Express.

Calling attention to two editorials that appeared in the Express last Wednesday, James said that Earl, as owner of the Express, is responsible for them both, and that they show Earl to be both a coward and a hypocrite.

"Mr. Earl says in effect," said James, "that if girls are debauched at the Monarch café the mothers may hold Mayor McAleer, Dr. Hagan and myself responsible. This is the assertion of a demagogue. It sounds like individuals who sometimes talk from the curbstone. It was made for no other purpose than to create the impression that Mayor McAleer, Dr. Hagan and myself have no respect for girlhood or womanhood.

"As well say that Mayor McAleer, Dr. Hagan and myself were responsible for the alleged looting of fruit growers of California, because we happened to be in Los Angeles at the time Mr. Earl was carrying on a fruit commission business. It is in the interest of these same fruit growers that he now claims to be running his newspaper.

"E. T. Earl is a conceited man, as everybody knows, and because this commission has refused ofttimes and many times to run the commission in accordance with the editorial notions of the Express, and his peculiar theories and notions concerning public evils, he utilizes his newspaper to scare weak-kneed police commissioners to do his bidding. This was the purpose of the editorials referred to. Mr. Earl hoped by his inferences and insinuations to warn me that he would create public sentiment against me, the inevitable result of which, in his opinion, would be my ruin in the eyes of the citizens of Los Angeles."

Then came the most cutting shot of all. "I taught Mr. Earl on another occasion one lesson in newspaper ethics. Judging from the tears he then shed while begging for a settlement, it would naturally be supposed that he would not care to subject himself again to the same humiliating ordeal.

I want the public to know that he is playing the part both of a coward and a hypocrite."

LAKE OVERFLOWS.

RAIDS OF STORM WATER.

Echo Park Lake took a bigger gulp of storm water during the rains Monday than it could hold. Yesterday afternoon the street department performed a successful operation, sending a million gallons of water into the streets out Echo Park way and setting at rest the fears of Temple-street residents that the embankment would burst.

For a couple of hours the reserves of the park department were deployed about the south end of the lake, ready to lend first aid to the inundated in case the dam should collapse, and lending their moral support to the big embankment. If the dam had burst more than 40,000,000 gallons of water would have been precipitated into Lake Shore drive.

As soon as the present flood subsides the street and park departments will join in reenforcing the embankment at the south end of the lake.

Arlington street caved yesterday morning for the fifth time this winter. The bottom has dropped out of a portion of the thoroughfare during each heavy rainstorm. At the corner of Arlington and Pico streets the underside fell away somewhere, carrying the manhole along with it. The street has been closed to traffic.

Reports of slight damage came to the street department from almost every section of the city; but with the exception of the two cases mentioned the damage was unusually light.

"The loss has not been half that of last year," said Street Superintendent Hanley yesterday; "we have been working to keep the gutters all open and the water soon ran off. There have been comparatively few complaints of standing water. When the streets in the hill district west of Broadway are paved and the storm drains are finished we shall suffer little serious loss from storm water. There have been no landslides and few cave-ins."

THE FEDERAL COURTS.

THOMAS TRIAL NEARING END.

TESTIMONY SUDDENLY CONCLUDED YESTERDAY AFTERNOON.

Defense Has no Word to Offer from Witness Box in Explanation of the Present Charges, and Ex-Supervisor Does Not Go Upon the Stand.

The trial of Everett B. Thomas has taken a sudden turn toward conclusion. Testimony was finished at 3:30 o'clock yesterday afternoon, and the jury was dismissed until 10:30 o'clock this morning, when argument will be begun. It is hoped by Judge Wellborn and the attorneys that the case may go to the jury tonight.

As predicted, the prosecution concluded at noon yesterday and adjournment was taken until 3 o'clock. Then the defense sprung a surprise in its presentation.

The whole testimony offered by the Thomas side did not consume fifteen minutes, and not a bit of this was in any way connected with the case in hand.

Seven men were called in rapid succession, and were asked in turn a formal list of questions concerning their knowledge of Mr. Thomas's reputation previous to "this—this difficulty," as Jud Rush expressed it. They were unanimous in avowing that the defendant had stood well in the community. The men were Robert N. Bulla, G. M. Giffen, Edward E. Pauly, B. A. Cummings, W. E. Tyler, Fred C. Fenner and A. J. Crookshank. There was no cross-examination in any case by Mr. Lawler. "Is your name Robert N. Bulla?" he asked of the first witness. He had no other question to proffer.

Following this, at 3:20 o'clock Messrs. Jones and Rush took a recess of ten minutes, and speculation was rife in many minds as to their next course. Whether Thomas would or would not be put upon the stand in his own behalf was the main question.

His attorneys announced that they had nothing more to offer the jury in the way of testimony, and the court was adjourned.

HIGH SCHOOL STUDENT BODY.

The semi-annual meeting of the student body organization of the Los Angeles High School was held yesterday afternoon. This is the organization that controls most of the activities of the school life. Mr. Van Cleve, treasurer, read a report, which was accepted showing $2567.79 in the treasury up to the 1st inst.; paid out since $2097.56 leaving $270.23 on hand. Of this $175.52 is available for the different branches of athletics. The room treasurers are now collecting the dues for the second semester, and Van Cleve hopes to draw several hundred dollars in that way. The lunch room clears about $10 a day. Mr. Goodwin was elected president; Mr. Taylor, secretary; Mr. Ayers, vice-president; Mr. Van Cleve, treasurer; Mr. Donnell was elected tennis manager.

AT THE COURTHOUSE.

MURDERER BUCK WILL TESTIFY.

SLAYER OF MRS. CANFIELD TO BE PLACED ON THE STAND.

Prosecution Closes Its Case and Defense Begins the Effort to Convince the Jury Not That Buck Is Not Guilty but That He Is Not Mentally Responsible.

This morning Morris Buck, who is on trial in Judge Smith's court for the murder of Mrs. C. A. Canfield, will tell from the witness stand just how and why he committed the hideous crime.

Yesterday afternoon the prosecution closed its case. The proof was put in easily. There were no hitches, few objections from the other side, and each witness filled in the details of the horrifying story so completely that it seemed as if the vacant-eyed defendant was standing in the very shadow of the gallows. There were no new developments. From the moment when Miss Lizzie Billingsley, the cook in the Canfield home, told of opening the door to Buck, when he called and inquired for Mrs. Canfield, down to when Special Officer Foster arrested the murderer, the details of the murder were given with preciseness and exactitude.

Attorney Warner, for the defense, did not even attempt to break down the testimony of any of the witnesses. He sought only on cross-examination to accentuate those details and draw the attention of the jury more fully to those acts of the defendant which might be accepted as indicative of an unsound mind.

Late in the afternoon Mrs. Alice Sloan was called as the first witness for the defense. A comely woman, the witness told of the time between 1892-95 when she had attended school at Pomona at the same time that the defendant was enrolled. She told of his having the same habit of vacantly staring at nothing, of being reserved in manner and unsocial in demeanor, being regarded by the other pupils as being out of his head.

Earl Buck, a fourteen-year-old nephew of the defendant, told of sharing his room with his uncle until he got scared. He said that the defendant acted so strangely that he got frightened. He would close the door and place the soap dish and other articles in front of the door, and move things about with an air of mystery.

In making his opening statement to the jury Attorney Warner stated what proof he expected to produce of his client's insanity. He said that the man came of tainted stock, his mother and other close relatives having been subject to dropsy and heart disease.

GIVEN HER FREEDOM.

HUSBAND A CRIMINAL FUGITIVE.

Mrs. Julia J. Lee was granted a divorce from George W. Lee in Judge Trask's court yesterday upon a showing the like of which is seldom presented in a divorce case. The decree was issued on the grounds of desertion and non-support, but there were other charges behind these which did not have to be presented. Lee was once an honest, bright, versatile Britisher who came to this country with his bride from Sydney, N.S.W. Here he began living by grafting. His first successful venture was to organize a fraternal order into which a number of victims tumbled. Lee getting all the money and skipping out. From place to place throughout the country his wife went with him. He was frequently arrested, but none of the criminal charges were ever pressed and he escaped the penitentiary. In the City of Mexico he is wanted for an alleged swindle and the officers in many other towns would like to interview him. At San Francisco some time ago he deserted his wife and daughter. The wife came to Los Angeles and secured employment and after a time appplied for divorce, which Judge Trask granted yesterday.

MARGARET TO GO.

HABEAS CORPUS DENIED.

The habeas-corpus petition of Mrs. Margaret Sauer, alias Margaret Graham, wanted so badly at San Antonio, Tex., was denied by the Court of Appeal, and the woman remanded to the custody of John W. Tobin, the State agent of Texas. The bail money was left on deposit by agreement until this morning, when Mrs. Sauer will surrender herself, and in company with the officer will leave on the noon train for San Antonio.

A majority of the justices held that Mrs. Sauer was lawfully in the custody of the State agent and ought not to be discharged, but Justice Smith dissented. He held that the certificate of the clerk of the indictment attached to the Governor's warrant is invalid for any purpose, by reason of the lack of authentication by the seal of the court, and this defect had not been supplied by the certificate of the Governor.

JURY DISAGREES.

STANDS EIGHT TO FIVE.

The jury in the case of Pedro Ruiz, charged with robbery in Judge James's court, failed to agree and was discharged last night, having stood eight for conviction to four for acquittal from the first ballot.

Ruiz is charged with having held up and robbed a countryman named F. M. Young on November 25, on Los Angeles street near Third. He was supposed to have got away with $50 while his newly-found friend was drunk, and then made away with the plunder as fast as he could.

CHEATHAM IN LUCK.

BETTER VERDICT THAN BEFORE.

Robert R. Cheatham was a lineman who fell from his perch on a cross bar where he was "dead-ending" a wire, at the corner of Alpine and Buena Vista streets. He caught hold of a live wire and fell thirty feet to the street. He brought suit against the Southern Pacific Company, and recovered $4000 as damages in Judge Monroe's court.

On motion for a new trial, on the ground that the damages were excessive, contrary to the evidence, etc., a new trial was granted. The second trial concluded yesterday in Judge Wilbur's court, the jury this time awarding Cheatham $5000 as damages.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

HUSBAND DESERTED. Lafayette Pickens was granted a divorce from Maggie M. Pickens by Judge Trask, on the ground of desertion. The parties were married in Florida in 1899.

SHORT IMPRISONMENT. Anna Hammond has begun suit against A. H. Schroeder to recover $5000 as damages. On February 28, the plaintiff was arrested at Pomona and was detained in prison for about two hours. She claims to have suffered mental distress and great humiliation and now sues for compensation.

PLEADED GUILTY. Thomas C. Watson yesterday pleaded guilty to the charge of petty larceny before Judge James. On December 21 Watson robbed a real estate man of a small amount of money. The court sentenced the defendant to forty-five days in the County Jail.

WIFE GETS PROPERTY. Judge Monroe in deciding the Buck divorce in favor of the wife, has also granted to Mrs. M. A. Buck four-fifths of the real property on Pico street with the household furniture, the remaining one-fifth, and the remainder of the community property, going to the husband, G. Buck. A year ago Buck had his wife adjudged incompetent when she was perfectly sane and the court held that to be extreme cruelty.

THE INFERIOR COURTS.

LITTLE WONDER HE WAS ANGRY.

HOW FEMALE BARBER AROUSED HER BOSS' IRE.

Kept Good-Looking Man in Her Chair for Three Hours and Then Accused Her Employer of Kissing Another Woman in the Shop—Court Couldn't Settle the Squabble.

The passionate query as to whether Miss Blanche, the female barber, has ever been kissed, was not settled in the Police Court yesterday, despite anticipations.

A. Gilman, the boss of the barber shop, was brought to trial before Justice Chambers on a charge of having rudely slapped one of his more less beautiful artistes in the face.

Miss Blanche, the forelady, was the chief witness in the case.

She was once as beautiful as the dawn. Her billows of hair were surmounted by a hat that looked like a fiesta float. Her princesse dress clung to her seductively.

"Are you the boss of this barber shop?" asked Deputy Dist.-Atty. Eddie in a hushed whisper.

She gave him a glance of chilly scorn. "The forelady," she corrected, coldly.

They asked her if she had happened to find time to notice the proprietor of the shop and the lady barber slapping each other.

"I want to tell, judge," she said, confidentially. "That girl had a fellow with a game leg in her chair, and she kept him sitting there pretending to be working on him from 9 o'clock in the morning until noon. Three hours on a 35-cent check didn't look good to me, and the proprietor told her she would have to go."

Mr. Eddie ventured to ask Blanche if the row had not started because the barber girl thought the boss had kissed Blanche.

"Jealousy," said Miss Blanche, crushingly. "Simply an attempt at jealousy."

"Who was the man with the game leg that she kept in her chair for three hours?" asked Eddie, desperately.

Miss Blanche stood up on the witness stand and pointed one of her elbow gloves into the crowd. "There's the man," she said.

"Where?" said the court.

"Well, it's me if you want to know," said a voice, and a blond man disentangled himself from the crowd. There was so much conflict in the testimony as to who had struck the first blow that Justice Chambers had to discharge the defendant.

Coy Chorus Girls.

On the complaint of a chorus girl of the tough Star Theater, Frank Fields, pugilist, was fined $40 in the Police Court yesterday. The "lady" was horrified to find him trying to "mash" her after the show, as she had never been allowed to accept the attentions of gentlemen. She objected, and Fields struck her and threw a suit case after her. Unless he manages to dig up the $40 he will do time on the chain-gang.

TALKS WITH TRAVELERS.

Paul Schurbaum, secretary of E. Meyers & Co., importers of Chemulpo, Korea, who is en route to his home in Hamburg, Germany, arrived yesterday in Los Angeles.

Speaking of commercial conditions in Korea, and the progress made in the introduction of American goods there since the Russian-Japanese war, Mr. Schurbaum said that business is as yet at a complete standstill, owing to the devastation created by the war, and the distrust of the Koreans in the carrying out of the promises of reform made by the Japanese.

"If one-tenth of the promises made by the Japanese are made good the condition of affairs in Korea will be immeasurably bettered," said Schurbaum. "Prior to the war the common workingman of Korea was filched by the officials so that at last he refused to work and existed in the very lowest way. If he worked and earned fair wages 70 per cent. of it was confiscated by the corrupt Korean officials in each town. There was no attempt made to carry out the law. When the Japanese took over the country the Korean did not believe that the Jap was in earnest in his promises of reform, and as yet there has been no move made by the Korean workingman. It will take five years for this distrust to wear away. I think the Japanese will do right by the country, as they can be benefited greatly by its prosperity.

"There is not a day when less than 1000 Japanese land in Chemulpo and scatter themselves about the country. This class is not of the best of Japan, but, on the contrary, is the very dregs of the country. They create distrust and make the road for the better Japanese harder to travel.

"There are twenty Europeans and Americans in Chemulpo now, and the row they have to hoe is a hard one. The anti-American boycott instituted in China spread to Korea, and at one time there was over 10,000 American-made cigars lying rotting in the sun and rain. The merchants would not accept them.

"The promise for better things is bright in that country. I believe that during the next few years Korea will be developed on a scale never before thought possible.

"In San Francisco I had a talk with an official of the Pacific Mail Steamship Company, whose ships reach Japan. This official inquired the prospects in Korea and the outlook for trade. He said the company is seriously considering the proposition to extend their freight and passenger vessels to Korea. At present they only reach the seaports of Japan, and all freight must be transferred that is intended for Japan. Similar action, I understand, is contemplated by the Harriman line of ships. This will immeasurably help Korea and will open up the great market, now dormant, for American-made goods."

With Mr. Schurbaum is P. W. Matthews of Singapore, who has been acting as a civil engineer in that district.

CHARGED WITH THEFT.

W. A. Williams was locked up in the City Jail last night, charged with petty larceny in having sneaked into a house in course of construction at Forty-second and Normandie streets. It is alleged that while plasterers engaged on the job were busy with their work he stole from their coats and vests, which had been hung in a finished room, a watch and money.

IN TUNNEL DISTRICT.

The Van Vranken-Hunter Realty Company report the sale of a lot, 60x165 feet, on the east side of Fremont, street, just south of Third, from H. H. Welch to George H. Rector for $8000.

Vinol is fast superseding old-fashioned cod liver oil and emulsions because, without a drop of oil or disagreeable feature, it contains all the medicinal elements of cod liver oil, actually taken from fresh cods' livers. By our process the oil, having no value either as a medicine or food, is separated from the medicinal elements and thrown away. Unlike old-fashioned cod liver oil and emulsions, Vinol is deliciously palatable, agreeable to the weakest stomach, and therefore unequaled as a body builder and strength creator for old people, puny children, weak, run-down men and women, after sickness, and for all pulmonary diseases. Everything Vinol contains is named on the label.

OUR GUARANTEE—We have such faith in VINOL that if you will take it we promise if it does not benefit or cure you we will return you your money without question. We take all the risk.

Your Spring Suit

Better have a look at our "Chesterfield" Clothing before ordering your Spring Suit. Nothing finer anywhere than the handsome grays, soft plaids and mixtures—made up in a thoroughly and with such attention to every detail of fashion that the smartest dressers find praise for them. This is the best ready-to-wear clothing made. And we can fit you perfectly—you really can't realize how perfectly until we show you. Suits, $25.00 to $50.00. See them.

Mathison & Benner
BROADWAY—CORNER THIRD

Diamond Prices Will Advance

We feel positive that fine Diamonds will continue to advance in value. In the foreign markets an advance of 20 per cent for 1906 is generally predicted. In the light of past experience there is no reason why this should be doubted, but we understand that the advance is far greater on Diamonds of fine color and quality than on the general run and inferior grades.

Fine Diamonds are becoming scarcer at the mines, and those who in the past have purchased of our stock of perfect White and Extra White Diamonds have not only had pleasure and satisfaction that the possession of fine Gems conveys, but they have enjoyed the highest profit which any one has made on Diamonds.

Smallest trotter in the State, J. E. Klippert's Eddie K., which will start in the St. Patrick's Day matinee.

HEAVY TRACK STOPS HORSES.

NO FAST TIME MADE IN ANY OF ASCOT RACES.

Big Fields Were the Order of the Day and Every Winner Was First in Easy Fashion—Chimney Sweep in a Soft Spot in Fourth Event and Shakes Track Record.

A heavy track and big fields were about the only features of the racing at Ascot yesterday. Favorites grabbed two of the races and this kind ran second in three other races, so the form players had pretty fair action for their money. There was only one long shot to arrive and this was Gentle Harry at 11 to 1 in the fifth race. Fast time was out of the question with the track heavy from Monday's rain and yet Chinney Sweep in the fourth race came within one-quarter of a second of the track record, covering the mile and fifty yards in 1:43⅗. This was really the best event of the day, the others being only ordinary lots. The finishes were clean cut, the only close one being in the second race, wherein Pleasant Days beat Young Marlow a neck in a driving finish.

E. R. Wilson, a retired piano dealer, residing at No. 724 West Seventh street, telephoned The Times last evening that the judges had made a bad decision in the fifth race in giving the verdict to Gentle Harry over Potrero Grande, whom Wilson says won. He had a bet on Potrero Grande and declares that his horse was first by half a length, but the form charts show that Harry won by a length. Mr. Wilson, however, does not wish to make any formal charges against the judges, aside from the one that they judge for the bookmakers.

Results:

Four furlongs: Commida, 110 (Miller,) 9 to 10, won; Joan of Arc 110 (Harris,) 2 to 5, second; Induna, 105 (Horner,) 40 to 1, third. Time 0:50¼. Hot Cakes, Marie Esher, Yellow Top and Arcadia Belle also ran.

Mile: Pleasant Days, 106 (Seder,) 5 to 2, won; Young Marlow, 107 (Miller,) 7 to 1, second; Swedish Lady, 105 (Harris,) 5 to 1, third. Time 1:44¼. Moor, Desmages, Jingler, The Pride, McKee, Nuptial, James J. Corbett, Orator, Col. Jewell and Yellow Kid also ran.

Seven furlongs: King of Mist, 112 (Bonner,) 11 to 5, won; Belasco, 112 (McDaniel) 9 to 2, second; Evelyn Griffin, 102 (Horner,) 3 to 2, third. Time 1:29⅘. Cresten Boy, Salina, Turkey Foot, Seed Cake, Adaime and Helen S also ran. Ossian, Easter Morn, Bennet, Bauble and Mohur scratched.

Mile and fifty yards: Chimney Sweep, on105 (Miller,) 3 to 2, won; Fustian, 100 (Preston,) 21 to 5, second; Embarrassment, 105 (Harris,) 3 to 1, third. Time 1:43⅘. Morita also ran.

Mile and an eight: Gentle Harry, 105 (McDaniel,) 11 to 1, won; Potrero Grande, 109 (Ross,) 9 to 5, second; Miss May Bowdish, 104 (Palms,) 9 to 2, third. Time, 1:55⅕. Bill Curtis, Grahpite, Rostoff, Ding Dong 11 and Exapo also ran.

Six furlongs: Linda Rose, 106 (Miller,) 9 to 2, won; Durbar, 106 (Fisher,) 6 to 5, second; Mary Glenn 113 (McDaniel,) 16 to 5, third. Time 1:15⅘. Anona, Mrs. Bob, Belle Kinney, Demas and Sunvita also ran. Huachuca, E. C. Runte, La Taranta, Barrancea, Ingleside and Babe B scratched.

Mile: Pinta, 96 (Hudlin,) 3 to 2, won; Prince Ching, 112 (Doyle,) 9 to 5, second; Kinsman, 115 (Kuns,) 6 to 1, third. Time 1:42⅘. Tangible, Sand Storm, Phyz and Freesias also ran. Lehero, San Lution and Bailey scratched.

CLOSE DECISIONS.

THEY'RE NOT PERMITTED.

Close decisions in boxing matches are not allowed at the Pacific Athletic Club, hence the failure of Hugo Kelly to gain a decision over Twin Jack Sullivan last Friday night. Opinion is somewhat divided as to the merits of the referee's decision, but when it is known that the referees at the club are under instructions not to give a decision unless there is a great disparity in the showing of the contestants, the logic of the proposition will appeal to the fan as being not only proper, but for the protection of the betting public as well. By establishing this rule Tom McCarey has removed any chance of a referee being in collusion with the betting on a fight, and if the decision is close it cannot be said that the referee favored one side or the other. This rule serves to prevent fakes as far as possible, for fighters know beforehand that they must put it over the other fellow or get a draw.

The decision in the Kelly-Sullivan go was close. Tommy Ryan openly declares that Kelly had all the best of it, but what might have happened with Sullivan a strong favorite and losing a close decision may be conjectured. Sullivan's rally in the latter part of the going was about all he had to recommend him, but it is the last rounds that count in a battle, and while Kelly might have been entitled to the decision by a hair, a draw was the only satisfactory ending.

BILLIARD PLAY.

CONTESTS NEXT MONTH.

As soon as Henry Berry returns from Chicago he intends to provide the billiard enthusiasts of this city with three different tournaments which will doubtless show who are the best players at 14.2 and 18.1 balk line and three cushions. As a basis for the three tourneys he will use the men he has in his own rooms and any others in this city or vicinity will probably be invited to contest with them. They are Kenisston, Seymour, Kennedy and McGuire, and the local players admit that these men are about the best in this end of the State, the latter two being particularly good at the three styles of billiards.

FAST HORSES TO PERFORM.

SMALLEST TROTTER OF STATE IN MATINEE.

Inferlotta and Other Fast Ones Have Been Entered for St. Patrick's Day Programme—Entries Close Today and the Events Will Be Announced Tomorrow.

Since the announcement of the racing matinée to be given Saturday by the Los Angeles Driving Club, continual new and attractive features have been added, and when the fast steppers face the flag at Agricultural Park, there will be something to interest the public guaranteed. There will be no admission charged for the matinée, and the events should furnish entertainment of a gilt-edged class.

The membership of the club are enthusiastic over the outlook and look for the most successful meet yet held. Entries of speedy animals are coming in every day, and each event promises to have a full quota of starters.

Good-natured rivalry is rampant, and owners of fast animals are putting them in the best possible shape for the going.

The prize cups in each event are costly and beautiful, and worthy of the great efforts being made to capture them.

One of the most interesting entries is that of J. E. Klippert, a recently-elected member, who will start his little stallion, Eddie K., by Strathway, with a record of 2:26½ as a three-year-old.

Eddie K. is the smallest trotter in the State, standing but 13½ hands, and weighing only 687 pounds. He is a mahogany bay, strong gaited, a beautiful performer, and will make his first appearance Saturday, since going for his record.

Dr. W. A. Connely, a director of the club, is preparing his superb Arabian stallion for the matinée, and he will appear in fine fettle under the care that is being devoted to him.

The newest club member to enter a horse is J. E. Fishburn, who will start his colt, Inferlotta, with a pacing record of 2:12½. This will be the maiden race of this promising mare, and better things are expected from her.

With these and other high-class animals, the card offered is gilt-edged in the extreme, and there is promise that even more entries will be recorded before the closing time today.

A meeting of the directors of the club will be held tonight, at which time the events will be arranged.

FAVORITES LOSE THREE.

JOCKEY DUGAN IS THROWN.

[BY THE ASSOCIATED PRESS—P.M.]

SAN FRANCISCO, March 13.—Favorites lost the first three races at Emeryville today, the events being captured by Menden, Batidor and Shady Lad, respectively, all of which stood at 6 to 1 in the betting. As the two-year-olds were on the way to the post in the first race, the favorite, Bonaventura, threw Jockey Dugan and jumped the fence. He was caught, and Dugan remounted. Menden beat the barrier when it went up, and assumed the lead, but as he turned for home he was caught by the favorite, but managed to win by a nose. The weather was cloudy and track sloppy. Results:

Three and a half furlongs: Menden, 112 (Knapp,) 6 to 1, won; Bonaventura, 112 (Dugan,) 6 to 5, second; Lassen, 112 (Brussel,) 10 to 1, third; time 0:44. Charley Paine, Como, Yankee Jim, Paleman, Dominius, Arvi, Ramero, Aric, Bankada and Sam Sidman also ran.

Five and a half furlongs: Batidor, 107 (Wright,) 6 to 1, won; Bath Beach, 110 (Rice,) 15 to 1, second; Princess Wheeler, 105 (B. Powell,) 12 to 5, third; time 1:10⅘. Robert Mitchell, Katie Crews, Galice, Marie H., Sir Christopher, Bear Hunter, Bill Bohmanson and Optimo also ran.

Five and a half furlongs: Shady Lad, 107 (Rice,) 6 to 1, won; Prince Magnet, 110 (Fountain,) 5 to 1, second; Blumenthal, 108 (Knapp,) even, third; time 1:09. Lansdown, Titus II, E. M. Brattain, Dan Collins and Tam O'Shanter also ran.

One mile: Quickrich, 102 (Robinson,) 9 to 10, won; Pentagon, 106 (Russell,) 8 to 1, second; Fred Bent, 106 (Clark,) 7 to 1, third; time 1:46. Merry Go Round, Jake Moose, Frank Flittnor, Pepper Pod, Rosaro and Sizz also ran.

Mile and an eighth: Wenrick, 106 (Minder,) 9 to 5, won; Mr. Farnum, 107 (Brussel,) 9 to 1, second; Canejo, 98 (Rettig,) 10 to 1, third; time 1:57⅘. Chadlis, Maj. Tenny, Jerry Hunt, Tarrigan, Langford James and Duke of Richelieu also ran.

Futurity course: David Boland, 96 (Graham,) 7 to 1, won; Ralbert, 104 (Brussel,) 9 to 20, second; St. Francis, 89 (Schade,) 11 to 1, third; time 1:12¼. The Mist, Montanus, Mazey and Prof. Slats also ran.

RATES ON AUTOS.

CONSIDERED EXCESSIVE.

It costs a pretty penny to ship an automobile about the country, and for this reason many tourists who own machines in the East have decided not to bring them to Los Angeles.

The rate on automobiles from Kansas City is $7 per hundred, making a two-ton machine cost its owner $150 in freight alone, not counting the crating and other incidentals.

The matter of freight rates will doubtless be taken up before some of the larger automobile clubs and an effort made to secure a lower figure, according to W. H. Rose of Kansas City, who is now here. Mr. Rose owns several machines and had directed them shipped to Los Angeles, but on inquiry for rates countermanded the order.

NEW WIZARD HAS APPEARED.

First of Billiard Games Brings Great Surprises.

Demarest Outclasses Conklin and Makes Record Run.

Former Champion Poggensburg Defeats Californian.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, March 13.—[Exclusive Dispatch.] Playing billiards like the champion that he promises to be by next Saturday night, Calvin Demarest tonight defeated Charles Frederick Conklin, present champion of America, in one of the most interesting billiard games ever decided in this city. The count at the close of the play was 300 to 245, and so tense was the struggle for bank to finish that the crowd was held breathless till the very last carom had been ticked off by the young master. Conklin played his game and there is no complaint to be made on any side. But tonight Demarest was a young giant of skill, the perfection at times of all that goes to make a great cue artist. Not a bit daunted by the packed galleries and undismayed by the genuinely hearty applause that his onlookers bestowed on him for every move he made that was effective in overcoming Conklin's lead or increasing his own, as the case might be, he played powerfully at all times. Demarest's average was 11 14-26, easily the best of the amateur tournament so far, and he made a high run of 65 that also surpasses anything in that line so far shown. The score:

Demarest—0, 40, 5, 1, 31, 2, 5, 0, 13, 1,15, 9, 0, 8, 0, 1, 17, 2, 1, 19, 2, 24, 65, 0, 8, 31—300.

Conklin—2, 4, 0, 1, 8, 21, 7, 0, 9, 17, 23, 9, 19, 1, 0, 1, 23, 3, 5, 29, 24, 18, 1, 20, 0—245.

Average—9 20-25; high run, 29.

What for a time looked to be another big surprise in the tournament was prevented in the afternoon game by an exceptionally fast finish by J. Ferdinand Poggenburg former champion and now one of the favorites for first prize. Charles F. Norris, the San Francisco expert, led the Liederkranz giant by a small margin toward the close of the contest. Then Poggenburg got the gauge of the balls and table, and settled the struggle promptly, 300 to 230.

The big man from the East made a fine average of 9 21-31, missing an even 10 average by nine points, just at a time when he seemed certain of making the counts. The loser played his game, averaging 7 20-30 with a high run of 50, but he fell away sadly toward the close, and made the seventeen billiards in the last eight innings. The score:

Poggenburg—0, 3, 29, 4, 14, 1, 0, 1, 1, 42, 0, 2, 22, 1, 0, 0, 0, 1, 40, 0, 15, 4, 0, 1, 8, 40, 0, 44, 26, 9—300.

Average—9 21-31; high run, 44.

Norris—0, 2, 36, 4, 2, 0, 15, 3, 2, 3, 7, 3, 3, 1, 3, 35, 0, 50, 0, 3, 0, 34, 0, 1, 0, 9 15, 1, 0, 0—230.

Average—7 21-30; high run, 50.

TENNIS CHAMPIONS.

WILL COMPETE ABROAD.

American tennis champions and enthusiasts have accepted the challenge sent out by England and in all likelihood many devotees from Southern California will cross the water next July, when Champion Beals Wright, Holcombe Ward and possibly Raymond Little will be the team representing America in the international matches.

As yet little has been given out as to the personnel of the Los Angeles delegation, but it is said Miss Sutton will be in the party and compete with the crack players of England.

SPORTING GOSSIP.

NOTES HERE AND THERE.

A. A. Lawton, chairman of the Southern California Commission of the A.A.U., is confined to his home with a severe attack of grip.

Jack Doherty is successfully keeping boxing aspirants out of Milwaukee, and has succeeded to the same plane of popularity which was the lot of Charley Neary of the beer city. In his recent battle with Perry Queenan, Doherty made him look like a dub.

Clarence English is just now attracting the attention of the fistic world by his clean-cut victories, the most recent of which was his knockout of Young Choynski at Hot Springs, Ark. English is adopting the knockout route for his victims, and is becoming a strong favorite with the Arkansas fans.

Now comes the announcement that Leo Gregg laid down to Curly Supples at Buffalo, Friday night. Joe Gans is not the only one in bad odor, it would seem.

Certain eastern newspapers are shouting against the decision given in the Sullivan-Kelley mill Friday night, claiming that Kelly was robbed of the decision. It is easy to judge a contest from a point a thousand miles away, possibly, but thus far neither principal seems to feel aggrieved over the result.

Fight fans of Denver are devoting much time these days trying to pull off the Rube Smith-Billy Otts battle. The mill is under the auspices of the Democratic Club, and the police forbade the promoters pulling it off within the city limits. As a result it has been planned to have the go in a tent just outside Denver, March 23. Both men have been training two months.

The girls' basketball team of the Los Angeles High School will go to Pomona Saturday, where they will meet the girls' team of that place in a game.

The Downey High School now has a baseball team and is looking for a game with any of the amateurs, preferring one of the high schools after the league games are finished.

Prof. Adams of the Yale School is rounding out a ball team to compete with Hollywood and other out-of-town high schools.

Tommy Ryan will leave Los Angeles for Chicago tomorrow or next day. Tommy does not like the decision in the Kelly-Sullivan match and says he will never return. He will spend the summer at his fruit ranch in Michigan.

Medals for the successful contestants in the recent Y.M.C.A. gymnastic and athletic contests will be awarded on the evening of March 22, when a banquet will be given. Claude Littlepage, H. H. Bittman and Ray Cromwell will be given gold, silver and bronze medals respectively for athletic contests and places in the gymnastic contests, and H. H. Bittman, L. L. Aluzot and Eugene McCan will be given trophies.

LOOK OUT FOR LA GRIPPE

Many Deaths Caused By This Disease—Every Precaution Should be Taken—Its Symptoms Fully Explained.

The symptoms of "La Grippe" are running at the nose, considerable sneezing, watery, inflamed eyes, and a severe headache as if the head would burst.

Shooting pains in the eyes and forehead.

Often severe pains through the muscles, joints and limbs of the body.

Sometimes there is pain in the throat and hoarseness with a dry cough.

"Grippe" often proves fatal, due to the great tendency of the disease to complicate itself with whatever tendency there may be in the system toward any other disease.

It is sure to find the "weak spot."

For example, if one has weak kidneys and takes "Grippe" it is very likely to settle down in the kidneys and develop serious kidney trouble.

Then, too, after one has had an attack of the "Grippe" he becomes an easy prey with each return of the "Grippe" season.

"Grippe" starts with a cold and one is apt to think at first that it is a "bad cold," but it is something more, for the "Grippe" germs have lodged and are developing and hurrying through the system to find the "weak spot."

If you find at any time that you have any of the symptoms of this disease, the hundreds of thousands of deaths which have occurred from the complications of this disease should teach the lesson that you have no time to delay, as there may be in your own system an unsuspected "weak spot" in some vital organ—lungs, liver or kidneys—which would furnish a hotbed for the development of these germs and cause death.

At the first sign of the disease, or in fact, as soon as you take any cold, you should get a bottle of Acker's English Remedy for the Lungs from your druggist and take it according to directions found in each package.

Acker's English Remedy is recommended because you need something more than a mere cough syrup, such as is so commonly advertised.

You need a medicine that will go right to the "spot," and this well known medicine has won a great reputation, having stood every test for the past twenty-one years.

It is certainly a reliable remedy to keep in the house for immediate use in all cases of colds, sore throat, catarrh, bronchitis, asthma, pneumonia or consumption, etc.

It gives instant relief and effects a prompt cure.

Acker's English Remedy for the lungs is positively guaranteed, and all druggists will sell it with the understanding that if it does not cure you, you can have your money back.

Try it at once.

PART II: EDITORIAL, LOCAL AND BUSINESS SECTION

Pen Points

Willie Hearst has been sued again. That fellow must be a regular pudding for the lawyers.

Uruguay and Argentina are both without Presidents at the present time. And William J. Bryan 2000 miles away!

It is of far less importance what the Moros think of Mohammed than it is what they shall be taught to think of us.

Russia does not appear to have any the best of Pennsylvania. One has the "Black Hundred" and the other has the "Black Hand."

When Senator Tillman gets through jabbing the railroads there will likely be a few prongs missing from his justly celebrated pitchfork.

The women of the Moros fought our troops hand to hand on the bloody crater of Dajo Mountain. Sparta has no braver record than that.

Los Angeles was so glad to see Douglas Hyde that it even furnished him with the kind of weather he has always been used to in Ireland.

A New York preacher wants the churches to be numbered instead of named. The next move will be to put whistles on them instead of bells.

Susan B. Anthony "despised certain kinds of men." She was not to be blamed for that. There are certain kinds of men that God Himself must despise.

We trust that the police of Morocco are awake to the fact that an effort is being made to control them. There are occasions when even the police should wake up.

Susan B. Anthony was a Quaker, but she never practiced that part of the Quaker faith about preserving silence in the meetings. She always had her say wherever she was.

Judging her by her clean and blameless life, Susan B. Anthony has at last reached a place where no difference is made between women and men, except it may be in favor of the women.

As is now well known, some of the prettiest girls in the world live in Morocco, and yet France and Germany are foolish enough to think that they stand a chance to control the police there.

Congress is considering the advisability of taking steps looking toward the purification of elections. But the politicians will not worry as long as no one outside of Congress takes the matter up.

If our boys in Jolo killed Moro women and children it was because they could not help it. Please God, the day will never come when an American soldier must be defended against a charge of that kind.

Ex-Premier Balfour's health has been so far improved that he is able to lead the opposition in Parliament. Judging from the size of the Opposition, however, it scarcely requires a very healthy man to lead it.

It is the rain that makes things grow, which you may have noticed in the street cars on a rainy day by the large increase in the number of strong, able-bodied men who refuse to give up their seats to tired women.

The fact that a law may be passed compelling those who give over $50 to political campaign funds to have their names published in the newspapers, does not seem to be causing Russell Sage or Hetty Green any particular distress.

The President should crown with everlasting glory his record as a peacemaker by making peace with the Moros. Evidently God never created a braver people. Let us not only use every effort to bring them under the folds of the flag, but to teach them to love that flag, as well.

Not only is the Pennsylvania public opposed to a coal strike, but if a poll were to be taken it would undoubtedly be found that fully three-fourths of the English-speaking miners are also opposed to it. It is the walking delegates and the alien anarchists who are pushing the thing along.

Chicago has three saloons for every policeman. It is not given out how many saloons for every policeman there are in Morocco, but it would be worth looking into while this question as to the control of the police is being discussed in the conference at Algeciras.

Bourke Cockran is surely wrong in his theory that the way to put an end to political campaign contributions is to compel the publication of the names of the contributors in the newspapers. It would have just the opposite effect. There are a great many men who will even give up good money in order to get their names in the papers.

The Supreme Court of the United States has handed down another of its almost inexplicable decisions in the matter of the Chicago Traction companies. The decision says that the companies are entitled to ninety-nine-year franchises, but have no right to extend contracts for the occupation of streets. It looks like giving a man a soup supper without giving him the soup.

ROOSEVELT AGAIN?

It is early in the day to begin the next Presidential campaign, two years and three months or thereabouts before the nominating conventions are to meet. And yet, taking a broad view of the situation, it is none too early.

Yesterday Gen. Grosvenor of Ohio expressed the opinion that to insure success in the coming election it is preëminently desirable, if not absolutely necessary, that Theodore Roosevelt should again be the standard bearer of the Republican party. This is not the first time that expression has been given to this thought. There is no mistaking the temper of the great mass of the American people. They want Roosevelt for President for four years more after his present term has expired.

But it takes two to make a bargain. There is only one obstacle in the way of renominating Roosevelt and that obstacle is Roosevelt. He said just after his election the last time that he would not be a candidate for office again. He has repeated that statement more than once since his election. The whole world knows that Theodore Roosevelt is a man of his word. That he means to the full extent of their significance the words which he has uttered none can doubt. The question comes down to this one point. Is there any way to bring pressure upon the President to induce him to change his mind? There is only one consideration that could possibly induce him to take such a step. That consideration would be the public good. Unless the President can be made to see that the great welfare, indeed, almost the safety, of the republic depends upon his reversal of his own decision, he will not run again.

Are such conditions likely to arise? With every confidence in the intelligence and patriotism of the American people as a whole, we do not hesitate to say that such conditions are not only possible but probable. The campaign of 1908, as matters are shaping themselves now, promises to be a greater struggle for sane, American, Republican principles and ideas than was the campaign of ten years ago. The Democratic party is today in precisely the same condition of mind that it was in 1896 and 1900. It has no clear-cut, distinctive principles. It has no broad and clearly defined policy on which to go before the electors of the country. The free silver craze of ten years ago was a distinct reversal of every Democratic idea of finance up to that time. But the party took up the shibboleth because they thought the voters of the country were behind it in sufficient numbers to elect Mr. Bryan President. In this they were mistaken, and finding out their mistake four years later they caught up another series of unheard-of notions out of which they built a patchwork platform, incorporating in it any principle, notion or whim in which they thought might be a little "bunch" of votes. They were just as far at sea for issues in 1904, and they came before the people with a less clearly defined policy and a more undemocratic collection of fads than in either of the two preceding campaigns.

They are still at sea. There is only one clearly defined conviction in the mind of the Democratic leaders, small and great, from one end of the country to the other. That idea has been a fixed one in the Democratic mind ever since the passage of the Wilson bill. It is that the tariff must be kept as far as possible out of the campaign. It is a subject on which the party is still sore.

The Democrats already see by numerous straws which way the wind is blowing. Theoretical reformers have been preaching vociferously for months past the wholesale government ownership of public utilities. The end of such a programme as these theorists have outlined would be a financial and industrial revolution. But the Democratic party sees in this new notion a possible opportunity of landing its candidate in office. As the matter looks today, there can be no reasonable doubt that in the summer of 1908, when the Democratic convention will meet, their platform will be the government ownership of public utilities generally. Every indication points that way.

Who will be the candidate to stand upon this new platform? No real Democrat will ever be found on a platform containing such a plank. It is an absolute reversal of Democratic doctrines, teachings, and precedents. The conservative wing of the Democratic party will have no voice whatever in the organizing of the next nominating convention. The extreme, radical wing of the party will be in full control. That convention, although practically a unit in agreeing that government ownership of public utilities of all kinds and dimensions is to be the platform, will be split wide open as to the candidate. William Jennings Bryan and William Randolph Hearst will lead the two opposing factions, and one or the other of them will win.

That the American people will ever indorse any such programme as that outlined by the party, or will ever elect to the high office of President of the republic either of the men here named, is an inconceivable thing. But all the elements of discontent, all the theorists, dreamers, socialists and anarchists from one end of America to the other, will line themselves up under either of these Democratic leaders, with this revolutionary idea as the object of their desires.

The general disturbance to business conditions to be looked for will be very great. We all know what it was ten years ago, and from that we may judge how serious the mischief will be two years hence. There seems only one clear way to avoid this disaster to the prosperous conditions existing in all lines of business at this present time. With Theodore Roosevelt again bearing the standard of the party, the business of the country would run along through the summer and fall of 1908 as smooth, as deep and broad, as it is today. The whole country would realize that Roosevelt's election was assured from the moment he gave his consent to stand for renomination. With any other standard bearer, conceding that we may select the best, while the prospect might seem bright to the people generally and perhaps certain to the most intelligent of the people, yet the misgivings would be so great in the minds of multitudes that business stagnation would be almost sure to result. If the people in large numbers will express their conviction that our continued prosperity depends upon the President changing his mind, one may hazard a conjecture that he may do so. We hope their voice will be loud enough to be a command. Only an imperative expression from the masses will alter the President's sincerely expressed purpose to retire, and even that may not avail.

A PINHEAD COMMITTEE.

The "California Promotion Committee" is a misnomer, and a misfit. For two or three years past it has been operating under false pretenses. Hypocritically pretending to represent California, it has practically represented only San Francisco and the region for a small radius round about it. The southern portion of the State has either been ignored, or "damned with faint praise," which is worse. Evidently inspired with mean jealousy because of the wonderful progress of Los Angeles and of Southern California, the narrow-minded managers of this organization have not even tried to conceal their jealousy. They have sent out misleading literature, belittling the products of the South, and even representing that the climate of the hot interior valleys of the North is substantially the same as that of the breeze-cooled coasts of the South. If these managers had named their organization the San Francisco Hot Air Society, or something of that sort, the name would have been more appropriate.

And now the "California Promotion Committee" (so called) is sending out a circular impudently claiming credit for the wonderful prosperity which the State has enjoyed. The falsity of this claim is apparent when it is remembered that Southern California, the section of the State which it has ignored and underhandedly "knocked," has been far and away more prosperous than any other section. Perhaps, if the San Francisco wind-jammers had let the other sections of the State alone, those other sections might have prospered equally with the South.

In furtherance of their work, the San Francisco "promotion committee" has recently increased its membership by adding to its executive committee and its reception committee the name of that wild-eyed walking delegate, Pinhead McCarthy; also to its "San Francisco Affairs Committee" the names of Fiddler Schmitz and O. A. Tveitmoe, the latter, like Schmitz and McCarthy, being noisy members of the rabid labor unionist gang. It is hardly necessary to remind the public that these union bosses have for years strenuously opposed the coming of workingmen to California. They have sent out thousands of lying circulars disparaging California and warning wage-earners against coming here, representing that conditions were desperate, that no work could be had, that the cost of living was abnormally high, with other vile misrepresentations too numerous to mention. It is of course apparent to any person of ordinary intelligence that if the population of California is to be increased by immigration, a large proportion of the newcomers must be composed of men who earn their living by work. Presumably, from now on, the San Francisco "promotion" crowd will do their "promoting" by warning all wage-earners to keep away from California. For what other purpose could Pinhead, Tveitmoe and Schmitz have been given prominent places in the councils of the committee?

THE "REDS" IN LOS ANGELES.

A "mass meeting" of anarchists and anarchist sympathizers was held at Simpson Auditorium last evening, as advertised in circulars (printed in the reddest kind of ink) posted about town some time ago. The purpose of the meeting was to protest against the trial (and probable conviction) of Moyer, Haywood and other officers of the Western Federation of Miners, now under arrest in Idaho, charged with complicity in the foul assassination of former Gov. Steunenberg.

The speakers indulged in sizzling oratory without end, and about everything on the earth, under the earth, and in the skies above (save Debs and his anarchistic following) was denounced, spat upon and scoffed at, and the "reds" had a high old time and (to them) a nice pleasant evening.

And what will the confab accomplish? What use will it subserve? What are the facts in the case? What is there for anybody to protest about? Some fifty men have been murdered in the mining regions of Idaho and Colorado within the past few years. The last one murdered was an ex-Governor of the State of Idaho. The legally constituted authorities, as it was their duty to do, deliberately set about hunting down the assassin or assassins. They secured evidence against certain men which they deem conclusive of guilt. These suspects (who are officers of the Western Federation of Miners) were placed under arrest, and they are now awaiting trial. They will be tried in due time, and under the forms prescribed by law. They will have a fair, an impartial trial. If proven guiltless, they will be released. If proven guilty they will be executed, as they ought to be.

The "mass meeting" in Los Angeles was held at the instigation of Debs, the unhung instigator of numerous murders committed in 1894. Debs is now egging on his socialist-anarchist dupes to insurrection against the government, against the law, and against the justice which the law represents. He has constituted himself judge, witnesses and jury in the case of Moyer et al. He declares that these men are his "brothers," and that they are not guilty. "If they hang Haywood and Moyer," he says, "they have got to hang me." Let Debs be patient. If he pursues his declared purposes to their logical conclusion, he will be accommodated with a good stout noose sooner or later.

Moyer et al. have not yet been formally found guilty. But the exultation with which Debs and members of the Western Federation of Miners speak of the assassination of Steunenberg increases the presumptive evidence of the guilt of the men under arrest. They do not conceal their joy at this foul crime, nor do they hesitate to threaten others whom they regard as their enemies with a like fate. If they regret such crimes, their words belie their actions, for they are constantly declaring their readiness and their intention to dabble their hands in the blood of men who disagree with them.

SUSAN B. ANTHONY.

Susan B. Anthony whose death occurred yesterday, had few intellectual equals among the women of her time. Her long career was filled with honorable and able endeavor in behalf of a cause to which she was devoted to the extent of consecration—the securing for woman an equal standing with man before the law. To her faithful and never-flagging efforts in this cause were attributable many of the reforms which have immeasurably benefited her sex. Many laws which were prejudicial to women have been replaced by just laws through her indefatigable labors. Her work in the cause of temperance and for the abolition of human slavery was of benefit to humanity. She lived to see realized, in whole or in part, many of the reforms which she so earnestly advocated.

In the earlier days of her life-work Miss Anthony was subjected to much ridicule because of her convictions and the steadfastness with which she advocated them. But these ill-natured manifestations practically ceased long ago. They had no effect to turn her aside from what she regarded as the path of duty, and fortunately she outlived shafts of ridicule to see her cause respected and herself honored as its consistent and unswerving champion.

Whether one believes in woman suffrage or not, if he be fair-minded he cannot withhold the just meed of honor from this noble woman who has gone to her death crowned with honors. A long life of devotion to an ideal, and of self-sacrifice for its attainment, challenging the respect alike of thinking men and women in every land where sincerity of purpose and devotion to principle are honored. So rare a quality is absolute sincerity in these days of greed and self-seeking, that we may well pause to pay a tribute of admiration and respect for one whose life was as pure as the untainted air of mountain fastnesses, and whose purposes were as steadfast as the sun.

SHOO FLY!

PEOPLE WANT THE TRUTH.

The House Committee on Interstate Commerce has decided to make a favorable report on the Townsend joint resolution, which provides for an appropriation of $50,000 for the purpose of enabling the Interstate Commerce Commission to investigate railways and monopolies. A favorable report will also be made on the Tillman-Gillespie joint resolution having the same purpose in view. The Townsend resolution corrects, it is said, some of the defects in the Tillman-Gillespie resolution, as pointed out by the President.

By all means, let these resolutions go into effect, if they will help to throw any light into the dark places in the management of railroads and monopolies. Many contradictory and confusing tales are told of alleged dark doings which need to be illuminated by the light of truth. The Interstate Commerce Commission cannot get to work too soon on the proposed investigation. But if it be ordered, let it be an investigation which will investigate. For such research, no pains nor expense should be spared. Any other kind of an investigation would be money wasted. "The truth, the whole truth, and nothing but the truth" is what the American people want to know about these matters. There have been more than enough perfunctory "investigations" of this and that. What is needed is the genuine article, that will mean something and accomplish something.

PEOPLE OF THE COAST.

W. S. Zehring of Salt Lake was last week elected president for the ensuing year of the Western Bowling Congress, in session at the City of the Saints. Mr. Zehring has been an untiring worker in the interests of the congress.

Fraternities and sororities in high schools were bitterly attacked by Dr. Stephen S. Wise, in an address before the Women's Club of Portland, and his unqualified denunciation of secret organizations in public schools was unanimously indorsed by the club as a body.

After seventeen years of service on this Coast as purser and in other clerical positions on well-known liners, Lincoln E. Bemiss has assumed his new duties as cashier for the Toyo Kisen Kaisha, the Japanese steamship line connecting San Francisco with the principal ports of the Orient.

Dr. Waring Wilkinson, the head of the State Institute for the Deaf and Dumb and Blind in Berkeley, has just returned from an extended trip throughout the East. While away, Dr. Wilkinson visited nearly all the large institutions for the training of the blind and the deaf and dumb.

Ralph E. Smith of Berkeley, whose work in controlling asparagus rust has saved thousands of dollars to the growers and canners of the State, is promoting a vigorous campaign in various sections of California against the enemies of the vegetable world. His report, just issued, shows that he is meeting with much success.

President Benjamin Ide Wheeler of the University of California last week joined in a college ball game, and at the request of the competing teams threw the first ball over the plate to open up the interesting contest. The teams did not take advantage of his pitching innocence and bat out his curve for a home run, and it is recorded that he landed a good grounder.

Chief Justice George W. Bartch of the Utah State Supreme Court will tender his resignation, according to a close friend, either immediately before the May term of court, or as soon thereafter as he can complete his share of the work of that term. This statement comes from a source so authentic as to leave little room for doubt. Judge Bartch himself has gone to Denver, and his confirmation of the story is yet withheld.

Senator Perkins had just finished his speech on the subsidy bill, which he has delivered many times before. The California Senator was for years in early life a sailorman, who went down to sea on ships. He loves to treat the Senate to good, plain lingo from the quarterdeck. Senator Spooner arose to discuse features of the bill which he did not like. "I hesitate," he said, "to follow my learned friend from California. I come from a State where we have brave seamen, but most of our people know little of the art of navigation. We know something where I live about prairie schooners—and Milwaukee schooners—and that is about all, I fear."

For the second time since the Intercollegiate Oratorical Association of Oregon came into being, an orator from Albany College has been awarded first honors in the annual contest. Evert L. Jones was marked first by the judges, second and third places respectively, going to Paul V. Maris of Pacific College and H. L. Parcel of Willamette University. Francis Galloway of the University of Oregon, ranked fourth.

William S. Cook, the oldest initiated Odd Fellow in California, died recently, apparently in great poverty, and his lodge buried him. He was even in arrears for several months' rent for a shabby room where he had lodged for thirty years. The Public Administrator's search of safe deposit vaults, however, revealed that Cook was a miner, who left more than $100,000 in bonds and other securities. His only relative is a brother in Virginia.

Dr. Withycombe of the Oregon State Agricultural College at Salem, last week made the assertion that the practice of bare summer fallowing has caused a loss of nitrates from the soil of more value than all of the wheat ever shipped over the Columbia River bar. It gives the farmers something to think about, but his statement was no more startling than that made by H. M. Williamson of Portland, who said that if all the apple trees in Oregon were clean and cultivated so that they would bear full crops the State would produce annually 7,000,000 bushels of apples, of a value of $4,500,000.

UNCONSIDERED TRIFLES.

Recollections of Boyhood.

I recollect my childhood days; I recollect the school
Where I was licked and frequently informed I was a fool.
I recollect the babbling brook, the miller's dripping wheel,
And, likewise, I recall to mind the stone-bruise on my heel.

I recollect my first sweet love, the fairest of the flock;
Whene'er I'd ask her for a kiss she'd bang me with a rock.
I recollect the picnic grove where I would sometimes play,
But where they'd never let me go when it was picnic day.

I recollect the village folk, so hearty and so hale;
I recollect they always said that I'd wind up in jail.
I often ran my train of thought on recollection's track—
I love to recollect those days, but I don't want 'em back.

Ten Years Hence.

"Yes; I attended the banquet."
"What did you have to eat?"
"We started with proteids, followed by carbohydrates and nucleins, and wound up with glucosides and caffeine."

Drawing the Line.

"Hiram," said Farmer Hoptoad to his son back from college.
"Yes, guv'nor?"
"Ye kin call your mother 'the old woman' if ye've a mind ter, but if I ever hear ye alludin' to her agin' as 'the mater,' you an' me separate. Savvy?"
Hiram savvied.

Transformation.

A gray day! A gray day!
A mist that fills the sky,
And clouds that stretch afar away
And low and leaden lie.

Love with form that fairly glows
Comes adown the lane,
Tints the grayish clouds with rose
And drives away the rain.

More Like It.

"Did you ever return a campaign contribution, Senator?"
"Lots of 'em."
"You amaze me."
"I don't know why I should. I've sent back to many a corporation its $500 check and told 'em to add a couple of ciphers."

Of Course Not.

The rector was showing us through the Sabbath-school.
"And where is the infant class?" we thoughtlessly inquired.
"Ours is a very fashionable congregation," sighed the rector. "Alas, we have no infant class!"

As to a Doctor.

"I've had that pain in my back for complaints and he has never done me of anything."
"No?"
"Except money."

On the 'Phone.

"Oh, bitter is my cup!"
Quoth rakish Mr. Stone,
"Each day my wifey gads
And also calls me down."

Quotations.

"What have you there, my boy?"
"A book of classical quotations."
"Ah, just see what it's selling at, will you for dad?"

Society Journalism.

"You are a miserable hack," said the editor of Town Topics.
"Why, sir, I have all the requisite tests the reporter.
"Facts! What do we want with facts? What we are after is a description.

Her People.

The dear girl had said that the young man was related.
"Thy people shall be my people," declared he, and spoke as to the rest of the quotation.
But he did not feel so happy two months later when he found himself on him two parents, one brother, two sisters, a maiden aunt, a dog, a cat and two parrots.

He Was Very Sad.

Perhaps there never was a man so thoroughly believed in himself coolly as Mr. Bulfed. The advantage of worry and the disadvantage of rush, no matter what emergency might arise, was the never-failing prop upon which he hung his hat in an improving discourse.

But as so often happens in Mr. Bulfed's opportunities for putting his favorite theory into practice were few, until one fateful night when he and his wife were aroused from their midnight slumber by the cry of "Fire!"

He was coolness itself.
"My dear," he said calmly to his wife, "the time has come for us to find in practice the value of the theories we have always preached. Be self quickly," but keep cool.
In tense silence they dressed themselves in the operation of a few unhurried dressing. Then he slipped his watch into his vest pocket and they walked out into the burning building.
"There, my dear," he said to his wife, when the danger was over, "you see the great value of a little theory of coolness. Now, if we only had our heads—"
His wife glanced at him for the first time since the alarm had been given.
"Yes, William," she said, "your philosophy is both beautiful, but really, if you had been you I would have on a pair of trousers!"—[Tit-Bits.

FEBRUARY CIRCULATION OF THE TIMES.

The following are the sworn statements of the circulation of THE TIMES for February, 1906:

STATE OF CALIFORNIA, }
COUNTY OF LOS ANGELES, } ss.

H. G. Otis, General Manager of the Los Angeles Times, being duly sworn, says that the following is a correct statement of the circulation of the Daily Times for each day in the month of February, 1906:

1	44,000
2	44,000
3	44,000
4	44,000
5	44,000
6	44,000
7	44,000
8	44,000
9	44,000
10	44,000
11	44,000
12	44,000
13	44,000
14	44,000
Total	

The average circulation for each day of February, 1906.
The average circulation for each day of February, 1905.

Showing an average increase for each day of this month over the year 1905 of .....

Subscribed and sworn to before me this ... day of March, 1906.
[Seal] Notary Public in and for Los Angeles County, State of California.

A. L. Dennis, being duly sworn, says that he is and was during the month of February, 1906, assistant superintendent of Circulation of the Los Angeles Times; that the above statement of the circulation for the month of February, 1906, is correct, and shows the number of papers printed for each day of said month.

Superintendent of Circulation.
Subscribed and sworn to before me this ... day of March, 1906.
[Seal] Notary Public in and for Los Angeles County, State of California.

R. K. Dobbs, being duly sworn, says that he is and was during the month of February, 1906, foreman of the composing room of the Los Angeles Times; that the above statement of the circulation of the Times for the month of February, 1906, is correct.

Foreman of the Composing Room.
Subscribed and sworn to before me this ... day of March, 1906.
[Seal] Notary Public in and for Los Angeles County, State of California.

[PUBLISHER'S NOTE.—The above statements are shown are practically correct. Many of the papers being delivered to subscribers from carriers, newsboys and country agents, and many more from stands. Railway companies are not permitted to report the number of papers carried, being the exception rather than the rule.

The Times guarantees a larger bona-fide average circulation for the month, year in and year out, than the bona-fide circulation of any other two Los Angeles newspapers combined.)

WOMEN'S CLUBS.

Douglas's Bouquets.

Dr. Douglas Hyde kissed the Shamrock for which his country is famous. Oh, the bouquets, fragrant with history, that he tossed to American women at the reception given him yesterday afternoon by the Friday Morning Club. After tea had been served and the guests had enjoyed the pleasure of shaking hands with the famous Gaelic leader and his wife, there was a general adjournment to the auditorium and Mrs. G. Aubrey Davidson, who arranged the reception, formally introduced Dr. Hyde from the platform and he made a little speech that was the great delight of the ladies—and there were several men mixed up in the audience, as well. The opening sentence of the sptech were in the Gaelic dialect but Dr. Hyde assured the ladies that what he said was entirely complimentary to them. He then lapsed into English, with a rich brogue that was fascinating, and told what he thought of California in general and of Los Angeles in particular. He said that our city might be called the Athens of the Pacific for it has a similar Athenian climate, and as to ladies, it is not like any other city that stands apart from the rumble and roar of a great seaport town and above the smoke and filth of a manufacturing center. "Wherever I have been in America," he said, "and I have been in forty cities, I find that the cultured people—especially the ladies—have manifested the greatest interest and sympathy in the great intellectual movement going on in Ireland. Indeed," he added, "I find that the ladies have more interest than the gentlemen, because the American lady is apt to ask if there many men present?" he asked cautiously about, "dare I say it, are more intellectual than the men." Then the women applauded to the echo.

"I am not to be a fairly good judge," said Dr. Hyde, "for I have had the opportunity of meeting both men and women, after these opening remarks, to a more serious mood, discussed the great Gaelic revival now sweeping over Ireland. "The Irish are the only race in Western Europe," he declared, "that have preserved a language of their own with a continuity extending 1800 years back, and longer. It is the only literature through which we can get some idea of what our ancestors were before the Romans ran the Juggernaut over Western Europe. It is the only country that has preserved a faithful record of pre-Christian times. We are reviving an old nation, the only cultivated nation in Europe for more than three centuries. The Irish race has behind it a great past and a great heritage that no man can deprive us. The Gaelic League started as a literary movement. It was because of us—all nonentities. We were subterraneously, as it were, unknown, but during the past six or seven years we have come out into the light. The league now has over 600 clubs holding meetings regularly and working hard. One of the results is the industrial circle. Our exports have doubled their output and our mills have trebled. Another is the anti-treating movement has enormously reduced drunkenness in Ireland within the past year and closed 40 per cent. of the saloons on St. Patrick's Day, which is a national holiday. So successful was a mere language movement developed into very much as it is not a political movement, but a movement of the word. It is a protest against English rule and what the ultimate position of Ireland may be—whether it become a part of the United States and adds a star to our flag, or a semi-independent nation, or a complete independent—no matter what the outcome is, we are trying to develop our own effective people and to get rid of our own system of education."

Dr. Hyde came directly from St. Vincent's College, where he spoke for an hour and a half before the students of that institution, to the club rooms. Among those present on the reception committee were Mmes. Margaret Collier Lawrence, J. F. Bartori, J. A. Shelley Tolhurst, Roy Jones, E. H. T. Lee, H. R. Boyn-ton, Willard, M. E. Evans, J. S. Slauson, A. Groff, R. W. Poindexter, Willoughby Rodman, Smith, Wm. D. Babcock, C. B. Cheney, J. E. Cowles, G. H. Wadsworth, Jennie Collier, Olive Perry Jones, E. E. McCullough, Nealy Stevens and Marie Widney.

The following ladies poured tea from handsomely decorated tables: Mmes. E. Wells, Burton Williamson, Harrison, E. R. Bradley, A. H. Miller, J. R. Moore, O. P. Clark, F. Gordon Wing and Florence Emily Wing and Florence Ellis.

Officers of the Equality Club are planning a memorial service for next Sunday in woman suffrage, Susan B. Anthony, to be held at the Friday Clubhouse next Monday afternoon. The full details of the programme have not yet been completed but Mrs. Ethel Tupper Wilkes, Sevier and Mrs. Florence Collins Porter will be planted in Westlake Park on Arbor Day in memory of Miss Anthony, the tree committee being Miss Fanny Bixby, Jessie Anthony and Mme. Modjeska.

Friday Morning Musicals.

The section of the Wednesday Morning Club is planning to entertain the members at the home of Mrs. Frank Lyon, 146 North Gates street, Friday afternoon. An interesting musical afternoon has been arranged.

Exhibit.

One of the most unique exhibits at the Ebell Lean Exhibition given by the Friday Club will be a reproduction of Raphael's Madonne done in needlework by a young German girl—Pauline Ripberger—who copied the picture in Dresden. It required literally, inch by inch. This needlework reproduction received a medal at both the Paris and St. Louis Expositions and is pronounced by competent critics to be one of the most remarkable pieces of art work, a perfect reproduction, even with the needle instead of the brush. Fraulein Ripberger had never had any artistic training before she began. She simply had an eye for color and an unconquerable desire to produce this famous picture. Visitors to the art gallery day after day for the long years it required to finish the work, noting carefully every tone and then faithfully reproducing it. After the St. Louis exposition Fraulein Ripberger's sister, in charge of the famous picture, exhibited it throughout the State. It was on exhibition at the State Normal School during the Federation of Women's Clubs in that city.

Clubs from the Pacific coast are coming from the Portland Fair, which is a fine exhibit of what it and was so successful that it was so fine worth that it brought down the Crafts exhibit of last three days. This exhibition is open to the public affair and admittance is desired. It will open on Thursday, March 23. Thursday, March 29, is the day, in charge of the Friday Morning Club. Friday will be in charge of Mrs. J. H. Nash, and will be Educational day. Special reference to the school children. Mrs. Pettigrew in charge. Mrs. Hunt will have an exhibit of Indian relics.

Visitors.

When making their return home to Minneapolis, New York, or New England, drop into the office of the New York Central, West Fourth street, Alameda.

This favorite steamer sails on her voyage from San Francisco to Seattle and return trip rate is a delightful trip, passing the beautiful islands, and is one of the world's most attractive. Send for circulars to 613 Market street, San Francisco, or 124 West Second street, Los Angeles.

BURNETT'S visitors are invited to call at Burnett's and take

WOMEN'S CLUBS.

Dr. Douglas Hyde kissed the
them for which his country is
Oh, the bouquets, fragrant
ers, that he tossed to Amer-
ans at the reception given him
ston by the Friday
afternoon. After tea had been
and the guests had enjoyed the
of shaking hands with the fa-
Hyde and his wife, there
formal abbreviment to the au-
and Mrs. G. Aubrey David-
announced the reception, for-
introduced Dr. Hyde from the
and he made a little speech
the delight of the ladies—and
several men mixed up in
, as well. The opening
of the speech were in the
dialect but Dr. Hyde as-
ladies that what he said was
complimentary to them. He
how English, with a rich
that was fascinating, and
he daughter of California in particu-
and that our city might be
Athens of the Pacific for it
Athenian climate, and as
, it is not like any other
stands apart from the rush
of a great seaport town and
the smoke and filth of a
manufacturing center. "Wher-
been in America," he said,
been in forty cities, I
that the cultured people—
especially the ladies—have manifested the greatest interest and sympathy in the great intellectual movement now on in Ireland. Indeed," he continued, "I find that the ladies have a greater interest than the gentlemen. In the American lady is combined many men present?" he humorously about, "dare I say more intellectual than the gentleman." Then the women applauded to the echo.

"I am to be a fairly good judge," continued Dr. Hyde, "for I have had the opportunity of meeting both men, and after these opening remarks, in a more serious mood, he spoke of the great Gaelic revival movement now sweeping over Ireland. "The Irish people are in Western Europe," he said, "that have preserved a language of their own with a continuous literature 2000 years back, and more. It is the only literature which we can get some idea of what our ancestors were before the Roman ran the Juggernaut of tyranny over Western Europe. It is the only country that has a faithful record of pre-Christian times. We are reviving an old, the only cultivated nation for more than three centuries. The Irish race has behind it a past and a great heritage that can deprive us.

"The Gaelic League started as a literary movement. It was before the public—all nonentities. We grew enormously, as it were, almost during the past six years we have come out into the open. The league now has over 600 branches holding meetings regularly and working hard. One of the most important industrial circle. Our exports have doubled their output in value and mills have trebled. Another is the anti-treating movement, enormously reduced the consumption of Ireland within the last year—almost 60 per cent. Then there is St. Patrick's Day, the national holiday. So that has developed as a mere language movement into very much more—not a political movement in the sense of the word. It is a movement against English rule and for the ultimate position of Ireland—whether it become entirely free and adds a new star to the flag, or a semi-independence, or a complete independence, no matter what the ultimate position is, we are trying to get the people and to get our own system of education."

He Was Very Cool.

Perhaps there never was a man more thoroughly believed in taking things coolly as Mr. Bulteel. The death of a wife is one of worry and the funeral expenses which arise, was the never failing topic on which he hung many an hour of self-improving discourse.

But as so often happens, the man's opportunities for putting his favorite theory into practice came suddenly, when one fateful night, after he and his wife were aroused from their midnight slumber by the cry of "Fire!"

He was coolness itself.

"My dear," he said calmly to his wife, "the time has come when we are to be put in practice the value of what we always preached. Don't dress quickly," but keep cool."

There was a tense silence they listened to the operation of dressing. Then Mr. [illegible] his watch into his pocket and they walked safely into the burning building.

"There, my dear," he said to his wife, "when the danger was over, was the great value of my philosophy—coolness. Now, if we had only—"

His wife glanced at him for the first time since the alarm had been given. "Yes, William," she said, "your philosophy is both charming and beautiful, but really, dear, I wish you I would have put on my trousers!"—[Tit-Bits.

THE MARK OF GOOD CLOTHES
KNOW US FOR BEST VALUES

OUR Spring opening of Men's suits will interest men who desire up-to-date styles and first class makes.

Clubs in that city and one of the delegates from the Ebell Club, who, by the way, is a fine art critic, went to see it and was so impressed with its genuine worth that she arranged to have it brought down here for the Arts and Crafts exhibition which comes off the last three days of this month.

This exhibition, by the way is to be a public affair and a very large attendance is desired by the ladies in charge. It will open on Wednesday evening, March 28. Thursday will be Colonial day, in charge of Mrs. C. Q. Stanton. Friday will be Spanish day in charge of Mrs. J. H. Norton and Saturday will be Educational day, planned with especial reference to interesting the the school children, with Mrs. Eugene Pettigrew in charge. Mrs. Sumner P. Hunt will have charge of a fine exhibit of Indian relics and curios.

Visitors in California

When making their railroad arrangements for return home to Michigan, Indiana, Ohio, New York, or New England, will do well to call at the office of the New York Central Lines, 216 West Fourth street.

Alameda for Honolulu.

This favorite steamer will make her next voyage from San Francisco, March 17, and the round trip rate is only $125. A more delightful trip cannot be found than to these beautiful Islands. The crater of Kilauea is one of the 'world's wonders, and is now active. Send for circular, 653 Market street, San Francisco, or 125 West Second street, Los Angeles.

Coulter Dry Goods Co.

Sample Embroidered Waist Patterns About Half

A lucky purchase of sample waist patterns that were never intended to sell in any store for less than $1.50 to $7.50 each. One hundred and fifty of them—no two alike—made of Persian lawn fine batiste, trimmed with delicate Valenciennes lace and insertion, and beautifully embroidered; included are some linen patterns done by hand.

Their duplicates in regular stocks couldn't be bought for less than 25 per cent. to 50 per cent. more than we're asking now; on sale at the Wash Goods Counters, extreme rear, north aisle, Broadway, from 50c to $3.75 each.

Sterling Rug Values
On Third Floor

Pilgrim Rugs—the latest fad for bedrooms or beach cottages, they're woven like old-fashioned rag carpets, with fringed borders, in blues, greens, pinks and reds; size 3x5, $2.25; 5x9, $6; 9x10, $11.50.

American Fibre Art Squares—unlike the Chinese and Japanese mattings they're free from odor; made in highly artistic colors and patterns; 6x9, $5.85; 7.6x10.6, $7.65, 9x12, $9.65.

Inlaid linoleums, 90c a square yard. Duplicate the qualities elsewhere for less than $1.25, if you can.

French Lingerie

Coulter undermuslins, however inexpensive, are chosen for critical women—women who appreciate fine materials and careful needlework. Today we call your attention to new arrivals in French lingerie, garments of very fine muslin, handmade, beautifully hand-embroidered, and trimmed with dainty ribbons and lace. In every garment—chemise, drawers, gowns, skirts and sets—is the true elegance characteristic of the work of foreign designers and artists.

Lace Allovers Half Price

Half price because they are mostly in one piece lots. Designs are new and stylish, and there's a good variety of the sorts and widths most wanted for yokes, trimmings and waists, 17½c to $3.75 a yard.

Neckwear 25c

White washable turnover collars, and three-piece sets, neatly embroidered, some of them in Hardanger disigns, some in colors; true 50c and 75c qualities, for 25c each.

Elegant Silks and a Special Bargain

Peau de crepe is a distinct fabric—a washable silk that launders like linen, making its uses practically limitless. Waists, shirtwaist suits, lingerie—these are but suggestions of its possibilities. This season the makers have introduced self-figured and striped peau de crepe, for fancy or plain waists and suits.

We are the only Los Angeles house showing a complete assortment of plain, figured and striped patterns.

White, ivory and cream, 24 inches wide, $1; 32-inches wide, $1.50. Other plain shades $1. Stripings, 24 inches wide, $1.25 and $1.50.

White Jap. Habutais 95c

36 in. white washable habutai silks, for shirt waists, entire suits and like purposes, reduced from $1.25 to 95c a yard.

Wool Stuffs

Cream Dress Goods—in splendid variety, materials suitable for gowns, suits and skirts, delicate stripes and checks of black, lavender, green or blue, the season's favorite, $1.50 yard.

Wool Taffetas—softtan, gray, champagne, regatta and tartar blues and reseda shades, 48 inches wide, all wool, $1.25 yard.

Shadow Nuns' Veiling—Everywhere else these goods are selling at $1.25 a yd. Here in 10 different colors $1 yd.

GOLD TEETH

When a tooth is so badly decayed or broken away that filling would not prove successful or permanent, we cover the entire tooth with a gold shell (commonly called cap or crown), 18 carats fine. This shell is an exact counterpart of the tooth before decay and is made to fit accuratley to the margin of the gum. It is cemented on with a cement which sets and hardens like concrete and holds for a lifetime. This cement also seals up a filling and protects the tooth or root against cold and heat. Dr. Schiffman's method consists of simplifying a system so that a crown is made at one sitting, and not several, as formerly by the old method.

It is with pleasure that I state that I have had several teeth filled by Dr. Schiffman, and that he removed the nerve and filled the root of one of my teeth and put on a porcelain crown which cannot be distinguished from a natural tooth, all of which was done without pain.
JUDSON R. RUSH, 217 New High st.
Of Davis & Rush, Attorneys.

I have been treated by Dr. Schiffman for years. I have tried all his different methods, and can say unhesitatingly no dentist or physician has ever operated with such success or skill. In extracting my teeth he did it without any pain to me. It is a great pleasure to me to recommend him and his method of treatment.
MILO M. POTTER.
Prop. Van Nuys Hotel, L. A. and Hotel Potter, Santa Barbara.

Several years ago Dr. Schiffman did some crown work for me which has proven entirely satisfactory. The work was done painlessly and with great skill. It gives me great pleasure to recommend him.
IRVING R. SMITH,
L. A. TIMES.

Ten years ago a reputable dentist of Virginia told me that a certain molar tooth could not be satisfactorily saved, and that it would probably not be of service for one year. It has not only served me for ten years, as Dr. Schiffman saved and crowned it, and comparatively speaking, without pain. I sing his praise.
OWEN M. ANDREWS,

EVENTS IN LOCAL SOCIETY.

MANY society folk are planning to spend the Lenten season in traveling either abroad, or in the East, or at near-by beach resorts. Mr. and Mrs. Ezra T. Stimson of West Adams street will start tomorrow for the East, to be gone for an indefinite period. They expect to visit New York, Chicago, and, in fact, all places of interest along the way.

Mr. and Mrs. Will T. Bishop of West Adams street are on their way to Japan, expecting to be gone more than six weeks, and Mr. and Mrs. W. C. Patterson and their fair young daughter, Miss Hazel, intend to go to their beach home at Terminal for a space of rest. Mr. and Mrs. Alfred Solano of South Figueroa street will spend much of their time at their country home in Hollywood, and Mr. and Mrs. Michael J. Connal of South Figueroa street are planning to leave in the near future for a tour of Europe.

Mrs. Arthur Duncan, a visiting bride.

For Mrs. Ailman.

Mrs. Albert Llewellyn Cheney of No. 651 South Burlington avenue entertained yesterday with one of the most beautiful affairs which has yet graced the week. The function was a most brilliant luncheon at the Country Club, given in compliment to Mrs. Walter Ailman, a handsome visiting woman from Boston. The twelve small tables arranged by Miss Freeman were decorated with peach blossoms, arranged in silver baskets, set on silver doilies, and place cards were dainty conceits adorned with hostess's monogram in silver.

Mrs. Willard Doran and Mrs. Arthur Braly assisted the hostess in entertaining. Mrs. Ailman will leave Thursday for her home, after an enjoyable visit of several weeks.

For Mr. Harvey.

Mr. and Mrs. Elmer Barber of No. 817 South Hill street entertained with a dinner for Fred Harvey of Chicago, who is their guest. Owing to the nearness of St. Patrick's Day, real shamrock adorned the center of the table, and cards ornamented with shamrock marked the places while cards of green cut in shape of shamrocks were scattered over the lace curtains. Covers were laid for Mr. and Mrs. Barber, Fred Harvey, Mr. and Mrs. Charles Wright, Mr. and Mrs. Will Martin and Mrs. Eva McNeil.

One evening, recently, Mr. and Mrs. Barber entertained a party of eight with an automobile drive to Venice, and a concert party at Ellery's Band, followed by dinner at the St. Mark's Hotel.

Mrs. Barker Entertained.

Mrs. William A. Barker, assisted by her mother, Mrs. Berman, Mrs. Arthur L. Smith's literary circle recently. After the talk, the guests were invited to the dining-room, where a delicious luncheon was served. Guests were: Mmes. Severance, Norris, Roberts, Burdick, Keller, Sloan and the Misses Formosa, Henderson, Thorne and Hill.

To Wilson's Peak.

A jolly party of young people, chaperoned by Mr. and Mrs. Ernest Carter, enjoyed a trip to Mt. Lowe Sunday and Monday. The snowstorm was a feature which contributed much to the merriment of the outing. Other guests were Miss Mary E. Walker, Miss Jennie H. Griffith, Miss Frances M. Griffith and Henry Mallman, Osborn Knighten, Lee Gunger and Joseph L. Pike.

Phi Alpha Omega Initiate.

The members of the Phi Alpha Omega Fraternity of the Los Angeles High School enjoyed a meeting at the home of Roy Smith in Hollywood, when they initiated Henry Rivers, Ambert Anderson and Jack Harrigan into the mysteries of the order. Other members present were Ward Smith, Roy Smith, Horace Donnell, Harry Goodman, Donald Goodwin, Hal Maurer and Archibald Kellog. Later an oyster supper was enjoyed.

Howrys Return.

Mr. and Mrs. DeForrest Howry, whose wedding was an event of last month, have just returned from their honeymoon, and are at present visiting the bride's parents, Mr. and Mrs. Fred C. Howes, of Severance street.

Mrs. Hagan Entertains.

Mrs. Ralph Hagan of No. 738 Lake street entertained members of the Westlake Five Hundred Clam, which is comprised of Mmes. W. O. Morton, C. C. Loomis, Jung, A. E. Messerly, Morris, Charles White, Rose Hagan, McArthur, George A. Ralphs, Ames, Frank Bowles, Frank Miller, H. Schuttle, Frank Huggins and A. Andrade. Pink roses were utilized in the decorations and a silver vase and a cut-glass bon-bon dish were the prizes.

Haines' Travel Party.

Saturday evening a special car carried a merry company of about forty to Ocean Park, where they were entertained with a travel party as a fitting celebration of the departure of Mr. and Mrs. C. J. Haines, whose hospitable home at No. 155 Dwight avenue has been the scene of many gay week-end parties during the past two years.

Dr. Ellis of Pasadena received the gentlemen's prize for guessing correctly the greatest number of the cities illustrated. Mrs. Ellis captured the ladies' first prize, while the booby prize, a miniature globe, fell to Mrs. W. P. Howland. A novel feature of the entertainment was a postoffice, where each guest received a beautiful foreign souvenir postal, and partners were found by matching quotations written thereon. Vocal solos by Mr. Pierce and Miss Abbott added to the pleasure of the evening, and last, but not least of the attractions, was an imitation Harvey lunch counter, bountifully laden, to which the guests did full justice during the brief pause for refreshments, after which the party started on the return trip to Los Angeles, all voting the evening a great success.

Balloon Dance.

The Leonidas Club has issued dainty invitations, adorned with golden balloons, to a balloon dance to be given on Friday evening, March 23, at Kramer's Hall, with J. G. Stamm furnishing the music.

Biddles to Visit Here.

Dr. and Mrs. A. W. Biddle and the Misses Julia and Isabel Biddle, members of the well-known Biddle family of Philadelphia, are on their way to Southern California. After passing several weeks at Del Monte they will come to Los Angeles.

At Terminal.

Mr. and Mrs. Lewis C. Carlisle, with their house guest, Mrs. Edward Q. Cordner, have returned from Terminal Island, where they spent the past week at their pretty cottage, the "Lewclaire."

Mr. and Mrs. W. C. Patterson and their daughter, Miss Hazel, and a party of friends are spending a few days at the Patterson cottage at the same beach.

Duncans Return.

Mr. and Mrs. Arthur G. Duncan, who have been visiting in Los Angeles, returned a few days ago to San Francisco. Mrs. Duncan was Miss Hanagan of the north, a popular belle, whose marriage occurred rather unexpectedly a few weeks ago. Mr. and Mrs. Duncan have been entertained while here by a number of friends and stopped at the Alexandria.

Mrs. Pendleton Here.

Mrs. Edward Pendleton, wife of Maj. Pendleton, U.S.A., of Fort Douglas, Utah, is in the city, visiting her brother and sister-in-law, Mr. and Mrs. W. H. Eaton of Casa Alta, East Avenue 41. Mrs. Pendleton is prominent in social circles of the army and is a woman of much charm.

Nauerths to Travel.

Mr. and Mrs. Jacob Nauerth and their daughters, the Misses Nauerth, will leave the end of this month for Europe, expecting to be gone about a year, visiting all places of interest abroad. For the present they have taken a house at No. 1062 Grand View street, where they will receive their friends.

Vrooman's Entertain.

Mr. and Mrs. George W. Vrooman of Toledo, O., entertained with a jolly picnic at their four-acre lemon grove in North Glendale. After a splendid spread, the guests assisted in planting some palms, and the pretty spot was christened "Enola Ranch." Mrs. Andrew Ott of Chicago took pictures of the crowd, with the lemon trees and bright flowers forming an attractive background.

Guests were: Mr. and Mrs. J. R. Poulin of Los Angeles; Mr. and Mrs. E. B. Smith of Toledo; Mrs. M. J. Bitner and Miss Blanche L. Bitner of Los Angeles; Edward S. Fuller of North Glendale; Mrs. Andrew Ott and Rollo Ott of Chicago, Ill.; James M. Auberry of Los Angeles; Mr. and Mrs. W. W. Johnson, Petoskey, Mich.; Mrs. J. H. Winslow, Jamestown, North Dakota; Mrs. C. D. Shurlock and Miss Elizabeth Shurlock of North Dakota; Mrs. Elizabeth Skeel, Menominee, Wis.; Mr. and Mrs. C. D. Hawley, Union City, Mich.; Mrs. W. O. Owens of Los Angeles; Mrs. Fred Harris of Los Angeles; Mrs. Durlocher, Mrs. William Mannasse, Laramie, Wyo.; Mrs. Thomas Homer, Miss Kathleen Homer of Salt Lake; Robins Vrooman and Clemar Johnson of Tonopah.

Herrons Return.

Mrs. Rufus H. Herron and her daughter, Miss Edith Herron, have returned home from the East, where Mrs. Herron has been since the first of the year. She was called there by the illness of her daughter, Miss Herron, who is greatly improved in health and hopes soon to be about as usual.

The young crowd will welcome Miss Herron with delight, as her rare musical talents and sweet manners have always made her a favorite.

Burks Leave.

Mr. and Mrs. Paul Burks have been spending the past few days visiting at the home of Mrs. Burks's mother, Mrs. Bumiller Hickey, of No. 1049 Elden avenue. They left yesterday for their home in Prescott, Ariz. Mrs. Burks, who is one of the most charming of the young matrons, will return in April to act as matron of honor at the wedding of her sister, Miss Edna Bumiller, and Murray Sullivan, of Salt Lake.

Miss Stockard Entertains.

Miss Ethel Stockard entertained members of the Emanon Club yesterday afternoon at her home, No. 2311 Hermosa street. Whist was played, and scores were marked on cards adorned with pretty girls' heads. The first prize was a Bohemian glass bon-bon dish, and the second a hand-decorated Japanese plate. Guests were: Misses Elizabeth and Mignonette Hutton, Lulu and Elizabeth Page, Frances Wartelle, Alice Atwell, Roberta Smith, Alice Goodrich, Hortense Jones, Elizabeth Burns, Emilie Luentzel, Irene Buell, and Mesdames Burwell Holmes, R. K. Wilson and Percival Glenn Winnett.

Notes and Personals.

Mr. and Mrs. T. C. Roseberry, who were recently married, are at home at No. 811 Grand View avenue, and Mrs. Roseberry will receive her friends on Fridays of the month.

Mr. and Mrs. Samuel Faulkner of Chicago are spending a few months on the Pacific Coast, and are guests of Mr. and Mrs. Frederick Fischer, No. 945 Bonnie Brae street, where they will be pleased to see friends Friday afternoons and evenings the remainder of this month.

Mr. and Mrs. J. E. Cook expect to leave next week for the East, and will visit the old home of Mrs. Cook in Marshalltown, Iowa.

Mrs. Willard Arnott will be at home on the first and third Fridays with her mother, Mrs. John T. Rowntree of No. 331 Loma Drive.

Mr. and Mrs. Alfred Solano and Miss Laura Solano will return today from Hollywood, after a few days at their country home.

Mrs. F. W. Braun entertained friends at luncheon Saturday at the Jonathan Club.

SCHOENEFELD'S HONORS.

Captures Large Prize in Big Magazine's Song Contest, and Wins Admiration of Prima Donna.

Henry Schoenefeld, the new director of the Apollo Club, yesterday received notification of rare honors, as the second prize in the Lillian Nordica song competition of the Ladies' Home Journal has been awarded him, carrying with it besides a cash bounty of $300. Mr. Schoenefeld's mail also contained a personal note of congratulation from the prima donna herself, and the check for the amount stated.

The competition has been going on for some months, and thousands of participants entered from all parts of the United States and Canada, and as the field was open to all comers, the race was doubly difficult. Several severe restrictions were imposed, one of which was that the song should not exceed thirty-four measures. Mr. Schoenefeld made this limit look absurd, writing his prize-winning gem in the remarkably small compass of twenty-two measures.

His air is entitled "A Song of Love," and is composed on two simple verses by an anonymous author. The ballad will be published, and included in Mme. Nordica's regular concert repertoire when she next tours the United States.

This is not the first time Mr. Schoenefeld has won in such a melodic battle. Some years ago he took the American symphony prize of $500, Antonin Dvorak being one of the judges. Another great contest was over a piano and violin sonata, in which he captured first place, winning $500 once more.

PERSONAL.

W. A. Flinn, son of Boss "Billy" Flinn of Pittsburgh, is a guest at the Angelus. The young man will spend the next two months in Southern California.

Mr. and Mrs. J. E. Downes of Cincinnati, O., and Mrs. Mears of the same city arrived in Los Angeles yesterday from San Diego. Mr. Downes is a prominent pork packer of Cincinnati. The party will proceed East after a few days stay in this city.

D. C. Heath of the Heath Publishing Company, Boston, is a guest at the Alexandria and will spend the next few weeks in Southern California. Mr. Heath is interested in the National Educational Association, which meets in San Francisco this summer, and said yesterday that the meeting will be one of the best ever held by the association.

Thomas Spellacy and wife of Bakersfield arrived in Los Angeles yesterday after a short tour of Mexico. Mr. Spellacy is principal owner in a large copper mine in Mexico, and during his visit to that country inspected the mining property. He was enthusiastic over the prospects of copper mining in Mexico, and said that Montana would be surpassed as a producer of the metal when the fields of Mexico were more extensively worked.

J. T. Orland of Seattle, accompanied by his wife, is spending a few weeks in the city as a guest at the Alexandria. Mr. Orland bewailed the recent municipal ownership election in Seattle, and said that the greater portion of the substantial business element of the city had been opposed to the idea. "The large number of floaters from the East who have come to our city and were influenced by the anarchistic talk of the backers of the municipal programme, were the ones who carried the day for the municipal ownership party."

Epileptic Fits of Children.

Epilepsy, or fits, in children, is even of greater urgency than in older people. In their active and restless life an attack is liable to come at a fatal moment, and the sunshine of the home will be crushed out of existence. At the very first sign of epilepsy or nervous twitchings or tremblings, Elixir Kosine should be used.

This remedy is the discovery of a well-known Washington scientist, and is the only known cure for epileptic fits. It can be used by all ages and is a positive cure for this dread disease. Off Drug Co. have so much faith in this remedy that they give their personal guarantee that it will cure or else the price, $1.50 will be refunded. Mail orders filled. The Kosine Co., Washington, D. C., or Off Drug Co., Los Angeles, Cal.

Auction Sale Townsite of Benedict March 17th

Don't "do anything" until March 17—the big DAY of PROFIT for scores of thinking home-buyers and investors — 268 choice lots in Benedict Townsite will come under the merciless hammer of the auctioneer on this eventful day.

Benedict is not isolated,—it is the nucleus of a progressive city — 30 minutes from Los Angeles on the Santa Ana Electric line—the centre of a rich agricultural section—the converging point of Pacific Electric and Southern Pacific roads.

The great sugar beet factory, the Pacific Creamery Co.'s factory, the Pacific Electric power house and the Consolidated Lumber Co.'s yard comprise a few of the industrial concerns near Benedict.

Free Spanish Barbecue
The Big Day of the Year
Come and Enjoy it

Benedict has a wealth of resources—it is the logical beginning of a real city. Those who invested in Pasadena 30 years ago, in Redlands 25 years ago and in Hollywood 5 years ago ARE RICH TODAY.

Those who buy at Benedict NOW will lay the basis of a FORTUNE. It is the history of pioneer investments the world over.

Buy Benedict lots Saturday at YOUR OWN PRICE, we don't set the figure, it's YOUR bid.

Lots are 22 to 54 feet wide and 122 to 127 feet deep. The auction sale terms are $25 down and $10 A MONTH.

Several retail establishments will be built at Benedict immediately.

Hold March 17th "open,"—it is BENEDICT DAY—a day for YOU to make money.

Don't let others get all the prizes, get YOUR SHARE.

Prepare for March 17th—NOW.

Sale Comences March 17th at 10 a. m. Cars Leave Sixth and Main Streets 8:50 a. m. Leave Santa Ana at 9:35 a. m.

Sale of Damaged Muslin Underwear

Factory Seconds at Less than Wholesale Cost

Wednesday we place on sale a lot of damaged undermuslins, the accumulation of slightly imperfect goods from one of the best factories. Rigid inspection of the finished product results in many discarded pieces—garments in which there is an imperfection in the weave of material—a rip or tear in the lace or embroidery or skipped stitches.

Anything that takes from absolute perfection causes these garments to be thrown out, though in most cases the imperfection is so slight as to be hardly noticeable, and a few moments' time with a needle will put them in first class condition. This store takes all these garments at a fraction of their real worth, both in muslin and flannelette goods, and tomorrow we sell the muslin garments at decidedly bargain figures. Those of you who participated in the bargains when the flannelette goods were sold a few weeks ago will appreciate what this means. It's a good idea to be here early.

$1.48 Gowns 75c

Made from fine soft-finished materials; round and high neck styles; some with yokes in back and long and short sleeves; trimmings of dainty laces and rich embroideries; values to $1.48, on sale Wednesday 75c

$1.00 Petticoats 49c

White muslin petticoats, cut full and wide; made with flounce and finished with rows of tucks; some with lace ruffles; values to $1.00, on sale Wednesday 49c

$1.75 Petticoats 98c

Muslin petticoats, cut extra full and wide; some are plainly made, others with flounce of tucks, insertions and ruffles; neat open and blind embroidery patterns; on sale Wednesday 98c

$6.50 Petticoats $4.98

New silk petticoats, in black, light and dark colors; cut wide and full in several styles to choose from; with and without dust ruffles; good heavy silks. Values to $6.50. On sale Wednesday $4.98

98c Women's Gowns 49c

High and low neck styles with and without yokes; full and long; long and short sleeves; neatly trimmed with laces; values to 98c. On sale Wednesday 49c

98c Corset Covers 49c.

Made from fine soft materials; yokes in back and front; trimmed both front and back with tucks and insertions; many samples in the lot worth up to 98c. On sale Wednesday 49c

49c Corset Covers 25c

Fine soft-finished materials; yokes of tucks, laces and ruffles; others with trimmed fronts; values to 49c, on sale Wednesday 25c

98c Women's Drawers 49c

Made from soft finished cambrics and muslins; some samples in the lot; ruffles and flounces trimmed with cluster of tucks and rows of insertions; values to 98c. On sale Wednesday 49c

Sale at MAMMOTH SHOE HOUSE 519 S. Broadway

Shoes on Sale

The Mammoth Buys the Big Pomona Shoe Stock.

Shoes at Half Price

The Entire Stock of the Pomona Shoe Co. of 222 W. 2d St., Pomona, Cal., Goes on the Mammoth's Bargain Tables.

In spite of the storm yesterday many people attended the big shoe sale at the Mammoth Shoe House, 519 So. Broadway. Today the sale will be at its best. Thousands of pairs of these shoes are placed on the bargain tables. Many are marked at less than half prices, and some at only a fraction of their original worth. This stock was bought at 52 cents on the dollar, and will be sold in like proportion. It is an opportunity that seldom presents itself. There were no old goods in this stock. The Pomona store was in business a little over a year.

A big lot of ladies' shoes and slippers go on sale at 50 cents a pair.

Men's $2.00 shoes on sale for a dollar a pair.

Many standard brands of shoes for men and women, worth from $3.50 to $5.00 a pair, on the bargain tables for $1.95. Ladies' $2.00 and $3.50 slippers on sale for $1.00 a pair. Children's shoes in every style at big cuts in prices. Come and look over these bargains at the Mammoth Shoe House—519 So. Broadway—between Fifth and Sixth streets.

This Picture Sunday, March 25—Size 10 by 15 inches

Chas. Dana Gibson' Drawings

Will Be Issued as Supplements to the

SUNDAY TIMES

Free to All Readers for Ten Weeks, Beginning Sunday, March 25

The Times will publish weekly a series of instructive articles on "Pen and Ink Drawing," which these splendid and exclusive pictures will supplement.

THESE GIBSON DRAWINGS will be reproduced on separate sheets of art paper, size 10x15 inches, in half-tone black upon a delicate buff-tinted background, all serving to make a perfect picture, presenting the highest example of the art of pen and ink drawing, of which Charles Dana Gibson is the acknowledged master. These pictures are fit to decorate the walls of any home.

THIS IS A UNIQUE NEWSPAPER OFFER

Order a copy of Sunday's Times beginning March 25. There will be an unusual demand in response to this splendid offer. Everybody will want a Gibson Picture. After you get the first one make up your mind then and there as to whether you want the rest of the series. If you decide "yes," then order the other nine issues at once in advance; otherwise you take a long chance of being disappointed. There is just one way of getting this series, and just one time—the way is The Sunday Times, and the time is Now.

URGES TAKING OF HUMAN LIFE

Iowan Seeks Enactment of Law Permitting It.

Humanity Demands It, Says Lawmaker Gregory.

Frames Up Plan for Snuffing Out Vital Sparks.

[SPECIAL CORRESPONDENCE OF THE TIMES.]

DES MOINES (Iowa) March 10.—"A bill for an act requiring physicians to take human life," is the title of a measure introduced in the Iowa Assembly by Representative Gregory this afternoon.

"Nothing but common-sense legislation, to reduce suicides, put an end to needless pain and prevent the rearing of idiotic, hopelessly diseased or hideously deformed children," explained Dr. Gregory after the session had adjourned.

HON. R. H. GREGORY
author of bill requiring doctors to take human life.

"You'd do as much for an old horse who had lost his teeth or broken a leg. Humanity to human animals is what I propose. Chloroform them when they reach a place where life is a burden to them and their relatives. All surgeons do as much even now, but they're taking long chances when they do it. I would make such murder not only legal but compulsory.

"Laugh if you will, but you'll see the day when such a law is in force. It may be a step in advance of our time, but it's bound to come. If you look at my bill you'll find it isn't radical or revolutionary. It contains every reasonable safeguard to prevent abuse of the statute. I assure you no doctor is hankering after such a job as this bill imposes. He will shirk the responsibility if possible. It is only a high sense of duty that ever actuates a surgeon in such cases."

With a bluntness characteristic of a physician, the author of the bill, R. H. Gregory, who not only represents Adams county in the Legislature, but is one of the best known physicians in Iowa, explained the terms of his measure.

BILL'S PROVISIONS.

The bill provides that at least three physicians and the county coroner must unanimously agree upon the necessity for the legalized murder as contemplated by the Gregory measure and that it must be with the consent of the nearest relative and, if practicable, of the patient himself. Any deviation from this requirement subjects those participating in the act to the penalties prescribed for first degree murder. They must report their proceedings to the State Board of Health, where a permanent record of such cases will be kept.

Paralysis, leprosy, cancer, imbecility, numerous hideous or repulsive incurable diseases and the worst kinds of deformity are enumerated by Dr. Gregory among the many illustrations in justification of his bill.

"A friend, who suggested the bill to me," said he, "told of a relative who had been paralyzed for three years, with certain death, lingering and miserable, staring him in the face. That man has been unable to move hand or foot, has to be lifted in and out of bed, has to be fed, has gradually lost the power of sight and speech and yet may live for two or three years. The patient wants to die, his relatives, in their heart of hearts, would welcome his death as a kindness to him, and yet there is naught to do but slowly await death. Under the law I propose, his life would have been painlessly terminated long ago by the administration of an anaesthetic by physicians.

WHY NOT FOR HUMAN?

"Take the case of lepers and you will agree there is no more pitiable lot that can be conceived. They are always confronted by the certainty of ultimate death in horrible and painful form. You would have enough consideration for a pet dog or horse to end his misery with a well-directed bullet, why not do as much for a human being.

"Our State hospital for feeble-minded, our poor farms, our institutions for the blind, our hospitals for insane, all contain many cases in exemplification of my theory. Many of the inmates were in their present condition when born. The attending surgeon would have done a kindness to the child and its parents had he quietly taken its life at the time and said nothing about it. But he would be taking desperate chances without hope of earthly reward. My bill provides a way for legal taking of life in such cases."

By the terms of the Gregory bill, any person of sound mind over ten years of age, enduring great physical pain and believing death inevitable, may call upon a physician to take his life by artificial means. It then becomes the compulsory duty of such physician to summon two other reputable physicians and the county Coroner into consultation. If they agree that death is inevitable or prolongation of life would be attended by extreme pain, they shall then apprise the next of kin or guardian and upon the latter endorsing the (patient's request, they are required to administer some anaesthetic to the patient until life is extinct. Verified reports must then be made to the State Board of Health.

In the case of those of unsound mind or of children, the parent must take the initiative. Otherwise the procedure is the same.

PART OF THE PUNISHMENT.

Probation Officer A. C. Dodds of the Juvenile Court, positively refused yesterday to permit any of the boys and girls in the Detention Home to attend the Norris & Rowe circus next week. This decision was made by Capt. Dodds yesterday afternoon, when he was offered tickets for his charges by the circus management. "No, sirree! They will not be allowed to go," replied the captain, emphatically. "It would not do." Depriving these boys, shut in the old County Jail, of seeing the circus is intended as a part of the punishment to which they must submit for being naughty children, and to make them realize what it means to be locked up because they did not behave. Those children who are out of the Detention Home on probation will be permitted to attend the circus.

Woman's Age.

The thanks of her sex are due Minnie Gaillard, schoolma'am of Sartartia, Tex., for her resistance to an act of oppression in Recorder Goff's court.

Threatened with jail if she did not divulge her age, she stood out for unalienable right of womanhood to keep that secret inviolable. The toss of her head and the snap of her jaws as she defied the efforts of the District Attorney to extract the incriminating evidence deserve to go on record in the annals of freedom along with the firing of the shot heard round the world.

When the women of Colorado go to the polls to vote, the highest judicial tribunal in the State cannot force them to tell their age. They are "above 21," and that in the law's chivalric view is enough. It is all the marriage-license clerk requires to know. On the subject of the age of ladies of title the Almanach de Gotha and Burke's Peerage are discreetly silent, though less considerate of mere princes and dukes.

Is not the authority ample? Thus bulwarked by sound legal and social precedents, Miss Gaillard stands on uncontrovertible ground.—[New York World.

Our new location will be 438-444 South Broadway. The new modern building is almost ready.

PARMELEE-DOHRMANN CO. GOES TO BROADWAY

The greatest china stock in the Southwest is involved in this great removal sale.

Our new home is almost ready for us, and we're not nearly ready for it. We simply can't move all of this great stock. 'Twould mean an unreasonable expense. It must be sold—at least, a great portion of it, right away quick. Time is so short we resort to radical price reducing. Such reducing as will give this sale notoriety and bring here at once a throng of economical buyers who can appreciate extraordinary values.

Great Crowds Attend the Big Removal Sale

Such crowds—eager and anxious, every day—getting bargains—satisfying, genuine bargains. The crowds are coming here for no other reason than that great money saving opportunities are here for them and for you.

'The time is so short—the bargains are so great you can't well afford to delay—not a day. This sale must soon close. Why don't you buy now in anticipation of your future needs? That's the economy that counts.

The prices quoted in this ad are not extras. There's a whole store full of just such attractions awaiting you here. The few prices quoted simply give you an idea of the savings and impress upon you the importance of prompt action.

Final Wind-Up of This MONSTER SALE

ONLY SIX MORE DAYS LEFT BEFORE MOVING REDUCTIONS GREATER THAN EVER

The remainder of our stock and the sample lines of Heywood Bros & Wakefield Co.(which we secured in a recent gigantic purchase) will be closed out this week at a great sacrifice. This last week will eclipse all former weeks in value-giving. Every article is especially marked to move it quick. Not a vestige of this stock will remain, for deep cut prices prevail in every department. We realize that to dispose of the remaining stock in so short a time we must resort to strenuous measures.

THE REMARKABLE VALUES OFFERED AT OUR

First Annual

Clearance Sale

have kept our store almost constantly filled with customers, even in spite of the inclement weather of the past few days. Such great reductions should be sufficient to bring every person in Los Angeles who is in need of anything in the Furniture, Carpet, Rug, Drapery or Bedding line to our store. You will secure the best values in the city, and will

Save 15 to 50 Per Cent. on Any Article You Buy

We are offering these sweeping reductions on our entire stock, and not a single piece is reserved from this great sale. While we are able to mention only a few of the great specials here, remember the special sale prices cover our entire stock.

SECTIONAL BOOKCASES AT LESS THAN COST

We have a large assortment of one of the best makes of sectional bookcases on the market, in all of the best finishes, weathered oak, golden oak, plain oak and mahogany finish. They are priced much below the actual first cost, without the additional cost of handling and shipping. We can furnish you with middle sections made of golden elm, with open front, for $1.45, or we will sell middle sections having glass doors, well made and finished, for $1.85 each. All the other sections are at similar reductions.

Bedding at Reduced Prices

Do not miss this chance to lay in a supply of blankets, comforts, sheets, pillow slips, etc. You will not have another opportunity of this kind for some time. The saving is enough to make it worth your while.

GOODS PURCHASED AT THIS SALE WILL BE DELIVERED AT THE CONVENIENCE OF OUR CUSTOMERS

come the fad among all lovers of indoor exercise.

It combines grace, alertness and a clear eye, and develops every muscle of the body, while affording excellent exercise for both ladies and gentlemen.

Although the hero of four duels, in which he came out winner, Prof. Alberti is opposed to challenges for exhibitions, but will always take on the best fencer in a friendly exhibition. He comes from an old Italian family. His father being a lieutenant-general in the Italian army, where Alberti served as a lieutenant.

Private fencing clubs are being formed, and there will be fencing evenings numbered among the features of the Academy.

Pomona will see another basketball game on Saturday when the girls' team of the Los Angeles High School goes out to the college town to play against the country maidens. The city girls are confident of winning, as they have had plenty of practice this year and have been putting up a good quality of ball.

THE INFLUENCE OF WHAT WE EAT

Why People Are Especially Susceptible to This Influence.

The nourishment taken by body and mind, the extent to which this nourishment is assimilated, the form and proportions in which it is taken into the system, the amount of food and drink consumed, and the care given to the body and its various functions—all profoundly affect the health.

As "Good Housekeeping" in an editorial suggests, health depends not so much on the nourishment taken into the stomach as on the extent to which this nourishment is taken up by the system. Malta-Vita, the perfect malted whole-wheat food, so rich in nourishment containing every food element necessary to the sustenance of the human body and mind, is readily assimilated, even by the weakest stomach, because of the large percentage of maltose, or malt sugar, which it contains. Maltose is a natural sweetening agent and forms rich healthy blood.

Malta-Vita is not at all like the tasteless variety of breakfast foods. Always ready to eat. For sale by all grocers.

*The maximum is for day before yesterday; the minimum for yesterday. The mean is the average temperature for the two days.

Yesterday's Forecast and Report.

U. S. WEATHER BUREAU, Los Angeles, March 13.—[Reported by George E. Franklin, Local Forecaster.] At 5 o'clock a.m. the thermometer registered 52 deg.; at 5 p.m., 56 deg. Relative humidity, 5 a.m., 66 per cent.; 5 p.m., 60 per cent. Wind, 5 a.m., west, velocity 7 miles; 5 p.m., west, velocity 10 miles. Maximum temperature, 61 deg.; minimum, 48 deg. Rainfall past twenty-four hours, .45 inch; rainfall for season, 12.76 inches.

Weather Conditions.—The storm is moving slowly southeastward, and it is central this morning in southern Utah. The rain area accompanying the storm covers California, Southern Arizona and Western Texas, and an area of snow extends from the Rocky Mountains to the Great Lakes and the Middle Atlantic States. The barometer is rising rapidly on the Pacific Coast, and the conditions are becoming favorable for settled weather in this vicinity. Occasional showers are possible tonight, followed Wednesday by fair weather, though with some cloudiness. Very cold weather prevails on the North Pacific Slope. Baker City reports a minimum temperature of 6 deg. below zero, and killing frosts occurred at Portland and Tacoma.

Forecasts.—Local forecast for Los Angeles and vicinity: Possibly showers tonight; Wednesday, partly cloudy; fresh southerly, changing to brisk west wind.

SAN FRANCISCO, March 13.—Weather conditions and general forecast. The storm is moving slowly eastward, and now overlies Utah and Western Colorado. There is snow in the mountains of California, but conditions are becoming more favorable for fair and warmer weather. Forecast:

San Francisco and vicinity: Occasional light showers Wednesday; light south winds.

Los Angeles and vicinity: Cloudy Wednesday; possibly light showers; light southwest winds.

Sacramento Valley: Cloudy Wednesday; possibly light showers; light south winds.

San Joaquin Valley: Cloudy Wednesday; possibly light showers; light west winds.

Coast: Light showers Wednesday.

Nevada: Light snow flurries, warmer, Wednesday.

Arizona: Fair Wednesday and Thursday, except rain Wednesday in north portion.

YUMA (Ariz.) March 12.—[Exclusive Dispatch from the U. S. Geological Survey.] Gauge height Colorado River, 18.90 feet.

Local Citrus Movement.

Shipments of citrus fruits from Southern California for March 11 and 12 consisted of 163 cars of oranges and 19 cars of lemons. This gives a total for the season of 11,642 cars, of which 1228 cars were lemons. For the same period last season, 12,512 cars were shipped, of which 970 cars were lemons.

LOCAL PRODUCE MARKETS.

Trading at the produce market yesterday was of increased volume as result of the clearer weather, but the improvement was hardly up to expectations, and with current supplies equal to requirements, prices were without important fluctuations.

Receipts of local ranch eggs were the largest of the season yesterday, showing a total of 807 cases. There was considerable double among the egg jobbers as to whether the receipts offerings; the rumor circulated being to the effect that over 600 of the cases received were more than likely a carload of eastern storage that might have stolen in unannounced. The market was quoted firm at 19 cents.

Butter arrived in heavy shipments, also, showing a total of 27,115 pounds. The general undertone was steady, without any changes in the quotations.

In talking with an orange grower at the market yesterday he stated that the outlook for navel oranges is better than it has been for many years. Packers and shippers are kept busy meeting the eastern demands. At last, buyers are convinced that the orange crop is short. Action on prices are ruling high and f.o.b. orders at $1.75 are turned down by packers. It is expected that this month will see f.o.b. at $2.50. Commission men in the East, as well as packers of the State are buying in the field and on cash California looks good to the grower. The lemon market is in an excellent condition, and the current demand is more than sufficient for the available supply.

The average price for lemons is satisfactory, though below that of last year at this time. It is difficult to estimate the annoyance and loss that might occur to the grower and shipper from the Supreme Court decision by which they are deprived of right to select their own cars. The railroads claim that no loss of time or any hardship is worked to the orange industry. The burden of proof to the contrary rests with the railroads.

The market for prime quality potatoes ruled firm at full previous prices, but under sluggish trade easiness was reported in the cheaper grades.

Receipts of vegetables were extremely light on account of the rain. Peas were firm at 7½@8; asparagus weaker at 7½@8; wax beans are very scarce.

Halibut was the only fish that was plentiful yesterday.

The receipts of produce as reported as yesterday's exhaust were as follows: Eggs, 807 cases; butter, 27,115 lbs.; cheese, eastern, none; 673 lbs.; potatoes, 1420 sacks; onions, 325 sacks; beans, none; sweet potatoes, none.

Prices Current.

Following are the jobbing prices in the Los Angeles market:

EGGS—Candled, fresh California ranch, 19.

BUTTER—Fancy local butter, 2-lb. sq., 25; choice Coast creamery, 24; fancy Coast creamery, 25; fancy storage creamery, 24; choice storage creamery, 23; fancy storage creamery, 22; fancy eastern cubes, 25 lb.; choice eastern cubes, 24; dairy, 20; ladles, 20; choice eastern cubes, 24; fancy eastern cubes, 25 lb.

NEW YORK MARKETS.

SHARES AND MONEY.

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, March 13.—Today's market showed little change from the neglected state of yesterday, and was almost idle for long period during the day. Options were in the hands of the smaller class of professional traders and the inconsistent tendency of prices gave an impression of a vacillating opinion on the market by this element. As a matter of fact, the occasional shifting in the course of prices probably represented nothing more than the extension of the fictitious transactions of the traders to the limits to which they dared to go to carry them in the entire absence of the public and of the larger class of operators out of the market. Prices inclined lower during the early part of the day, then recovered rather more than the decline with considerable growth in activity. Strength in special stocks had much to do with directing the course of prices. American Smelting and National Lead once more moved upwards on a repetition of the merger story. Brooklyn Transit was bought on the assumption that Sunday's large business was the herald of an early season in the resort business, without regard to a light fall of snow today. Among the more prominent market leaders, the good resistence offered by Union Pacific and, after an early yielding, by Reading, had a sympathetic effect in improving the tone of the whole market. Amalgamated Copper and Schloss Steel responded to the favorable annual report. Foreign markets were somewhat depressed again by the reported hitch in the Moroccan conference. Discount rates in London and sterling exchange rates fell back at Paris and Berlin, and rates for call and time loans were lower here. The upward movement gathered force with the driving-in of short interests late in the day, the closing was active and near the top level of the day's total sales, par value $1,475,000. Bonds were heavy; bonds were all unchanged on call.

B F Crutchfield to Leonard F Case, lot 8, block 11, Garvanza, $50.

ONE TRUST COMPANY'S STOCKS.

I. W. Hellman left Los Angeles on Monday evening more than well satisfied with the public demand for stocks in the new trust company about to be organized by himself and his associates. The capital stock is to be $1,000,000 all paid up, in shares of $100 per share. The stock is already oversubscribed five times. It will be several months before the institution is opened and in the mean time preliminary steps are being taken, looking toward the organization of this new financial venture.

Investors, Attention!

We are organizing a syndicate to purchase and subdivide one hundred acres at *PESCADERO BEACH, about half way between San Francisco and Santa Cruz.*
The land includes 2000 feet of splendid ocean frontage, and also *the only safe and convenient salt water bathing place* between the two cities named, which is in itself an asset of great value.
The new Ocean Shore Electric Railway running between San Francisco and Santa Cruz, which will be completed next September, will connect with Pescadero Beach, and also the projected Pescadero Valley line, a branch of the Ocean Shore road.
Only forty minutes from San Francisco.
Within five minutes' walk is Pebbly Beach, where moonstones and other semi-precious stones are found in great quantities.
Good trout fishing may be had within easy walking distance, and the salt water fishing is excellent. Wild fruits, berries and flowers abound.
This is without question the best beach property between San Francisco and Santa Cruz. Our syndicate should clear at least

Three Hundred Per Cent. Profit

Investors with $1000 or more to place are invited to join this syndicate. Call early, as the opportunity is exceptional. Full information at our office.

Opening Sale of Wash Goods

Some of the most desirable weaves in the popular priced lines, but are such values that you can not hesitate to make selections for some of your summer garments.

Broche Novelties, Yd. 20c
One of the new Spring textiles for dresses, shirt waists or skirts; pretty patterns with embroidered figures; are in all the most wanted of the new colors, and are very much underpriced.

Taffeta Madras, Yd. 25c
Another popular new textile for spring, and can scarcely be distinguished from the pure silk. The patterns are neat checks in black and white or in colors. The material is 27 inches wide and highly mercerized.

Moro Pongee, Yd. 35c
Plain colors of gray, tan, green and blue; also checked and striped patterns; is a soft wash textile for shirt waists and suits; 28 inches wide and equally as pretty as any shown in other stores at 50c.

English Dimities, Yd. 16 2-3c
Handsome floral patterns in the ever popular Dimities. The flowers are mostly carnations and roses; are on white grounds; will launder perfectly as the colors are fast, and will make up into a handsome costume; are the popular 28-inch widths.

Silk Zephyrs, Yd. 50c
One of the most wanted of the new Spring wash fabrics; handsome yet durable; are in small neat checks and French patterns; light and medium colorings of lavender, blue, gray, pink, green and others of the wanted shades; are 30 inches wide.

Exclusive Pattern Hats $14

A special showing for the opening days of the most complete assortment of the very latest models. And include a white dress hat of baby Irish lace with Dresden ribbon and shaded lilacs; a French sailor of pink hair braid and maline with moss rosebuds and plumes; a brown Panama suit hat with American beauty roses and Tsi An aigrette. Any of them good values at $20.00, specially priced as an opening sale leader at..... $14.00

Paris Pattern Hats at $29.00

Handsome millinery from four of the foremost Parisian establishments—Mme. Georgette, Suzanne, Caroline Reboux and Mme. Virot. One is a mushroom model of natural leghorn with trimming effect in baby pink and blue; another a picture hat of Lierre lace with La France roses and plumes; still another a white evening hat of hair braid and hand-made lace with large French plumes and pink rosebuds. Opening sale price..... $29.00

$15 Silk Suit $10

Fancy silk shirt waist suits, of a good quality taffeta; both the waists and skirts plaited in the very latest style; there are a few waists in the lot of plain black silk, but not one of them worth less than $15.00. Priced for the one day only..... $10

$7.50 Taffeta Silk Waists $5.95

The handsomest assortment of new popular shirt waists to be found in Southern California. Are in all the wanted shades of the popular colors; of good quality taffeta; elaborately trimmed on front and back with Valenciennes lace in new patterns; have three-quarter length sleeves, and are right up to the minute in style. Good values at $7.50, priced for Wednesday at, choice..... $5.95

"NONPARIEL" SILK HOSE 35c
A handsome plain black hose of the new "Nonpariel" silk, also imported Hermsdorf lisle thread hose, white tipped, and allover lace or ankle-length hose in plain black cotton; all of them made with extra spliced heels and toes and positively 50c values. Priced for the last of our opening days at, choice..... 35c

WOMEN'S LISLE UNDERWEAR 50c
A special leader from our new Spring and summer lines of knit garments, comprising a lot of 50 dozen, including Jersey ribbed lisle vests, high neck, long sleeves, with ankle or lace trimmed pants to match; and low necked, sleeveless vests, either lisle or Vega silk; some are lace trimmed, others have hand crocheted yokes, but all of them are the newest and best values ever offered at..... 50c

$1.50 STOCKS AND JABOTS 35c.
New neckwear of lace, Chiffon, Messaline silk, Batiste and Swiss embroidery; also silk muslin; some in stocks with Anglaise embroidery; others embroidered tabs in all white or contrasting colors; still others hand-made of folds and fagoting, with jabots of lace and chiffon or of silk muslin, with braid and Valenciennes lace; values up to $1.50. Choice..... 35c

$5 French Jewelry Novelties At Half Price

We have taken all of the French novelty jewelry which we import direct, and on which our regular price has been $5.00, and for the last of the Spring Opening days mark them at just one-half price. Such novelties are not shown in other stores, for they were purchased specially for ourselves. The assortment consists of watch pins and all styles of brooches in different shades of burnt or oxidized gold, mounted with real fresh-water pearls, genuine French brilliants and every other popular stone; every piece high-class, best of workmanship, and sell here regularly at $5, and would sell in exclusive jewelry stores up to $7.50—yet all of them for Wednesday are priced at, choice..... $2.50

$7.50 Chatelaine Watches $3.86
A fine 11-jewel woman's chatelaine watch, enameled or solid silver; engraved or plain case; fitted with solid gold bow and stem; guaranteed to keep accurate time, and are kept in perfect repair free for a year. If you are not satisfied with the purchase we will cheerfully exchange it or refund your money. They are $7.50 value, priced as a sale leader Wednesday... $3.86

$3.00 Mission Clocks $1.68
A handsome bedroom or parlor ornament; fitted with good movements. They are in the stylish mission pattern with windmill on top and Dutch paintings on glass; have large brass numerals on dial and every one of them fully guaranteed; are positively $3.00 values and specially priced as a sale leader Wednesday only, choice..... $1.68

WATER SHUTS WATER OFF.

CLOUDBURST NEAR SUMMERLAND BREAKS SUPPLY PIPE.

High Wind and Rough Sea Carry Away Four Hundred Feet of Marine Wharf—Trains in Santa Barbara County Are Tied Up by Washouts at Various Places.

[BY DIRECT WIRE TO THE TIMES.]

SANTA BARBARA, March 13.—[Exclusive Dispatch.] A cloudburst above Summerlands washed out 500 feet of water pipe and that settlement is without water supply, making it necessary to shut down most of the pumping plants.

A hard wind and rough sea this afternoon carried away 400 feet of the marine wharf at Summerland and broke some piles out of the Southern Pacific wharf. The marine oil wharf is owned by a Los Angeles company headed by Mr. Busch.

TRAINS IN TIE-UP.

Traffic has been tied up here all day on account of washouts near Burbank and Santa Paula. Several trains from the north were doubled back from this city without going further south. The afternoon local got no further south than Santa Paula and turned back from that station.

Three trains from Los Angeles that were run over the old line between Santa Susana and Burbank reached this city tonight.

A Perfect Product.

Evaporated Cream or Condensed Milk that does not exceed some city ordinances in richness is deficient in butter fats, and is not a suitable diet. Borden's Pioneer Brand Evaporated Cream is richer by 50 per cent. than most other brands. It is the best and most economical Evaporated Cream on the market.—[Adv.

REAL CELTIC WELCOME.

Enthusiastic Unification of Feeling Shown Last Night at First Club's Dinner to Dr. Hyde.

The Celtic Club gave last night a royal welcome to Dr. Douglass Hyde. The welcome was enthusiastic with the spirit that seems to belong to the Celt more than to any one else. It comes with red blood, but there is something more to it. It combines the pride of the will unconquered by trouble, the heart to endure to the end, and an illimitable hope for the future, which is the daughter of the Celtic ideal and imagination.

The men at the tables had the rollic and verve and snap of college boys, yet in everything that was said and sung there was a tenderness that men usually conceal, and behind it a sincerity and purpose. They were dead in earnest. The Celts were opening the doors of their universities when the Anglo-Saxons were running the forests, and every one present seemed to feel that he was personally disloyal to his race if he wasn't assisting in the spread of civilization at this day.

The unification of Celtic feeling was remarkable. They yelled themselves hoarse when Gregor McDonald marched down the room skirling on the pipes, from which floated the plaid of the Stuarts. They yelled themselves hoarser when Joseph Scott referred to the time when Robert Emmet would have his monument in Dublin. Anything for the good of the Celts provoked applause, and when they couldn't yell, they sang. At the last, Rev. Mr. O'Brien made a little preachment, taking "E Pluribus Unum" as a text—showing how just as the branches of the Celts were one family, so the Celts were part of the nation—whereat they yelled some more.

After the banquet there were several songs in Welsh and Gaelic by various members of the club. Then the chairman, Rev. Malcolm McLeod, introduced the speakers. David T. Jones of Pasadena welcomed Dr. Hyde on the part of the Welsh. Edmond Mitchell spoke for the Scotch and Joseph Scott paid the tribute of the Irish. Dr. Hyde replied in a short speech in which he thanked the club for its welcome, and emphasized the unification of the Celts.

Bishop Hamilton of San Francisco and Rev. Mr. O'Brien then added a few words. Just before the club adjourned Dr. Hyde was proposed for the first honorary member of the first Celtic club in America. The motion was wildly carried, and Dr. Hyde thanked the club again, not so much for himself, he said, as for the men he had left in the thick of things back in Ireland.

UNDER HIS PILLOW.

Man Reports Robbery to Police, but Check Is Found in Bed Where He Slept.

In the future when A. C. Byariayac retires for the night he will make a note of where he stores his money. Early yesterday morning he reported to the police that he had been robbed of a check for $185. According to the story he told at that time, he had engaged a room for the night on the preceding day at No. 932 South Main street, and at 2 o'clock in the morning three men entered the room and robbed him of the check. He furnished the police with a complete description of the men, and told how he had been forced to give up the check.

Officers were put to work on the case last night, and when a patrolman called at the rooming-house he was informed by the landlady that the man who claimed to have been robbed had left his pocketbook under his mattress when he left the house. The officer opened the pocketbook and found in it a check for $185. It will be turned over to its owner if he appears at the Police Station today, but he will probably receive, in addition, free of charge, a lecture on truthfulness.

THIEF GETS A WAGON.

George Afrans of No. 725 Howard street reported to the police last night that some enterprising thief had stolen a wagon from a shed in his back yard. Afrans said that when he returned home last evening after his day's work his small daughter informed him that during the afternoon, while she was playing in the back yard, a man had come with a horse, hitched it to the express wagon, which stood in a shed and drove away. Thinking that some friend had borrowed the wagon without the formality of asking for it, Afrans attempted to locate the vehicle, but failed to find it in the possession of any of his friends, so notified the police of his loss. Sneak thieves have been active of late, but it is seldom that a thief has the temerity to go into a man's barn in broad daylight, and in the presence of his family, steal a spring wagon. The police are working on the case.

Headaches and Neuralgia from Colds.

Laxative Bromo Quinine, the world wide cold and grip remedy, removes the cause. Call for the full name and look for the signature of F. W. Grove. 25c.
